- (a) For all work performed on Sunday (8:00 a.m. Sunday to 8:00 a.m. Monday) and on holidays as specified in Article XVII of this Agreement.
- (b) For all work in excess of eight (8) hours in any one day.
- (c) For work performed on an employee's designated day off as provided for in Section 3 herein.
- (d) For work in excess of forty (40) hours average per week. By average is meant the number of weeks mutually agreed upon in advance as the correct schedule.

(2) Tour Workers

- (a) For all work performed on Sunday (8:00 a.m. Sunday to 8:00 a.m. Monday) and on holidays as specified in Article XVII of this Agreement.
- (b) For all work in excess of eight (8) hours in any one day except:

- (c) For work in excess of forty (40) hours average per week. By average is meant the number of weeks mutually agreed upon in advance as the correct schedule.
- (d) For work performed on an employee's designated day off as provided for in Section 3 herein.

In the payment of overtime on the bases provided above, the one basis which results in

the payment of the largest amount of overtime shall be used.

(3) Banking of Overtime

(i) Tour Workers who work in excess of eight (8) consecutive hours shall have the option of receiving the overtime premium on the basis of this Section or of receiving straight time for hours in excess of eight (8) consecutive hours and taking equivalent time off in units of not less than four (4) hours at the hourly rate for the job when the work was performed, at a time suitable to the employee and the Company during the contract year. Any overtime remaining at the end of the contract year in which it is banked may be carried over to the next contract year for purposes of taking equivalent time off. If equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half premium pay. Tour Workers who choose to bank overtime may later re-elect to receive the deferred one-half premium pay.

(ii) Day Workers who work in excess of ten (10) hours in a day shall have the option of receiving the overtime premium on the basis of this Section or of receiving straight time for hours in excess of ten (10) hours in a day and taking equivalent time off in units of not less than four (4) hours at the hourly rate for the job when the work was performed, at a time suitable to the employee and the Company during the contract year. Any overtime remaining at the end of the contract year in which it is banked may be carried over to the next contract year for purposes of taking equivalent time off. If equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half premium pay. Day Workers who choose to bank overtime may later re-elect to receive the deferred one-half premium pay.

(iii) When the banked time off is requested in writing seven (7) days in advance, employees shall receive written notice of the disposition of their request a minimum of seventy-two (72) hours prior to the requested time off. The payment of overtime shall not be a factor in cancelling approved time off.

Section 3: Days Off and Schedule of Shifts

(a) The Company will designate regular periodic days off for each regular employee and will not change such designation without notice except in the case of breakdown.

In the event the day or days off are changed to follow the original designated day or days off, then forty-eight (48) hours notice will be given in advance of the original day or days off. In the event the day or days off are changed to precede the original designated day or days off, then forty (40) hours notice must be given in advance of the new day or days off.

When sufficient notice is not given prior to the initial day or days off, then overtime will be paid for work performed on the original day or days off.

The employees may change their day or days off by mutual arrangement with the Foreman and the Shop Steward of the department concerned without penalty to the employer.

(b) Where a system of days off is now in effect, same shall remain in effect as long as mutually satisfactory to the Union and the Company, it being understood that this has reference to the mill system of days off and not to the individual employee's days off.

(c) When the Company changes an employee's shift schedule after the start of the week without notification being given during the first eight (8) hours of his/her last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time day rate for the first shift worked resulting from the change.

If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shifts when the employee returns to his/her previously established shift schedule.

When an employee's established shift schedule is changed, the Company will, whenever practicable, notify the employee personally of the change.

(d) Where an employee is temporarily off work because of a shutdown of his/her job, department or plant of more than ten (10) days duration, the employee's regular schedule of hours per day and days per week, including his/her starting time and designated days off, shall, commencing with the eleventh (11th) day of such shutdown, be considered as having been suspended and shall not be in effect for the balance of said shutdown.

Call Time shall not be payable for assignments to extra work during such latter period or for assignments in connection with the resumption of operation of the job.

The ten (10) day period referred to above shall be exclusive of any recognized paid Statutory Holidays which may fall therein.

Section 4: Starting and Stopping Work

(a) Tour Workers

When a tour begins, each Tour Worker is required to be in his/her place. At the end of a shift no Tour Worker shall leave his/her place to wash up and dress until his/her mate has changed his/her clothes and reported to take on responsibility of the position.

If a Tour Worker does not report for his/her regular shift, his/her mate shall notify the Foreman. He/she shall remain at his/her post until a substitute is secured, and, if necessary, he/she shall work an extra four (4) hours. If work in excess of twelve (12) hours is required by refusal of a mate to report in, or when no other qualified relief is available, then the employee shall complete the extra shift. It is the duty of a Tour Worker to report for his/her regular shift, unless he/she has already arranged with his/her Foreman for a leave of absence. If unavoidably prevented from reporting, he/she must give notice to his/her Foreman, or at the office, if reasonably possible, at least four (4) hours before his/her tour goes on duty.

(b) Day Workers

Day Workers shall be at their respective posts ready to begin work at the time their pay starts and shall not quit work in advance of the time their pay stops. For example, if a Mechanic's pay time is from 8:00 a.m. to 12:00 noon, and from 1:00 p.m. to 5:00 p.m., he/she shall be at his/her post ready to work at 8:00 a.m. and 1:00 p.m. and shall not quit work until 12:00 noon and 5:00 p.m.

Section 5: Meal Tickets

(a) Tour Workers

A meal ticket shall be provided to any Tour Worker required to work more than nine (9) consecutive hours. If he/she continues to work, a meal ticket shall be provided every four (4) hours thereafter. When an employee has to work one extra shift he/she is entitled to receive one meal ticket at the start of the shift and another meal ticket four (4) hours later.

(b) Day Workers

Any Day Worker required to work more than one (1) hour beyond the end of his/her regular scheduled eight (8) hour shift, shall receive one meal ticket. If he/she continues to work, a meal ticket shall be provided every four (4) hours thereafter.

(c) All Workers

An employee scheduled into work with less than 2 hours notice at a regular meal time will be given a meal ticket immediately and every 4 hours thereafter. If the employee is scheduled into work with less than 2 hours notice at times other than regular meal times, the first meal ticket would not be given but he/she would receive a meal ticket every 4 hours thereafter.

A Night Shift Differential of fifty (50) cents per hour will be paid in addition to the hourly rate on all work performed between the hours of 12:00

(c) Night Shift Differential will not be paid to Day Workers who are scheduled on the normal day shift, but will be paid to Day Workers for work performed on other than the normal day shift hours worked after 4:00 p.m. in accordance with paragraph (a) above, or after 3:00 p.m. in accordance with paragraph (b) above.

(Note: The Company shall not include the Night Shift Differential with any employee's wage rate for the purpose of calculating overtime.)

Section 3: Continuous Operation Premium

Employees who are employed on a continuous 20 or 21 shifts per week schedule will receive thirty-five (35) cents per hour for all hours worked while on that schedule. This premium will be paid in addition to the hourly rate and will be applied in like manner to that of the Night Shift Differential.

When a day worker is required to report for work in accordance with (a), (b) or (c) above, he/she shall receive one (1) additional Call Time payment if the initial call-in was to perform emergency work and he/she is then required to perform work other than that which necessitated the call-in.

Section 2: Payment

- (a) The employee shall receive a minimum payment of four (4) straight time hours pay including payment for Call Time and time worked, but not the payment provided in Section 1(d).

