- e) Names of test takers will be removed from all of the written tests for a position prior to marking.
- f) If an employee is unsuccessful in a permanent posting process, they may, no more than once per year, request a meeting with Human Resources to review their application, the interview and/or test results for an unsuccessful posting. This request must be made within a month of the applicant being notified of the decision with respect to a posting. It shall be the responsibility of laid-off employees to keep the Employer advised of their current resident address. If a laid off employee fails to report, within eight (8) calendar days of the mailing by registered post of the notice to recall to the most recent address of the employee filed with the Employer, then the Employer shall be free to offer the job to the employee next in line for recall and the laid off employee who failed to report will be deemed to have resigned. An Employee's recall rights expire when they obtain through competition, a higher position within the same employment status from which they were laid off.

Employees who have been successful in exercising bumping rights will be recalled to the same classification and status from which they were laid off unless they are able to bump into a higher paid classification or the employee obtains a higher classification through competition.

Re: JOB EVALUATION MAINTENANCE

The parties agree to maintain a job evaluation maintenance process and Joint Job Evaluation Committee (JJEC) that will review new classifications and/or classifications with significant changes in duties.

The Parties have agreed upon Terms of Reference for the JJEC and these Terms of Reference may only be amended or changed with unanimous agreement of the voting Committee members and with the approval of the CUPE 905 York Region chair.

The Job Evaluation system will include procedures for maintenance of the system including the evaluation of newly created union positions. The duties, responsibilities and accountabilities of such positions may, in some cases, change significantly once the position has been staffed for a period of time. This letter of clarification shall outline maintenance procedures for the evaluation of new positions and clarify the scope of the JJEC.

The parties agree to the following:

New Positions

1. In order to commence recruitment of new positions, the Employer shall initially set the wage rates and advise the Union of the Pay Grade and Schedule.
2. The committee will review the evaluations of these new positions **within six (6) months**.
3. Should a re-evaluation determine that the job rating is at a higher grade level, the wages for the incumbent will be adjusted upward to the nearest salary rate closest to, but not lower than, the employee's current wage rate retroactive to hire date.
4. Should the re-evaluation determine that the job rating is lower than originally evaluated, the employee will receive "red-circle" salary protection, on the following basis:
 - a) Where the employee's wage rate is higher than the new grade level maximum, the employee shall retain their current salary. Economic adjustments shall not apply until the wage range of the new level meets or exceeds their wage level.
 - b) Where the employee's salary level falls within the range of the new level, they will be entitled to the normal salary progression within the new range until they meet the maximum of the new range.
5. For clarity, this evaluation process as described above is applicable only to newly created union positions.

Changed Positions

6. The Manager of Compensation and the CUPE Local 905 Unit Chairperson will determine if a review of a position by the JJEC is warranted.
7. Requests for evaluation review may be initiated by the appropriate Management and/or the incumbent provided that they include documented support of fifty (50%) percent plus one of the population for that position.
8. The classifications with significant changes to duties must be accompanied by a current signed position description reflecting the changes in the position.
9. The effective dates of any salary adjustments as a result of a classification review shall be the date of the request for evaluation review.
10. For purposes of clarity, the scope of the JJEC shall include the following:
 - a) To determine the appropriate and defensible job evaluation rating for each classification in the bargaining unit based on available information such as, but not limited, to job descriptions, job evaluation questionnaires, job postings and organization charts.
 - b) To ensure detailed records of JJEC deliberations are maintained.
 - c) To discuss ways to improve/clarify the job evaluation process and/or methodology and to make recommendations.
11. For purposes of clarity, the scope of the JJEC **shall not** include the following:
 - a) To determine weighting factors for the questions in the questionnaire; or
 - b) Compensation rates (wage/salary schedules) which are attached to classifications; or
 - c) Organizational design and structure issues; or
 - d) Job requirements and/or qualifications.

