The general purpose of this Agreement is to establish and maintain collective bargaining relations between the Company and the Union and to provide machinery for the prompt and equitable disposition of grievances, and to establish and maintain mutually satisfactory working conditions, hours of work and wages for all employees who are subject to the provisions of this Agreement.

The parties hereto recognize their mutual interest in and responsibility for the successful operation of the Company and agree it is the duty of the Employer and the Employees to promote at all times the progress of the Plant by co-operating to the fullest extent in all matters having to do with the successful operation of the Company.

Use of the masculine gender in this Agreement shall be considered also to include the feminine where applicable.

**ARTICLE 1 - RECOGNITION**

1.01 The Company recognizes the Communications, Energy and Paper-Workers Union of Canada as the bargaining agent of all employees of Revlon Canada Inc., save and except supervisors, persons above the rank of supervisor, office, laboratory and sales staff.

**ARTICLE 2 - UNION SECURITY**

2.01 In order that the Union and its members be furnished with the most effective means available to demonstrate their responsibility in discharging their Collective Agreement, the Company agrees that it shall be a condition of employment for all employees in the bargaining unit to make application for and to become and remain members of the Union.

2.02A All employees within the bargaining unit shall, as a condition of continued employment sign an authorization form, supplied by the Union, authorizing the Company to deduct the amount of monthly dues which the Union uniformly levies upon its members in accordance with its Constitution.

2.02B All temporary employees will be deducted Union Dues following the completion of 90 days worked. Union Dues will be deducted in the first month during which the temporary employee has completed the 90 days worked.

2.03 In addition, the Company will deduct, on the second pay

day of each month, an amount set by the Local Union and remit same to the Financial Secretary of Local 323. A list consisting of each employee's name shall accompany each of these cheques, with the provision that the list supplied with the first week's deduction shall include each employee's standard hourly rate

Should the Union require any change in the amount of the Union Dues the local union will advise the Company of any change thirty (30) days prior to the effective date. The Company will also deduct the Union's uniform initiation fees from new members from the first pay of the month following the month of the employee's acceptance to membership in the Union.

The Company will remit all monies owing to Local 323's Financial Secretary not later than the 10th day of the month following the month monies were deducted.

- 2.04 The Union agrees to defend and hold the Company completely harmless against all claims, demands and expenses should any person at any time contend or claim that the Company has acted wrongfully or illegally in making such checkoff deductions.
- 2.05 If any employee is absent from the work at the time of deduction, that month's dues will automatically be deducted the following month, in addition to the current month's dues, provided he has worked a minimum number of hours in each month as prescribed by the Local Union.

### **ARTICLE 3 - PROBATIONARY PERIOD FOR NEW EMPLOYEES**

- 3.01 All newly hired employees in Grade G, F and E will be placed on a ninety (90) "days worked" probationary period. All other newly hired employees will be placed on a one hundred and twenty (120) "days worked" probationary period. The Company may discharge workers during their probationary period with or without cause, in its sole discretion and without the right of review on the part of the workers or the Union.

### **ARTICLE 4 - HOURS OF WORK**

- 4.01 It is understood and agreed that this Article defines the usual hours of work and shall not be construed as a guarantee of days of work per week or as a guarantee of working schedules

- 4.02 **Definition of Day and Work Day**  
A "Day" is the twenty-four (24) hour period beginning with the start of an employee's scheduled shift. The "work day" is eight (8) consecutive hours of work in the twenty-four (24) hour period.
- 4.03 **Definition of Work Week**  
The usual "Work Week" is made up of five (5) days Monday through Friday.
- 4.04 **LUNCH PERIODS** - a thirty (30) minute unpaid lunch period will be provided on each shift.
- 4.05 The usual hours of work per week for all employees shall be forty (40) hours Monday to Friday as follows:
- |                  |                        |
|------------------|------------------------|
| 1st shift:       | 8:00 am to 4:30 pm     |
| Afternoon shift: | 3:30 pm to 12 midnight |
| 3rd shift:       | 11:30 pm to 8:00 am    |
- 4.06 The Company may establish different shifts other than those contained in Article 4.05 provided the employees affected receive 48 hours prior notice.
- 4.07 **REST PERIODS** - a ten (10) minute paid relief period will be allowed during the midpoint of each half shift.
- 4.08 In the case of lateness in returning from lunch employees will be deducted the time closest to the nearest tenth of an hour.
- 4.09 The Company shall notify the Union not later than April 15th of each year, of their intent to implement full or partial summer hours. Should summer hours be implemented, they shall commence on the last Monday of May and end on the Friday prior to Labour Day Weekend. The hours of work during the above noted summer hours shall be:
- |                         |                   |
|-------------------------|-------------------|
| Monday through Thursday | 7:00am to 4:30pm  |
| Fridays (No Lunch)      | 7:00am to 11:00am |

**ARTICLE 5 - SHIFT WORK**

- 5.01 Effective as of the date of ratification all employees assigned to a shift which regularly starts at 4:00 p.m. shall receive a shift differential of \$0.50 per hour. All employees assigned to a regular shift commencing after 11:00 p.m. shall receive a shift differential of \$0.60 per hour.