It is understood that such reimbursement shall not be for hours in excess of eight (8) per day or forty (40) per week, (forty-eight (48) per week where applicable under the forty-two (42) hour averaging schedule). Section 4: Joint Labour/Management Safety Conference

(1) A Joint C.E.P., Industry Safety Conference of two (2) days duration will be held annually in October or November.

(2) It shall be the basic aim of this Conference to develop a sincere desire by both Union and Management, at all levels, to promote a real joint safety program in the mill.

(3) Not more than two (2) accredited delegates from the Union may attend the said safety conference and they shall be compensated by the Company for any loss of wages incurred as a result of their attending the said conference. It is understood that travelling and living expenses of those delegates will not be paid by the Company.

(4) The Mill Manager, senior company officials, and representatives of the Workers' Compensation Board will be encouraged to attend. The attendance of senior company officials and the Mill Manager is desirable for discussions with union mill delegates, even if the amount of representation is increased in some instances. Additional delegates of either labour or management will be permitted to attend on an observer basis.

(5) The agenda to be confined to those matters of vital interest to the pulp and paper industry with a view to establishing recommendations as a guide to member mills and local unions. Agenda items must be submitted, either singly or jointly, to the office of the National Union and to the Pulp and Paper Industrial Relations Forum not later than April 1, each year.

(6) The Planning Committee shall meet no later than thirty (30) days prior to the established date of the conference to draft the agenda from items submitted.

(7) This Planning Committee shall be composed as follows:

- (a) Three (3) Management members from Plant level.
 - (b) Two (2) members from the Forum level.
 - (c) Three (3) members from the Communication, Energy and Paperworkers Union who are the respective delegates from their locals.
 - (d) Two (2) members from the C.E.P. National level.
- (8) One-half (1/2) day of the Safety Conference shall be set aside for open discussion on safety problems; the rest shall be pre-planned by the Planning Committee with emphasis on industry-wide problems.

ARTICLE XXIX - ENVIRONMENTAL PROTECTION

If the Union requests, a Joint Environmental Protection Committee will be established at the mill.

The purpose of the Committee will be to function as a communications group to receive information, review problem areas, and make appropriate suggestions.

ARTICLE XXX - DISCIPLINARY ACTION

The Company has the right to discipline or discharge employees for just and reasonable cause.

An employee who has been given a written reprimand may, after two (2) years without further discipline on his/her personnel file, request a review of their file to have the reprimand removed. However, the final decision to remove the written reprimand remains with Management.

ARTICLE XXXI - ADJUSTMENT OF COMPLAINTS

Preamble It is mutually desired and intended by the parties that any dispute or complaint arising out of the interpretation of this agreement will be communicated by the employee to their supervisor in order to provide an opportunity for discussion and

timely resolution, prior to the issue becoming a grievance.

If an employee is not satisfied with the resolution offered by their immediate supervisor they may then initiate a grievance.

Section 1: Grievance Procedure

The grievance procedure is designed to resolve, as quickly as practical, disputes or complaints as to the interpretation or operation of this Agreement.

Step One In the event that a written grievance is submitted arising out of the interpretation or operation of this Agreement, except in cases of discharge or suspension, the employee shall continue to work as per the conditions existing prior to the time the dispute arose. The grievance shall first be taken up with the immediate supervisor by the employee with the shop steward. The supervisor will answer the grievance within seven (7) days of receiving the written grievance.

Step Two If there is no satisfactory resolution at first step the union may within seven (7) days, advise the department supervisor that the employee intends to proceed with the grievance. The department supervisor and chief shop steward will then have fourteen (14) days from the date of notification to deal with, and answer, the grievance. Grievances other than those of individual employees may be initiated at Step two by either party.

Step Three If there is no satisfactory resolution at second step then either party may, within seven (7) days, refer the question to the Standing Committees by advising the chairmen of the Standing Committees of the intention to proceed with the grievance. The Standing Committees will then have thirty (30) days to deal with and answer the grievance.

Step Four If there is no satisfactory resolution at third step then the question may, within seven (7) days upon written request from either Standing Committee, be referred to the President of the Local and the Senior Mill Manager who will then have thirty (30) days to deal with and answer the grievance. Either party may elect to involve outside help at this step such as a regional Union representative and or a

Management representative from outside of Elk Falls.

Step Five If there is no satisfactory resolution at fourth step then the matter may, within thirty (30) days, be referred to an Arbitrator.

The time periods may be extended by mutual agreement by Management and the Local Union.

Where a grievance arising from the discharge of an employee progresses to arbitration, either party may elect, in writing, to utilize the procedure outlined in Section 5 below as an alternative to the arbitration procedure set out in Section 4.

Section 2: National Officer

It is understood that in all discussions concerning grievances, any National Officer may accompany the Union Standing Committee in their meetings and the National Officer may call upon members of the Union Standing Committee or any other employee to accompany them in their meetings with Company officials.

Section 3: Time Limit

(a) In the event a grievance has not advanced to the next step within the time limit set forth in Section 1, then the grievance shall be deemed to be abandoned and all rights of recourse to the Adjustment of Complaints under this Agreement in respect of this grievance shall be at an end.

(b) The time limit between steps may be extended by mutual consent.

Section 4: Arbitration Procedure

(a) The Company and the Union will endeavour to agree upon the selection of the Arbitrator. In the event the Company and the Union are unable to agree upon the selection of the Arbitrator, they will apply, within the thirty (30) day period, to have the Arbitrator appointed under the provisions of Section 86 of the Labour Relations Code of British Columbia.

(b) After the Arbitrator has been chosen he/she shall meet and hear evidence of both sides and render a decision within fifteen (15) days after he/she has concluded his/her hearings, said

decision to be final and binding upon all parties to this Agreement.

(c) The parties shall bear in equal portions the fees and expenses of the Arbitrator and rental of any premises used for the hearing.

(d) The Arbitrator shall be restricted to interpreting and applying the provisions of this Agreement and shall have no authority to alter, modify, subtract from or supplement them in any way.

(e) In the case of discharge or suspension which the Arbitrator has determined to have been unjust the Arbitrator shall order the reinstatement of the employee and shall award him/her back pay. In the case of back pay, should there be any doubt in the opinion of the Arbitrator, the Arbitrator may order all or part back pay as he/she deems fit.

Section 5: Expedited Arbitration

(a) A panel of six (6) arbitrators, each of whom shall be appointed for a two (2) year term, shall be selected by mutual agreement of the Pulp and Paper Industrial Relations Forum on behalf of the company and the Communications Energy and Paperworkers Union on behalf of the union. Grievances processed under this section shall be assigned to the Arbitrators on a rotational basis.

(b) An Arbitrator must meet and hear the evidence of both parties within fifteen (15) days after assignment. If an Arbitrator is unable to commit himself to do so, the grievance shall immediately be assigned to the next Arbitrator in order of rotation.

(c) The unavailability of counsel shall not be a reason to delay an arbitration under this section.

(d) The parties will endeavour to agree on a statement of material facts which may be submitted to the Arbitrator in advance of the hearing.

(e) The Arbitrator will give his/her decision and his/her written reasons within one week after the hearing. The reasons need not accompany the decision. Neither the decision nor the reasons will form precedent.

(f) The provisions of Sections 4(b), (c), (d) and (e) as it applies to discharge, shall apply to

this section.