12. SETTLEMENT OF DISAGREEMENTS WITHIN THE JJEC

- a) In the event the JJEC is unable to reach agreement on the rating of a job or jobs, the co-chairpersons of the committee shall request, within ten (10) working days, that each party designate an advisor to meet with the committee and attempt to assist in reaching a decision.
- b) If, after meeting with the two (2) advisors appointed pursuant to 12(a) above, the committee remains unable to agree upon the matter in dispute within fifteen (15) working days, then either the Union or the Employer may refer the matter to the Job Evaluation Arbitration by stating this intention in accordance with Article 9.

- c) Either party may, by written notice to the other party, refer the dispute to a single arbitrator/mediator who shall be selected by agreement of the parties. If the parties are unable to agree, either party may request the Minister of Labour to appoint an arbitrator.
- d) The Job Evaluation Arbitrator shall be governed by the Collective Agreement, the Terms of Reference and the Job Evaluation tool and shall not have the power to modify or amend any of their provisions. The jurisdiction of the arbitrator shall be limited to the matter in dispute, as submitted by the parties.
- e) The Job Evaluation Arbitrator shall have the powers of an arbitrator appointed pursuant to the collective agreement and may conduct the hearing in any manner which is procedurally fair including, without limitation, establishing a procedure for expediting the arbitration including requiring written briefs, or having the parties present will says or such other additional information as deemed necessary.
- f) The arbitrator's fees and expenses shall be borne equally between the parties.
- g) The time limits contained in this article may be extended by mutual agreement of the parties.

13. Reconsideration Process

The Parties agree that during the life of this Collective Agreement the JJEC, each with the support and participation of an advisor if they so wish, will discuss the establishment of a Reconsideration Process.

Reconsideration is a process where, following a job evaluation decision, any member of the JJEC becomes aware of significant new information about the position which might have amended the rating in a material way.

Within 90 days of the ratification of the Collective Agreement the Co-chairs of the JJEC will pre-set four meetings, separate and apart from Tuesday meetings, for this purpose and to discuss the experiences of such processes in other Municipal environments.

**LETTER OF UNDERSTANDING
BETWEEN
THE REGIONAL MUNICIPALITY OF YORK
AND
CANADIAN UNION OF PUBLIC EMPLOYEES
LOCAL 905 (YORK REGION UNIT)**

RE: “INITIAL AREA OF EMPLOYMENT” AND “LOCATION”

WHEREAS the parties recognize that the Employers’ operations primarily occur at a number of work areas within the geographical area of the Region of York.

AND WHEREAS all employees, excluding casual and temporary employees, must have one of these work areas identified as their location of employment.

AND WHEREAS there may be employees who are required to work in other work areas within the geographical area of the Region of York.

AND WHEREAS the parties agree to minimize the disruption and inconvenience that may result from employees being required to work from a number of work areas.

AND WHEREAS the parties agree that the Community and Health Services Department is included in this agreement.

AND WHEREAS the parties agree that the Community and Health Services Department - Paramedic Services, is excluded from this agreement.

NOW THEREFORE the parties agree that the intention of identifying the “initial area of employment” in Article 13.4 and the method to be used to change the “area of employment” shall be as follows:

1. The address of a facility used by the Employer shall be identified as the work location for a vacant or new position that will be posted in accordance with ARTICLE 13 – HIRING, PROMOTIONS, TRANSFERS & STAFF CHANGES and this address will be the “initial area of employment” that is used in accordance with Article 13.4. This shall be the location where the employee will normally report for work at the regular start time and cease work at the regular quitting time.
2. At any time that an employee or employees are reassigned to temporarily work in a different location, six (6) months or less the following shall apply:
 - (a) If the work is normally performed as part of a team and the different location can be reached as part of a team being reassigned, transportation shall be provided by the Employer, and the same shall apply so that the employee is returned to the normal location by quitting time. This is only applicable for Transportation Operations Branch.
 - (b) If the different location is closer to the employees’ residence than the normal location, the employee shall be at the different location at the start time and shall leave at the quitting time, and mileage is calculated according to Article 23.4(a). An example of such reassignment is in Community and Health Services - Housing.