- 5.02 Employees hired for the day shift will not be involuntarily transferred to another shift. If there is *no* work available for such employees on the day shift, they will be permitted to elect to be laid off under the seniority provisions of the Collective Agreement rather than accept a shift transfer.
- 5.03 Shift work will be voluntary on a plant seniority basis provided the employee has the minimum qualifications to do the job.

#### **ARTICLE 6 - OVERTIME**

- 6.01 Employees are expected to work reasonable overtime hours schedules for their job classification. Except in emergency situations, the employer will attempt to schedule overtime at least 24 hours in advance. An employee who cannot work overtime due to compelling personal reasons, should notify his/her Supervisor as soon as the overtime schedule is announced. To the extent it is deemed practical, the Employer will try to assign overtime work equally to all employees in a job classification. Overtime however, will be offered to departmental employees in order of seniority, on a rotating basis. A refusal to work the overtime will be considered time worked for the purpose of rotation and the employee will not be asked to work overtime again until the rotation comes back to them. Should the Company need additional employees to the number agreeing to work, then seniority outside the department, in the job classification, subject to necessary qualifications will prevail. Overtime at the Company request will be paid at the employees regular rate or the rate where the overtime exists whichever is greater.
- 6.02 Overtime worked at the employees option shall be the rate for the job done on overtime. Also provided that an employee's refusal to accept overtime at a lower rate shall be reasonable.
- 6.03 One and one half (1 1/2) times the straight time hourly rate will be paid for all time worked in excess of eight (8) hours per day in excess of forty (40) per week, except in a week in which a holiday is celebrated, in which the forty (40) hours would be counted as thirty-two (32) and all work on Saturday, except in the case where a different shift is instituted (as per Article 5.01 & 5.02) starting on a day other than Monday. In this case, one and one half (1 1/2) times the straight time hourly rate will not be paid

for Saturday as such but will be paid for the sixth day scheduled.

- 6.04 Employees who work on a recognized holiday will receive time and one half for all hours worked in addition to any holiday pay for which they were eligible. Employees will receive double time for all hours worked on Sunday except in the case where a different shift is initiated (as per Article 5.01 & 5.02) starting on a day other than Monday. In this case, double time for all hours worked will not be paid for Sunday as such but will be paid for the seventh day scheduled.
- 6.05 Effective the date of ratification of this contract, employees who work two working hours or more at the beginning or end of their shift or a full eight hour day on Saturday or Sunday will receive a meal ticket good for a meal in the company cafeteria, value up to \$6.00 in addition to their overtime pay, provided the Company has not given notice to the employee prior to noon of the previous day, of the need to work overtime. The meal ticket will be provided to the employee no later than lunch break on the next regular work day and is to be used to purchase a meal.
- If the employer requests employees to work a specific amount of overtime hours, and the employees agree to work the number of hours specified, they shall be guaranteed payment for the number of hours if the work is done in less time than specified or is not required, provided they are present to work and the reasons for the specified amount of overtime hours being less are not beyond the Company's control. The foregoing shall also apply when employees are requested to work overtime on inventory. The employer has the right to substitute alternate work in order to keep the employees actively employed for the total hours agreed for the overtime period.
- 6.06 An employee who has completed his regular shift and has clocked out and is then recalled to work extra time, shall receive a minimum of four (4) hours straight time pay or shall be paid at the appropriate overtime rate for hours so worked, whichever is the greater
- 6.07 An employee who reports as scheduled for work at the beginning of his regular shift, unless he has been notified not to report, will receive at least four (4) hours of work at

his straight time base hourly rate or shall be paid for four (4) hours at his straight time base hourly rate exclusive of premiums except where the employer is unable to provide work for the employee because of fire, lightning, power failure, storms or other reasons that are beyond the control of the employer, resulting in the stopping of work. An employee who reports may be assigned to any job providing he/she is paid their regular rate.

- 6.08 When an inventory is being taken which reduces the number of employees required for the normal operation of the plant, the employees not required for such operation shall be assigned to inventory work traditionally done by union members on the basis of seniority. The foregoing shall also be effective for inventory overtime.
- 6.09 As inventory is a legal obligation, employees will be required to work one scheduled inventory whether on a scheduled regular work day or a Saturday or Sunday. The Company will inform employees in advance, which of the two inventories taken will be obligatory.

#### **ARTICLE 7 - PAID HOLIDAYS**

- 7.01 The paid holidays that will be observed are:

- If a holiday falls on a Monday or Friday it shall be observed on either Monday or Friday of the period.