ARTICLE XXXII - DURATION AND AMENDING PROCEDURE

Section 1: Term of Agreement

This Agreement shall be in effect from midnight April 30, 1994 to midnight April 30, 1997, and thereafter from year to year subject to the conditions as set out in Sections 2 to 5 which follow hereunder.

Section 2: Labour Relations Code

The parties agree that the operation of Section 50(2) of the Labour Code of British Columbia is hereby excluded.

Section 3: Notice of Re-opening

This Agreement may be opened for collective bargaining as to changes as follows: either party desiring any change shall mail to the other party notice in writing, by registered mail, on or after January 1, 1997, but in any event not later than midnight, April 30, 1997, that a change is desired, and, if no such notice is given by either party on or after the said January 1 and before the said April 30, the earliest time at which such notice may be given by either party is the corresponding period in the following year. All notices given under the provisions herein on behalf of the Union shall be given by the Union (or its representative) and similarly notices on behalf of the Company shall be given by the Vice-President, Elk Falls Pulp and Paper(or his/her representative).

Section 4: Collective Bargaining

If notice of desire for changes has been given in accordance with Section 3 above, the parties shall, as soon as agreeable to the parties following such date of notice, meet for collective bargaining, the Company being represented in such negotiations by a Bargaining Committee appointed by the Company, and the Union being represented by a Bargaining Committee selected by said Union. Any agreement on changes arrived at and approved in such negotiations shall be binding upon the parties to this Agreement. If such negotiations cannot be completed

prior to the May 1 following the date on which such notice was given, any changes in compensation to employees shall nevertheless be retroactive to the said May 1.

Section 5: Termination

In case negotiations conducted in accordance with Section 4 above break down, either party may terminate this Agreement upon the expiration of ten (10) days notice in writing mailed by registered mail to the other party.

f) to recommend improvements in the Job Evaluation Plan to Administrative Committee for consideration. Only in the Administrative Committee is vested the power to amend, add to, or subtract from, the Plan.

b) to make investigations of jobs to be submitted for evaluation, prepare job descriptions, arrange schedule of interviews required, determine and arrange for the attendance of those job representatives who desire to be present at the explanation of the evaluation computations, as provided in Section 4(d) and to assist in pointing out factual and pertinent information relative to the job to the Joint Job Evaluation Board at the time of evaluation.

c) to make a written report to the Job Evaluation Directors of the jobs on which the Union and the Company members of the Committee have been unable to agree as to whether an evaluation should be made, with a statement of the facts on which the disagreement was based.

(iii) Either the Union or the Company members of the Plant Evaluation Committee may request a review by the Job Evaluation Directors of any case of evaluation where, in their opinion, proper application of the job evaluation standards has not been accomplished.

4. General Policies

(a) The evaluated job rate arrived at through official evaluation by the Joint Job Evaluation Board will be final and binding upon both parties to the Labour Agreement unless review has been requested as provided in Section 3(a)(ii)(c) or 3(a)(ii)(g). In case of such review the decision of the Job Evaluation Directors or, where appropriate the Independent Review Officer shall be final and binding upon both parties. Where a number of appeals indicate a problem within a job field, the Directors shall refer such problems to the Administrative Committee for final determination.

(b) Where an official evaluation indicates an upward adjustment in the rate for a job the adjustment will be retroactive to the date agreed upon by the Plant Evaluation Committee which is entered on, and a part of, the application for evaluation provided for in Section 3(c)(ii)(a) setting forth the duties of the Plant Evaluation Committee.

(c) Where a new job has been created, the Plant Evaluation Committee of the mill will make application to the Joint Job Evaluation Board for a temporary rate for the new job. An evaluated rate will be established by the Job Evaluation Board before a period of twelve (12) months has expired following the start of the new job except in those cases where a specific request is made

by the Plant Evaluation Committee to the Job Evaluation Directors to retain the temporary rate beyond twelve (12) months, and the request is approved by the Directors. It will be the duty of the Plant Evaluation Committee to agree on a date on which the job became sufficiently stabilized to permit evaluation, and any increase resulting from the evaluated rate will be paid retroactively to the agreed-upon start-up date of the new equipment or the commencement of the job.

(d) The Joint Job Evaluation Board will complete its evaluation of all jobs at the mill. The Joint Job Evaluation Board will explain in detail the evaluation computations to the Plant Evaluation Committee and to those job representatives present, before leaving the mill. Copies of the forms furnished are to be retained in the files at a suitable place, and will be open to members of the Plant Evaluation Committee for study or review.

NOTE: It is understood that the Plant Evaluation Committee files referred to in this sub-section are to be available at all times to the members of that Committee for study and review. It will be left to the Plant Evaluation Committee to determine the most suitable place in which to locate these files.

(f) Members of the Plant Evaluation Committee or other employees in the mill who are relieved from their jobs during working hours to assist in carrying out the functions of the Job Evaluation Plan or to receive training therein will be paid by the Company at their regular job rates for the time lost during their regular shifts, thereby preventing any loss in regular income. Time put in on evaluation work outside the employee's regular shift will not be paid for by the Company.

(g) When a survey or Job Field Study is authorized by the Directors, a projected completion date will be established. The completion date will also be used as a guide in determining the date for implementation of changes that result from the study.

(h) A Local Union may opt out of the Job Evaluation Plan during the thirty (30) days following ratification of the Memorandum for renewal of the Agreement. The effective date of any opting out will be the last day of the expiring Agreement.

If the Workers' Compensation Board claim is subsequently established the employee will then repay the weekly disability payment received to the appropriate fund or insurance company.

13. Change in Benefits

In the case of an employee who is on active claim arising from a disability which occurred before a negotiated change in benefits and which continues thereafter, the said employee shall, as from the effective date of the negotiated change, be paid the changed Weekly Indemnity benefit, be covered for the changed Group Term Life Insurance and Accidental Death and Dismemberment Insurance, and make the changed contributions.

14. Coverage During Leave of Absence

Practical examinations shall be confined to the area of training received. In the event of failure to pass examinations, the Apprentice shall be required to undergo a period of re-training on subject material specified by the Apprenticeship Branch authorities and will be required to be re-examined within twelve (12) months. removal from the Program. Employees who are removed from the Program will be offered an entry job in keeping with their plant seniority.

Retroactivity will not apply where re-testing is necessary.

(e) For trades exceeding four (4) years, the following shall be in addition to the above. On successful completion of the fourth period of training at the Vocational School, and having spent twelve (12) months as a fourth year apprentice, he/she shall be reclassified and paid the fifth year Apprentice rate which is equivalent to the "A" Mechanic rate for the following twelve (12) months. On completion of the final period at the Vocational School the fifth year apprentice shall write his or her final examination set by the Apprenticeship Branch and, upon becoming certified, shall be designated as a certified Journeyman at the regular hourly rate for "A" Mechanics.

Employees in this category will be employed to assist tradesmen and apprentices with labour and similar work but will not be used in a manner that will interfere with the application of the training program (see item 7(iv) of Memorandum of Agreement dated April 20, 1964). Trade Utility rates will be paid in accordance with Exhibit "A".