- (c) If the different location is further from the employees' residence than the normal location, the employee shall be at the different location at the start time and shall leave at the quitting time. Mileage is calculated according to Article 23.4(a).
 - (d) The employee shall normally be expected to report to the different location at the start time and leave at the quitting time, however it is agreed that flexible arrangements may be made to accommodate employees who will experience personal difficulties as a result of the temporary relocation. It is expected that employees will make all reasonable efforts to resolve any personal difficulties resulting from the reassignment. In the event that this is not reasonably possible, requests for such accommodations shall not be unreasonably withheld. It may be necessary to request another employee to accept the reassignment to ensure no service disruption.
 - (e) The reassignment may exceed six months with the mutual consent of the parties. The consent shall not be unreasonably denied.
3. Under normal circumstances, employees shall not have their normal work location changed, except for temporary situations. Notwithstanding this, if the Employer ceases operating from a facility, in whole or in part, and relocates the work to one or more other facilities, the employees who work at that location will be transferred, with their job, to the location of the other facility.
4. If the Employer requires the transfer of employee(s) within a classification (position), from one facility to another, for a period longer than six (6) months, the following shall apply:
- (a) If there is more than one employee affected, and more than the required number wish to be transferred, the most senior employee(s) shall be transferred.
 - (b) If there is more than one employee affected, and none wish to be transferred, the least senior employee(s) shall be transferred.

RE: PARAMEDIC SERVICES AND VACATIONS

1. Full-time Paramedics will be contacted in order of bargaining seniority by the Paramedic Services Scheduling office by May 1st each year to schedule vacation. A reasonable attempt will be made to contact the employee at the phone numbers listed on their Human Resource Services file. It is the employee's responsibility to ensure the most correct phone numbers are listed on file. If contact cannot be made vacation will be assigned based on any written request on file.
2. In order to maintain efficiency within Paramedic Services Operations the number of Paramedic staff allowed on vacation, overtime and/or statutory lieu days shall be:

	CP	PCP	ACP	SRU
Days & Day Peak Shifts	30%	30%	30%	50%
Night & Night Peak Shifts	30%	30%	30%	50%

The definitions for item 2 are: Day Peak: shifts starting between 00:00 to 11:59 hours, Night Peak: shifts starting between 12:00 and 23.59 hours. These percentages are in reference to the number of spots on the core schedule and reflect pre-scheduled requests. Expected core schedule numbers will be provided to CUPE prior to the annual booking process.

3. Permanent full-time and permanent part-time Paramedics (if hired) shall have a permanent work location. Permanent station assignments will be determined by qualifications (PCP vs. ACP) and bargaining unit seniority through a bidding process. Vacant station assignments will be posted electronically once per month. The assignment will become effective at the start of the next four (4) week cycle rotation. In order to be considered successful an employee must meet the qualifications by the effective date. Paramedics who are not assigned to a specific station shall be referred to as "swing shift" Paramedics, subject to 4;
4. Swing Shift' Paramedics shall be deployed in the following manner:
 - a) The "Swing Shift" Paramedics shall be designated to one of the following three (3) geographic areas of assignment:
 - i. North (stations in the municipalities of Aurora, Newmarket, East-Gwillimbury, and Georgina)
 - ii. Central-East (stations in the municipalities of Whitchurch-Stouffville, Markham, and Richmond Hill)

iii. South-West (stations in the municipalities of Vaughan and King)