Certification of Present "A" and "A+" Tradesmen

17. Testing of existing "A" and "A+" Mechanics for a certificate of competency shall be at the employee's option. Failure to have obtained a Trade Qualification Certificate shall not prejudice the status of a Journeyman within the Pulp and Paper Industry. STATEMENTS OF POLICY 1945 - 1994 B.C. STANDARD LABOUR AGREEMENT

Taken from the Transcripts of
Negotiations for Contract Years

1945 - 1952 inclusive

and from Memoranda issued during
subsequent Wage Conferences

FOREWORD

During the 1946 Labour Conference it was jointly agreed that the Companies and the Union would each appoint a Committee of two (2) to select from the verbatim transcripts of the 1945-46 and the 1946-47 Joint Conferences "Statements of Policy" which were then to be approved by the International Officers of the Union and by representatives of the Companies and thereafter printed in a booklet to be entitled "Statements of Policy". (See 1946 Transcript, page 80 and page 159). This policy has been re-adopted at subsequent Labour Conferences.

The Statements of Policy contained in this booklet have been reworded for the sake of brevity and clarity, and have been agreed to by both Union and Company representatives. They are intended as a supplemental guide in the interpretation of the contract on the points which they cover.

STATEMENTS OF POLICY

Article II - Definitions

- (a) **Definition of "Supervision".** (Memorandum of Agreement dated January 30, 1958)

Employees and employers recognize that supervisors are excluded from the provisions of the B.C. Standard Labour Agreement and accordingly it is improper for supervisors normally to do the kind of work which is done by those defined as employees in the Agreement.

It is also recognized that for the practical and efficient operation of the mills there are occasions when a supervisor must help. Such occasions must be temporary in nature and must not result in the displacement or exclusion of employees under the Agreement.

- (b) **Definition of "Him "**. (Page 98, 1946 Transcript)

Wherever the word "him " appears in the contract it will be taken as referring to a male or female employee as the case may be.

- (c) **Definition of "Engineering".** (Page 35, 1947 Transcript)

The word "engineering" as used in this section does not refer to steam operating engineers.

Article V - Standing Committee

Payment of Representatives on Union Standing Committee. (Pages 109 - 110, 1950 Transcript)

- (i) The general principle to be followed is that no employee's normal earnings shall be reduced by virtue of his attendance at a Standing Committee meeting.
- (ii) Employees attending meetings called while they are on duty will be paid for the time in attendance providing a meeting does not extend past the end of a shift.

If it does extend past the end of the shift, no allowance is made for such additional time.

- (iii) Employees attending meetings during their time off will not be paid.
- (iv) Where it is necessary to relieve an employee attending a meeting, the relief man will be paid at straight time except for any time in excess of eight (8) hours in the day which will be paid for at time and one-half.
- (v) The time of the meeting shall be determined by mutual agreement.

Article VI - Hours of Work

- (a) **Section 2: Overtime**

It is hereby agreed by the Companies party to the B.C. Standard Labour Agreement that:

(i) The hours worked on Sundays and on the recognized paid Statutory Holidays provided for in the above referred to B.C. Standard Labour Agreement will be used in the computation of the forty (40) hour work week.

(ii) The foregoing arrangement applies only to Sunday and recognized paid Statutory Holiday hours and no other hours on which time and one-half has been paid, nor hours paid for Call Time, may be used for the purpose of calculating the forty (40) hour week.

(iii) For the purpose of calculating overtime, the basic forty (40) hour work week shall be reduced by eight (8) hours in any week in which a recognized paid Statutory Holiday occurs. Should more than one (1) recognized paid Statutory Holiday occur in any week, the basic forty (40) hour work week shall that week be reduced by eight (8) hours for each such recognized paid Statutory Holiday. For example, in a week in which one recognized paid Statutory Holiday occurs, overtime will be paid for hours worked in excess of thirty-two (32). Should it happen that two (2) recognized paid Statutory Holidays occur in one (1) week, then overtime will be paid for hours worked in excess of twenty-four (24) that particular week.

The work week shall start at 8:00 a.m. (or at the regular hour of changing shifts nearest to 8:00 a.m.) Sunday.

Those pulp mills which are presently working on a forty-two (42) hour week schedule and which have not yet adopted the so-called "1946 Sunday Letter" shall only adopt the terms set out herein after the implementation of a forty (40) hour per week schedule. There shall be a three (3) months training period in which to prepare personnel necessary to effect the change from a forty-two (42) hour to a forty (40) hour per week schedule.

The foregoing is to be considered as supplementary to Article VI, Section 2 - Overtime, of the B.C. Standard Labour Agreement and supersedes all existing local agreements in respect of the computation of overtime for Sunday and Holiday work.

(b) Section 2: Overtime (1) Day Workers

Clarification of Overtime to Day Workers. (Page 90, 1949 Transcript)

The employee's designated day off is Tuesday. He is given less than forty-eight (48) hours notice that it is to be changed to Friday. He is then paid as follows:

Sunday	-	8 hours plus 4
Monday	-	8 hours
Tuesday	-	8 hours plus 4
Wednesday	-	8 hours
Thursday	-	8 hours
Friday	-	off
Saturday	-	4 hours

If he is called back at 1 p.m. Saturday to work four (4) hours in the afternoon, is he

entitled to time and one-half? The answer is "no" for the reason that the contract stipulates that overtime will only be paid on the one basis. In other words, we cannot pay overtime twice on the same time. However, in the letter of October 18, 1946, Powell River Company Limited and Pacific Mills Limited did agree to include Sunday time and designated holidays time in the forty-four (44) hour week (amended to forty (40) hours 1952-53), even though time and one-half had been paid on it. They did not agree to include any other time on which time and one-half had been paid and there is no intention of broadening it at this time. On this principle, therefore, in the case above, the hours the employee worked on Tuesday, his designated day off, are eliminated from inclusion in the forty-four (44) hour week (amended to 40 hours 1952-53).

(c) **Section 2: Overtime, (2) Tour Workers**

Clarification of Payment of Overtime to Tour Workers. (Page 270, 1948 Transcript)

Where a Tour Worker works an extra shift due to the absence of his mate who has given proper notice and the overtime worked by the Tour Worker extends into another day, he will still be paid at the rate of time and one-half.

Definition of What Constitutes a Mate at Powell River. (Page 312, 1950 Transcript)

In the case of the Block Loader, there are two men on one side and one on the other. These will be numbered 1, 2 and 3. No. 1 man relieves No. 1; No. 2 relieves No. 2; and No. 3 relieves No. 3.

Relief of Mates. (Page 328, 1950 Transcript)

The Company will do everything in its power to relieve men within twelve (12) hours when these men are working due to the absence of a mate.

Section 3: Days Off and Schedule of Shifts

(a) **Scheduling of Days Off.** (Memorandum, 1953 Wage Conference)

The Manufacturers agree that the scheduling of days off shall be on a consecutive basis wherever practicable.

(b) **Sunday Running**

At a meeting held in Vancouver, B.C., on June 15th, 1953, between the representatives of the Powell River Company Limited and those of Local 142 of the United Papermakers and Paperworkers, continuous operation of the paper machines was agreed upon in accordance with an understanding as set out in the Minutes of the said meeting.

Section 4: Starting and Stopping Work (b) Day Workers Clarification of "Starting". (Page 260, 1948 Transcript)

When a Day Worker is established on a job that is some distance from his shop he shall be on that job ready to begin work at the time his pay starts and shall not cease work in advance of the time his pay stops. If the worker's time clock is not located close to the route he must travel to his job, he may, at the discretion of the Company, report directly to the job without punching his time card and his foreman shall be responsible for having his time recorded.

Article IX - Allowance for Failure to Provide Work

(a) **Clarification of the Word "Accident"**. (Page 60, 1945 Transcript)

The word "accident" as used in this section means a mishap occurring to an individual resulting in a shutdown. In other words, the occasion involves the human element as distinguished from the mechanical.

(b) **Clarification of "Employee's Regular Job"**. (Page 61 et seq., 1945 Transcript)

In the application of this section it is considered that the allowance is due to an employee only in the case where he is reporting for his regular duties and then no work is provided. If the employee's regular duties consist of ship loading and bull gang work, he may be transferred from one regular assignment to another without penalty providing he obtains work on either job. However, while working on ships he will receive the ship rate and while working in the yard he will receive the bull gang rate. In the case of an employee, whose regular duties consist of one specified job, and who reports for work and finds no work available, if such employee then transfers to a job carrying a lower rate, at his election, he shall nevertheless receive the rate paid him on his regular job.

(c) **Clarification of "Breakdown"**. (Page 258, 1948 Transcript)

A breakdown in one department which compels the closing down of one or more additional departments is a breakdown within the meaning of this section, providing the Company uses its discretion in handling the case and where there is no loss of time unjustly caused to an employee.

Article X - Call Time

(a) **Applicability of Section in Specific Instances**. (Page 157, 1946 Transcript)

(i) When a Day Worker whose shift is from 8:00 a.m. to 5:00 p.m. is told to go home at 12:00 noon and return at 4:00 p.m. for work, he will receive two (2) hours Call Time because the shift was designated at 12:00 noon.

(b) **Definition of "Regular Scheduled Shift"**. (Page 65, 1949 Transcript)

A regular scheduled shift is the work defined for an employee by the Company.

(c) **Applicability of Section in Specific Instances**. (Questions and answers - report of Call Time Committee, 1949 Transcript)

(i) In Section 2(a) relating to the payment of Call Time to Tour Workers, the phrase

"after he has completed his regular shift" shall be considered to mean at that point when his pay stops upon being relieved by a mate.

(ii) A Day Worker is called in on his designated day off reporting for work at 8:00 a.m. and working until 10:00 a.m. for which he received four (4) hours pay as the minimum allowance for an employee who starts work. If notification had not been given during his last shift preceding the work involved, he would qualify for Call Time and would also qualify under the provisions of Section 3(a) wherein a minimum of four (4) hours pay will be paid for each call when work has actually commenced both to Tour Workers and Day Workers.

In the above case the worker worked two (2) hours at the overtime rate plus a two (2) hour call which would entitle him/her to five (5) hours pay, thereby meeting the requirements of Section 3. It should be made clear that an employee under these circumstances will not receive four (4) hours minimum pay plus Call Time, if any, but that the four (4) hours minimum pay includes the Call Time payment.

(iii) A Day Worker normally working the 8-5 or 8-4 shift is ordered to go home at 12:00 noon and report back for work at 4:00 p.m. or 12:00 p.m. The employee in question is entitled to Call Time since his designated shift terminated at 12:00 noon and more than two (2) hours elapsed between his designated shift and his return to work.

Article XVII - Statutory Holidays

(a) Work to be Performed. (Page 238, 1948 Transcript)

Employees who are required to work on designated holidays are expected to perform regular maintenance and routine duties normally assigned to them.

(b) Clarification of What Repair Work May Be Done. (Page 240, 1948 Transcript)

In a case of an emergency involving the closing of the mill for a day or more and a loss of employment to a substantial number of men, employees are expected to perform repair work on holidays.

(c) Clarification of Section 4. (Page 265, 1948 Transcript)

(i) In the calculation of the forty-two (42) hour work week (amended to forty (40) hours 1952-53) the payment of holiday pay will not be used unless the employee actually worked.

(ii) It is understood that an employee's vacation shall be exclusive of a paid holiday as recognized by the B.C. Standard Labour Agreement. Therefore, if one or more such holidays fall within the employee's vacation period, he will be required to take the comparable number of additional days off. The employee shall only receive the pay for such recognized paid holidays falling within his vacation period when he takes the required additional time off.

(iii) Where an employee, after having agreed to do so, fails or refuses to work on a

holiday, on account of sickness, or other bona-fide reason, the Company reserves the right to investigate the absence of the employee to decide whether or not he is entitled to holiday pay.

(iv) The sixty (60) day qualifying period referred to in Clause (a) refers to "calendar" days.

(d) **Clarification of Section 4(c).** (Page 105, 1950 Transcript)

Employees absent on the "scheduled work day before and/or the scheduled work day after a recognized holiday" are excused from their regular scheduled shifts in instances of sickness, or of sickness in the family, and are, therefore, entitled to holiday pay. The question of the validity of the excuse of sickness can be determined by the Company in each mill in each case.

Article XXVIII - Safety and Occupational Health

Unsafe Working Conditions. (Page 136, 1947 Transcript)

It is not the policy of the Company to require an employee to work under unsafe conditions. It is admitted by the Union and the Company that it is impossible to draw a hard and fast line as to what is safe and unsafe. Being a factual question, each case must be decided on its merits, but in general an employee who justifiably refuses to work under unsafe conditions would not be subject to discipline.

Article XXX - Disciplinary Action

(a) **Notification of Union Standing Committee by Employer.** (Page 70 et seq., and Page 126, 1945 Transcript)

Wherever practical, the Company will notify the Union Standing Committee of its intention to discharge an employee. Under certain well-recognized circumstances where no premeditation is involved, it is permissible for the Company to discharge an employee immediately without recourse to the Standing Committee. The employee still has the right to present his case to the Standing Committee for consideration and if deemed proper the Standing Committee may follow the usual grievance procedure.

Article XXXI - Adjustment of Complaints

Standing Committee Can Call in Members for Discussions of Grievances with the Company. (Page 261, 1946 Transcript)

It is agreed that the Union Standing Committee may call in any other employee to accompany them in their meetings with Company officials.

Exhibit "A"

Clarification. (Memorandum No. 6, 1952 Wage Conference)

"An employee shall be considered as having been promoted to a higher rate job when he has taken over the duties and responsibilities of that job, without the guidance of the employee who is breaking him in. He shall then receive the higher rate. During the period the employee is being broken in and another employee is on the job and carrying the responsibility for it, the employee being broken in shall receive the hourly rate of his previous regular job."

AMENDED (JANUARY 27, 1995)

(b) **Status of Employees Refusing to Work in Excess of 8 Hours Per Day or Scheduled Hours Per Week.** (Page 91, 1949 Transcript)

If an employee is requested to work in excess of eight (8) hours in any one day or in excess of his scheduled work week hours in any one week, the employee has the right to come in or not to come in and no penalty can be imposed by the employer for the failure of the employee to come in. It is understood, however, that the Companies are entitled to look for reasonable co-operation from their employees.

(c) **Conflict Between B.C. Standard Labour Agreement and Transcript.** (Pages 46-7, 1951 Transcript)

Whenever there is a conflict between the B.C. Standard Labour Agreement and the Transcript, the Agreement will prevail.

(d) **Native Indian Employment**

In response to a Union proposal relative to encouragement of Native Indians to seek employment, the Industry will participate with the National Union in a joint committee to function during the term of the 1970 Labour Agreements. The committee will be known as the Native Indian Employment Committee, and will consist of eight (8) members, four (4) representatives of the Unions and four (4) representatives of the Industry.

The purpose of the committee will be to examine problems relative to employment of Native Indians and make appropriate recommendations to the Company and Union to further this objective.