5. Assignment to a geographic area will be determined by qualifications (PCP vs. ACP) and bargaining unit seniority.
6. "Swing shift" Paramedics shall be assigned based on skill level (PCP vs. ACP) to fill scheduled absences within their geographic area, or will default to a designated "swing station" in each geographic area. Paramedics assigned to the "swing station" shall contact the Paramedic Services Scheduling Office or Real Time Operations Centre (RTOC) Superintendent at least one (1) hour prior to the commencement of a day shift and two (2) hours prior to the commencement of a night shift.
7. When no assignment is available within their geographic area, "swing shift" Paramedics may be assigned to fill scheduled absences within an adjoining geographic area. In such a case the employee will be entitled to mileage from the point where the employee has travelled the same number of kilometres that the employee would have travelled from home to reach the designated default "swing station" and likewise on return home. The mileage expenses must be based on the shortest distance between the employee's home and the assigned station.
8. "Swing shift" Paramedics are not eligible for mileage if the assignment to an adjoining area is by employee request or mutually agreed upon.
9. "Swing shift" Paramedics will generally be assigned to the existing shift patterns used or a combination thereof, (e.g.: Peak vs. 24/7 vs. Transfer) within the same platoon cycle but the hours of work (shift) may be changed, subject to pursuant to Articles 15.7, 15.13 of the collective agreement and Employment Standards Act.
10. "Swing shift" Paramedics may be assigned to any station within their designated geographic area.
11. The existing level of "swing shift" Paramedics shall remain at twenty percent (20%) of the number of full-time Paramedics positions in the bargaining unit at the time the last collective agreement expired. In the event that the Employer changes its service such that additional full-time equivalent positions are created, such position(s) may be create as "swing shift" paramedics until the point that "swing shift" paramedics constitute fifty percent (50%) of the positions on the core schedule. Nothing in the foregoing shall result in the conversion of existing permanent positions beyond the existing twenty percent (20%) level.
12. If a temporary reassignment is required, the process shall be implemented in the following order, subject ACP and PCP skill level and need:
 - a) Casual Paramedics
 - b) Swing Shift Paramedics
 - c) Permanent full-time Paramedics
13. When a permanent full-time Paramedic who is normally assigned to a station is reassigned from that station before or after the commencement of their shift, the Employer shall provide transportation to and from the new assignment or reimburse pre-approved travel expenses or mileage costs.

14. For the purposes of item #13, the provision does not apply to a Paramedic who is temporarily assigned to a different work location due to training or continuing medical education.
15. Management may work in the position of a Paramedic for the purposes of maintaining their clinical practice. No regular full-time Paramedic will be displaced for this reason.

CONCERNING A UNION POLICY GRIEVANCE REGARDING THE USE OF AGENCY STAFF (13-PY-13) OF
JANUARY 18, 2013

MINUTES OF SETTLEMENT

WHEREAS the Union filed a policy grievance on January 18, 2013 (Case Number: 13-PY-13) challenging the Employer's practice of using employees supplied by agencies to perform bargaining unit work on terms other than those stipulated in the collective agreement (such persons are hereinafter referred to as "agency employees" or in the singular as an "agency employee").

AND WHEREAS the Employer's response is that it is entitled to use agency employees under the contracting-out provisions of the collective agreement.

AND WHEREAS the parties have agreed to resolve the grievance, without prejudice to their respective rights on the proper interpretation of Articles 2.1, 3.5, 13 and other relevant Articles of the collective agreement with respect to the Region's use of agency staff.

NOW THEREFORE, the parties agree as follows:

Understanding) will exist for the period of the current collective agreement, being April 1, 2016 until March 31, 2020.

2. The Union recognizes that there are limited occasions when the Employer shall be permitted to utilize agency employees to perform bargaining unit work. The parties agree that the limits and the terms of use of agency employees are as set out herein.

The Region further agrees that such pools shall be established and maintained at levels which are sufficient to meet the reasonably anticipated needs of each department. The Employer will report quarterly to the Union during 2017 of the composition of the casual pool in each department (including job function). **Re: LABOUR RELATIONS PILOT PROJECT PRESCHEDULED GRIEVANCE MEETINGS
AND EXPEDITED MED/ARB**

Within 90 days following the ratification of this Collective Agreement, the parties agree to meet and establish a working group of three persons from each Party, who may be supported by the CUPE National Representative and the Region's legal support, to develop and implement a Labour Relations (LR) Pilot Project for the 2022 and 2023 calendar years.

This Pilot will include working to establish some regularly scheduled branch Step 2 grievance meetings and Step 3 grievance meetings and a system for determining the grievances to be scheduled for hearing at these meetings in advance of the pre-scheduled dates.

This Pilot Project will also work to establish an expedited Mediation/Arbitration process which may be used for non-precedent setting cases where both Parties agree. This process is an informal and accelerated mechanism to facilitate a speedier resolution of the grievances arising out of the application of the Collective Agreement. The third-party Mediator/Arbitrator may establish a procedure including disclosure and/or written briefs and/or will says. The Parties will work to establish standing dates for the 2023 year for this expedited Pilot process.

In December of 2023, the parties will revisit both aspects of the LR Pilot Project to determine if there is mutual agreement to continue the process(es) for the duration of the Collective Agreement. Failing mutual agreement, the process(es) will end.

 - a) For clarity, the employees who are currently in the Permanent Part-Time Paramedic Pilot Program (see Appendix A), will have the option, within 30 days of the signing of this settlement, to have their status changes to Permanent Part-Time in accordance with the terms of this agreement or to remove themselves from the Permanent Part-Time Program and return to their previous status if they are deemed active and fit for duty as a Full-Time Paramedic. 2. The Employer shall determine and notify the Union of the number of Permanent Part-Time Paramedics required to support the scheduling model, however, the number of Permanent Part-Time Paramedics shall not exceed fifteen percent (15%) of the number of Permanent Full-Time Paramedics.
3. The Employer will review vacancies at least once per quarter and post any available vacant Permanent Part-Time Paramedic positions, notwithstanding the requirements under Article 13, in which qualified, active and fit for duty Permanent Full-Time Paramedics may apply for.
4. For the purposes of clarification, the definition of a Permanent Full-Time Employee, under clause 1.5 of the Collective Agreement is amended as follows:

6. For purposes of clarification, the definition of a Permanent Part-Time Employee, under clause 1.6 of the Collective Agreement is amended as follows: Permanent Part-Time Employee means an employee engaged to fill a part-time position for an indefinite period, and regularly working less than (30) hours per week, or in the case of a Primary Care or Advanced Care Paramedic regularly working an average of less than 36 hours per week."

Re: PARAMEDIC SERVICES ELIGIBILITY LIST (E-LIST) FOR COMMUNITY PARAMEDICS

WHEREAS Community Paramedics are a critical function of Paramedic & Senior Services Branch

AND WHEREAS, the recruitment process to fill each Community Paramedic vacancy requires interested and qualified Paramedics to successfully complete several specialized selection components which take a considerable amount of time to complete and resources to administer;

AND WHEREAS, once appointed, Community Paramedics require specialized training and mentorship before they can work in that capacity;

AND WHEREAS, the parties are desirous of creating a prequalification process to establish an Eligibility List (E-List) for Community Paramedics;

NOW THEREFORE, the parties agree to the following:

1. The Employer shall determine the number of Paramedics that are required to perform in the role of Community Paramedic;
2. An E-List will be created for Community Paramedicine at least once per year to pre-qualify candidates to fill all permanent vacancies and temporary vacancies of at least one month in duration;
3. The E-List becomes effective annually on creation and shall be valid for the filling of future vacancies that may occur during the following twelve (12) month period or until the list is depleted, whichever comes first;
4. Candidates must meet the qualifications for the Community Paramedic position as set out in the current job descriptions and must pass all selection components in order to be placed onto the respective E-List;
5. The selection criteria shall be based on the criteria set out in Article 13.7 (a) and excludes the provisions of Article 13.8 (Restrictions);
6. E-List candidates will be offered vacancies in accordance with 13.7 (a) using the Seniority list in effect at the time of offer and on a rotating basis. If an E-list candidate declines an offer, the candidate will be bypassed for that offer and remain in their eligibility ranking. If the candidate refuses additional offered vacancies within a 6-month window of the first refusal they will not be considered as additional refusals. If the candidate refuses a second offered vacancy greater than 6 months after the first, the candidate will then be removed from the E-List. It is understood that on a rotating basis means that a candidate completing

a TFT Community Paramedicine assignment will be placed at the bottom of the current respective E-List ranking;

7. It is understood that paramedics in active TFT Community Paramedicine assignments during the current E-List cycle will carry over to a new E-List cycle without having to undergo the qualification process again, provided they have completed all of the required selection components previously. At the conclusion of the TFT assignment, the employee will then be removed from the E-List for the remainder of that E-List cycle unless they have applied to and were successful in obtaining placement on the current year's E-List;
8. This agreement shall be in place until January 2024 or the expiration of the next renewal collective agreement, whichever happens first.
9. This agreement is without prejudice or precedent.