Suggestions with Respect to Bull Sessions

1. That a full and complete list of bull session items be submitted to each Company - at the mill - at least TWO (2) WEEKS prior to the commencement of the Joint Wage Conference.
2. That bull session items be completed PRIOR to the commencement of the Joint Wage Conference.
3. That every effort, however, be made by all concerned to ELIMINATE THE NEED for bull sessions.

Dear Norm and Stan:

Re: Letter of Understanding - Rehiring

The following practice will be observed during the 1992-94 contract.

"When hiring new employees, preference will be given to laid off former employees of the hiring mill in order of their previous mill seniority, providing:

- a) their recall rights under Section 3 of Article XXI - Seniority have expired;
- b) they have a current application on file;
- c) they have the qualifications and ability to perform the work properly.

Application must be made within thirty (30) days of the expiry of recall rights and will remain in effect for three (3) months unless renewed. An application or renewal may be extended for a period of three (3) months at any time during the third month of its currency. Normal job qualifications must be met.

A former employee will no longer have preference if he fails to accept an offered position. Those hired under this practice will be new employees."

MAINTENANCE EMPLOYEE FLEXIBILITY

LETTER OF UNDERSTANDING

JANUARY 27, 1995

1. The Company and the Union agree to cooperate on the implementation of maintenance employee flexibility changes which are intended to improve efficiency and expand work opportunities, which at the same time respect the integrity of the various trades constituting the mill maintenance work force.
2. Maintenance employees primary responsibility is to perform tasks related to their specific trade. However, maintenance employees may assist each other or may perform some of the duties of another trade as a practical approach to the performance of the maintenance function at the workplace. Changes in existing workplace practices will be consistent with the kinds of initiatives outlined to the Union by the Company during the 1994 collective bargaining. It is clearly understood, however, that a maintenance employee's primary responsibility rests in the trade in which the maintenance employee has the certification, training and experience.
 - 1.
 3. With respect to operators (all non-maintenance personnel), their primary responsibility is related to the employee's job category. It is recognized, however, that at individual work locations there has been some operator flexibility. The parties are agreed that such arrangements should continue where they presently exist (status quo).
 - 1.
 4. Consistent with this letter of understanding, the Letter of Intent on Trades Guidelines is deleted and the Statement of Policy on Painting and Welding is amended (see attached). The Company and the Union will consult at the local level prior to the implementation of this letter of understanding. It is understood that the intent set out in this letter of understanding will supersede local practices, verbal and written agreements.
5. The Company and the Union recognize that the successful implementation of flexible work practices as described above requires the cooperation of both parties. To ensure that this implementation is accomplished as efficiently and effectively as practical, while respecting the capability of the workforce to adapt to these changes, a review process will be established.

The Company and the Union agree to form a committee, at each mill site comprised of three (3) members from each party, to resolve the issues that arise. If the parties are unable to arrive at a resolve, the issue shall be referred to a third party for a decision that will be binding on both parties. The local Union and the Company representative will attempt to reach agreement on the name of the third party. If they are unable to do so within sixty days of ratification of the Agreement, Brian Foley will name the third party.

- 2.
3. To further the process, semi-annual meetings, for the term of the agreement, shall be held to monitor progress. The meetings shall include the Regional Vice President of the CEP, the President of the PPWC or designates, Representatives servicing the Locals, two (2) members from each union bargaining committee together with the Senior Vice President of Human

Resources, each Divisional Vice President or Manager and two (2) designates of management at each location.

4.

6. No trades person or apprentice will be displaced from their respective trades through the introduction or implementation of these changes in work practices.

5.

7. No employee will be laid off as a result of the introduction or implementation of these changes in work practices.

6.

8. No existing trade classification will be eliminated through the introduction or implementation of these changes in work practices. Existing apprenticeship program agreements shall not be negatively impacted through the introduction or implementation of these changes in work practices.

7.

8.

These commitments as set out in 6, 7 & 8 shall apply to those employees on the payroll at the date of ratification.

An employee who reaches his/her 10 year anniversary on long term disability on May 1, 1994 or later, and is under 60 years of age at that time, will have his/her future disability benefit recalculated using the greater of his/her existing long term disability benefit or a recalculation using the base rate effective on the date of that 10th anniversary.

- b) The recalculated weekly benefit when combined with all other disability income to which the disabled employee is receiving will not exceed 70% of 40 hours multiplied by the base rate in effect at the time of recalculation.

Mr. Brian Payne

Dear Brian:

Re: Letter of Understanding - Rehabilitation and Re-Integration

To facilitate the rehabilitation and, wherever practical, the re-integration of injured or disabled Elk Falls employees into the mainstream of the workforce in the mill, the Company and the Union agree to establish a program that will provide meaningful support and guidance to affected employees.

A joint union-management steering committee will be established to investigate and make recommendations on the implementation of an effective rehabilitation/re-integration program during the term of this agreement.

The steering committee shall be comprised of up to three (3) representatives each from the Company and the union, a maximum of six (6).

The program will be modelled on the principles of our existing Employee Assistance Program.

**LETTER FROM PRESIDENT OF FLETCHER CHALLENGE CANADA TO THE
C.E.P. AND THE P.P.W.C.**

This is to confirm the agreement between the Company and your respective unions respecting the conditions that would apply to contractors coming onto the mill site to perform construction work or perform maintenance and repair work of a nature normally performed by employees in the bargaining unit. This agreement will prevail for the duration of the Collective Agreement. In entering into this agreement, the Unions acknowledge that, subject to contracting Article XXV (C.E.P.) and Article XXIII (P.P.W.C.), the Company retains the right to select contractors as it deems appropriate.

No aspect of this policy applies to contractors which are certified to a Union recognized by the Local Union, it being clearly understood that a Union's affiliation to the Canadian Labour Congress, the B.C. Federation of Labour or the Confederation of Canadian Unions warrants such recognition.

Any other contractor who comes onto the mill site to perform construction work or perform maintenance and repair work which is of a nature normally performed by employees in the bargaining unit shall abide by the following Code of Ethics. This Code defines the terms and conditions under which these contractors and their employees will be governed during the term of their contract.

1. Minimum Wages

The contractor's straight time hourly rate of pay for a journeyman will not be less than the straight time hourly rate for the equivalent mill journeyman. The contractor's straight time hourly rate of pay for all other employees shall not be less than the straight time hourly base rate for the mill.

2. Contributions to the Pulp and Paper Industry Pension Plan

Subject to the approval of the plan trustees and the appropriate regulatory authorities, the Company shall remit annually to the Pulp and Paper Industry Pension Plan the following:

(a) For contractors performing maintenance and repair work of a nature normally performed by employees in the bargaining unit--the equivalent contributions.

(b) For contractors performing construction work--one-half the equivalent contributions.

3. Remittance to the Local Union

One percent (1%) of all wages earned calculated on the basis of straight time hours worked shall be remitted to the Local Union on a monthly basis.

4. Adherence to Safety Regulations

Contractors performing construction work are responsible for ensuring that their employees comply with the health and safety regulations and policies applicable to the work being performed. When the contractors' employees are performing maintenance and repair work which is of a nature normally performed by employees in the bargaining unit, the contractors and their employees shall adhere to the established health and safety regulations and policies in force at the mill site. Management commits to deal promptly with any violations brought to its attention by the Joint Health and Safety Committee.

5. Honouring of Picket Lines

Contractors' employees shall honour all legal picket lines at the mill site. Failure to do so shall result in disqualification from future access to the mill site for the term of the contract. A contractor will not be allowed on the mill site if it has a current, demonstrated practice of crossing legal picket lines.

The Company will honour the commitments made in this letter for the duration of the Collective Agreement and will ensure that a copy of this letter is provided to any contractor participating the contract bidding process.

INTRODUCTION OF A NEW PENSION PLAN

The president of Fletcher Challenge Canada will provide a letter to the C.E.P. and to the P.P.W.C. which will state as follows:

(a) The Company will provide direction to the Pension Plan employer trustees to support the creation of a new pension plan on the framework and concepts discussed by the Joint Pension Restructuring Committee.

(b) The particular features of the new plan must be agreed to by the trustees by September 30, 1996 and would be based on actuarial reviews, the plan's ability to support these features and the extent of Company and employee contributions. In their deliberations in this regard, the trustees will consult with the Joint Pension Restructuring Committee.

(c) Subject to the features of the new pension plan being agreed to by the trustees:

(i) The Company and the Unions are agreed upon the principle of matching contributions, as set out below, based on a percentage of employees' hourly wage rates (the definition of "hourly wage rates" shall be subject to determination by the trustees).

(ii) To demonstrate their mutual support for and commitment to the new pension plan, The Company and the employees will each contribute one percent (1%) to the new plan, effective from January 1, 1997.

(iii) Effective on inception of the new plan on January 1, 1997 the current \$2.35 per hour contribution will be converted to a percentage of employees' hourly wage rates. The specific percentage will be determined by the trustees.

(iv) Upon inception of the new plan, the Company's one percent (1%) contribution will be in addition to the percentage arising from conversion of the current \$2.35 per hour. It is understood that this overall contribution will continue for a reasonable period of time until the unfunded liability of the existing plan as it relates to past service is sufficiently funded to allow for a reduction of the total Company contribution; this matter will be addressed in the renegotiation of future collective agreements.

Local 1123 C.E.P.

CODIFICATION OF LOCAL AGREEMENTS-JULY 1, 1991; Amended January 1995

The following are the continuing items from previous and present bull sessions and local signed side agreements. In the interest of brevity, the exact wording of the agreement may have been altered. In case of dispute, the original text or minutes will apply.

ITEM NO. 1 - By-Pass Policy

The following "By-Passing" ground rules are established to cover situations in which an employee voluntarily declines a promotion within an established progression ladder. Nothing in these "By-Passing" ground rules shall in any way contravene nor alter the seniority provisions of the Elk Falls Labour Agreement.

- (1) Job freezing will be discouraged by both parties and only well substantiated requests will be considered. In the consideration of any freezing or unfreezing request, the Company and the Union shall have the right to require the applicant to supply all pertinent information, including where appropriate, medical evidence in the support of his/her case. No employee will voluntarily freeze until he/she receives Company and Union approval to do so.
- (2) An employee is considered to be by-passed if he/she voluntarily refuses any promotion, temporary or permanent, and an employee with less seniority accepts the promotion.
- (3) An employee who by-passes a more senior employee will be senior to the by-passed employee in all respects except in demotion, in which case he/she goes back down around the employee by-passed. An employee backs down via the same route he/she went up.
- (4) An employee frozen in a position will not relieve up.
- (5) No more than one employee in each job category may voluntarily freeze him or her self.
- (6) A by-passed employee will sign a by-pass (Waiver of Promotion) form in cases of voluntary by-pass and will be considered for the next opening unless he/she states on his/her by-pass form (Waiver of Promotion) that he/she relinquishes the right to all future promotions until he/she advises his/her supervisor in writing that he/she once again desires to be considered for promotion.
- (7) A by-pass (Waiver of Promotion) form will be signed by the employee who is by-passed

and the employee who is to receive the promotion. A copy of the form will be placed in each employee's file and a copy transmitted to the local Union.

Steam Plant Ticket Seniority

- (1) A new employee hired into a position equivalent to the ticket he/she holds establishes ticket seniority immediately.
- (2) A new employee hired into a position lower than the ticket he/she holds does not establish ticket seniority for 6 months.
- (3) An employee on the crew who obtains a higher ticket establishes ticket seniority immediately on obtaining such ticket.

These caulk boots are to be purchased for the express use of the individual concerned and abuses such as purchasing for others outside the mill will not be tolerated.

ITEM NO. 3 - Chiropractic Services

The current Aetna policy regarding recognition of chiropractic services for weekly indemnity will be revised from the current one week limit to a reasonable length of time with a maximum of four weeks considered to be reasonable. Aetna will continue to determine if the employee's

condition is within the skills and qualifications of a chiropractor. Aetna reserves the right, in specific cases, to set the duration of weekly indemnity benefits.

ITEM NO. 4 - Coveralls - Maintenance

- a) A coverall-laundry service will be implemented and will cover Mechanics, Mechanical Apprentices, Lubrication Mechanics, Oilers, Sawmill Sawfilers, Steam Plant Repair Engineers - 3rd. and 4th. Class, Turbine Service Engineers, Boom Maintenance Man and Planer Mill Planerman.
- b) In Maintenance departments where the style of coverall traditionally varies from the norm (paint shop, carpenter shop) a selection of the specific style of coverall will be left to the discretion of the foreman involved. Under no circumstances will paper coveralls be issued to any employee covered by this policy except in extreme circumstances as authorized by the appropriate supervisor. - e) The Steam and Recovery permanent operating positions will be included in the "Mill Coverall Policy" in exchange for local 1123 having agreed to the pushing of hog fuel to maintain the power boilers on all "down" statutory holidays.

ITEM NO. 7 - Transportation

- a) The company will arrange transportation to his/her home for an employee who does not have transportation and who is held over for a period in excess of 15 minutes beyond the end of his/her regular scheduled shift.
- b) The transportation policy may be applied to the car pool members rather than the held over driver subject to his/her supervisor's approval and the following conditions:
 - i It is understood the above amendment simply moves the taxi transportation entitlement, namely one taxi, from the held over driver to his/her car pool members which leaves the held over driver his/her own transportation upon completion of the overtime.
 - ii All drivers and car pool members will be registered for qualification.
 - iii The car pool driver will notify his/her car pool members if held over and his/her supervisor will authorize the gate to provide the transportation.

ITEM NO. 11 - Floater Coats - Boom

The Company will, on a one time basis only, provide a Mustang Floater jacket to each permanent Boom employee who is required, as a regular part of his/her duties, to wear a life jacket. The floater jacket will have appropriate markings to identify it as Elk Falls Mill property.

ITEM NO. 33 - "Sample" Compressed Work Week Agreement

In addition, management retains its right to cancel any or all compressed work week agreements at any time.

For the purpose of a compressed work week schedule, the parties hereby agree to the following terms and conditions:

- (1) This agreement may be cancelled by either party with thirty (30) days written notice or within seven (7) days if mutually agreed to by the Union and the Company.
- (2) The twelve (12) hour shift times of 8:00 a.m. to 8:00 p.m. and 8:00 p.m. to 8:00 a.m. will define DAY as a period of twenty-four (24) hours beginning at 8:00 a.m. and a WEEK as a period of seven (7) calendar days beginning at 8:00 a.m. Sunday.
- (3) THE IMPLEMENTATION AND CONTINUATION OF THE COMPRESSED WORK WEEK will be on the conditions that there will be no extra cost to the Company and that the efficiency of any department or departments will not decrease.
- (4) It is clearly understood by both parties that replacements must be available for relief purposes when required and that these replacements will normally come from employees on their scheduled days off. To ensure that such replacements will be available, relief employees, prior to going on their scheduled days off will indicate to their supervisor if they will not be available for work. In the event of inadequate relief for the continuation of operations the Company will revert to an 8 hour schedule within a 24 hour period.
- (5) Employees will give sufficient notice on requests for leave to allow for replacement at straight time. Failure to do so will necessitate working employees on their days off which will effectively negate the benefits gained from the additional days free from work in the compressed work week.
- (6) It is understood by both parties that problems may arise concerning this agreement. Should this occur the parties will meet to discuss the problem to reach a satisfactory solution.
- (7) Overtime will not be paid if incurred as a result of the initial implementation or the discontinuation of the twelve (12) hour shift schedule. Employees entering or leaving the schedule such as for relief purposes will not be paid overtime for the ninth (9th) to twelfth (12th) hours of the shift but will be paid in accordance with item 8.

- (8) Overtime at the rate of time and one-half will be paid for all hours worked in excess of twelve (12) hours in any one day and for all hours worked in excess of 44 hours per week except:

- (9) Tour Workers who work in excess of twelve (12) consecutive hours on a regularly scheduled shift, or in excess of eight (8) consecutive hours on a scheduled day off shall have the option of receiving the overtime premium on the basis of Article VI, Section 2(3)(i) of the Elk Falls Labour Agreement or of receiving straight time for hours in excess of twelve (12) or eight (8) consecutive hours respectively, and taking equivalent time off at the hourly rate for the job when the work was performed at a time suitable to the employee and the Company during the contract year. If equivalent time off is not taken by the end of the contract year in which it is earned, the Company shall pay the deferred one-half premium pay.
- (10) a) When the Company changes an employee's shift schedule after the start of the week without notification being given during the first twelve (12) hours of his/her last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time day rate for the first shift worked resulting from the change.
- b) If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shift when the employee returns to his/her previously established shift schedule.
- (11) For the purposes of the twelve (12) hour shift schedule the payment of night shift differential will be based on TOUR WORK being scheduled 8:00 a.m. to 4:00 p.m.; 4:00 p.m. to 12:00 midnight, and 12:00 midnight to 8:00 a.m. in accordance with Article VII, Section 2(a) of the Elk Falls Labour Agreement.
- (12) Employees who are employed on a continuous 20 or 21 shifts per week schedule, or on a schedule of 14 twelve (12) hour shifts per week, will receive the continuous operation

premium for all hours worked on that schedule. This premium will be paid in addition to the hourly rate and will be applied in like manner to that of the NIGHT SHIFT DIFFERENTIAL.

(13) An employee who has been employed for less than one year and does not qualify under (B) of Article XVI-Vacations, of the Elk Falls Labour Agreement, will receive a vacation of two hours for each full week of actual work performed during the preceding vacation period provided no vacation less than one day will be granted.

(14) Employees will take vacations on a tour basis. For the purposes of the twelve (12) hour shift schedule, a tour will be the number of consecutive working days without a scheduled day off. However, for the purpose of scheduling time off for annual vacation, the definition of tour is expanded to include the four (4) scheduled days off immediately following the vacation tour. It is understood that an employee on his/her vacation tour will only be accessed for overtime assignments as a last resort.

(15) For the purposes of the twelve (12) hour shift schedule entitlement special (personal) floating holidays will be calculated on the basis of the number of days for which the employee has qualified multiplied by eight (8) hours, subject to all other conditions of Article XIX of the Elk Falls Collective Agreement.

(16) Employees on the Compressed Work Week schedule may apply for and receive five (5) shifts off as floating holidays. Pay for such floating holidays will be any combination of the employee's 40-hour floating holiday pay entitlement in units of not less than eight (8) hours, coupled with accumulated banked or statutory holiday - lieu day. If such time is exhausted, unpaid leave will, if required, be granted to make up the five (5) shifts. This option is voluntary. No employee shall be required to take more than three (3) shifts off.

 - d) Seven (7) days notice provision will only apply to special (personal) floaters that are taken in twelve (12) hour units as per Article XIX, Section 2(d).
 - e) At the end of the contract year, hours less than twelve (12) not taken will be paid to the employee, except that an employee who has four (4) or more but less than twelve (12) hours remaining may take a twelve (12) hour shift off and be paid the number of hours to which he/she is entitled.
 - f) Time off hours earned will be taken out of the "earned hours bank" in the same order as they went in. (F.I.F.O.)
- (18) When death occurs to a member of a regular full time employee's immediate family, the employee will be granted an appropriate leave of absence and he/she shall be compensated at his/her regular straight time hourly rate for hours lost from his/her regular schedule up to a maximum of twenty-four (24), according to the provisions of Article XIV of the Elk Falls Labour Agreement.
- (19) Any regular full time employee who is required to report for Jury Duty, Coroner's Inquest, or who is required to appear as a Crown Witness, on a day on which he/she would normally have worked, will be reimbursed by the Company for the difference between the pay received for the Coroner's Inquest, Jury or Witness Duty and his/her regular straight time hourly rate of pay for his/her regularly scheduled hours of work necessarily lost. It is understood that such reimbursement shall not be for hours in excess of twelve (12) per day or forty (40) per week, [forty-eight (48) per week where applicable under the forty-two (42) hour averaging schedule]. The employee will be required to furnish proof of Coroner's Inquest, Jury or Witness Service and Coroner's Inquest or Witness pay received.

Hours paid for Coroner's Inquest, Jury Duty or Witness Duty will be counted as hours worked for the purpose of qualifying for vacations and for recognized paid holidays, but

will not be counted as hours worked for the purpose of computing overtime.

- (20) Weekly Indemnity benefits will continue to be calculated on the basis of seven (7) calendar days and that loss of income has occurred.
- (21) For purposes of calculating overtime, the scheduled work week shall be reduced by eight (8) hours in any week in which a recognized paid statutory holiday occurs. Should more than one recognized paid statutory holiday occur in any week, the scheduled work week shall then be reduced by eight (8) hours for each such paid statutory holiday, **For example:**
- a) In a forty-eight (48) hour work week in which one (1) paid statutory holiday occurs, overtime will be paid for hours worked in excess of forty (40). Should it happen that two (2) recognized paid statutory holidays occur in one week then overtime will be paid for hours worked in excess of thirty-two (32) of that particular week.
 - b) In a thirty-six (36) hour work week in which one (1) paid statutory holiday occurs, overtime will be paid for hours worked in excess of twenty-eight (28). Should it happen that two (2) recognized paid statutory holidays occur in one (1) week then overtime will be paid for hours worked in excess of twenty (20) of that particular week.

The foregoing applies only to recognized paid statutory holiday hours and no other hours on which time and one-half has been paid, or hours paid for call time may be used for the purpose of calculating the work week in 21(a) and (b).

- (22) When an employee works on a scheduled day off on a 12 hour Compressed Work Week shift, he/she has the option to bank overtime after 8 hours worked.
- (23) If an employee works more than four 48 hour tours in an 8 week averaging cycle, he/she will be paid overtime and call time for working on any designated day off within that averaging period and he/she will be able to decline the additional work on the same basis as normally pertains to working on days off.