Re: PARAMEDIC SERVICES SUPERINTENDENT DEVELOPMENT PROGRAM

WHEREAS, York Region Paramedic Services has operated a Pilot and the Parties now wish to establish an ongoing Superintendent Development Program to support both daily paramedic operations in meeting staff and service quality needs as well as supporting the development of all staff;

AND WHEREAS, the Employer will create a prequalified list of candidates at least once every year to staff the Superintendent Development Program;

AND WHEREAS, the Superintendent Development Program will assist the Employer in filling temporary Superintendent roles on an intermittent basis, through short duration assignments to this higher non-union classification;

AND WHEREAS, this Program is distinct from use of a TFT replacement for longer duration requirements which shall be filled in accordance with the Collective Agreement;

NOW THEREFORE, the Parties agree to the following:

1. The Employer will determine the number of Paramedics that will prequalify for the Superintendent Development Program, including the method of selection and criteria required, however at a minimum, candidates must meet all the qualifications for the current Superintendent / Supervisor Paramedic Operations job description.
2. The Employer will determine and assign candidates to Superintendent Development Program shifts, at their discretion, which may require a change in shift pattern and work location and will endeavour to do so in a fair and equitable manner.
3. A candidate will be eligible to accept any Superintendent Development Program assignments which will be composed of short duration assignments for no more than fifty (50%) percent of their scheduled shifts per 4-week cycle. Candidates will continue to accumulate seniority in accordance with the Collective Agreement and have an amount equal to dues deducted while in these assignments.

Candidates who, through any combination of short duration assignments under the Program and/or non-union TFT assignments, exceed 50% of their shifts worked outside of the bargaining unit in any one (1) calendar year period will become ineligible for further TFT assignments for a period of three (3) months or twelve (12) months if there was a single assignment in excess of nine (9) months such that 12.6 applies.

Notwithstanding that ineligibility, the candidate may continue to accept short duration assignments during this period so long as these do not exceed 30% of their scheduled shifts per 4-week cycle.

4. The Employer will cap the number of candidates active in the Superintendent Development Program on any given shift to a maximum of 20. This number may change when mutually agreed upon by both parties.
5. Candidates who are accepted to the Superintendent Development Program, but are not assigned shifts, may require ongoing training, competency monitoring and development, to be determined by the Employer and this is to be performed as bargaining unit work.
6. The Employer can at any point remove a candidate from the Superintendent Development Program at their sole discretion, including but not limited to, if the candidate fails to successfully meet the professional expectations and requirements of the Program. In these instances, the candidate will return to their home role.
7. It is understood that while the Superintendent Development Program will commence upon ratification, current candidates in the pre-existing Pilot Program will not be prejudiced or excluded from participating in the Superintendent Development Program and, if they do so, will not be subject to the 50% limit in paragraph 3 until January 2023.

Re: MEAL OR REST PERIODS FOR PARAMEDICS

Paramedics who are working a twelve (12) hour shift shall be afforded two (2) meal/rest periods of forty (40) minutes each. One of the meal/rest periods is designated between the third and the fifth hour of work and the second meal/rest period is designated between the seventh and the ninth hour of work. This provision exempts Paramedics from Article 36.5 of the Collective Agreement.

A complete meal/rest period shall be deemed to have occurred once Paramedics have been at any Paramedic services facility or any other designated location for thirty (30) minutes during the designated time periods. For purposes of clarity, once the Paramedic receives thirty (30) minutes of a forty (40) minute meal/rest period without being interrupted for emergency calls, the requirement under this agreement has been met.

Meal/rest periods will not be interrupted for the assignment of nonemergency calls. Non-emergency calls include Codes 1, 2, 3 and 8.

If Paramedics have been unable, through no fault of their own, to have a complete meal/rest period (as defined in Item #2), Paramedics shall notify a Paramedic Supervisor/designate. If appropriate, the Supervisor will confirm that the Paramedic, through no fault of his/her own, was unable to take a meal/rest period and shall authorize the paramedic to submit a claim for seventeen dollars (\$17.00).

It is agreed and understood that during the term of this agreement, Management will take a proactive role in scheduling meal/rest periods for Paramedics. Management may also implement new strategies, including but not limited to, the introduction of Systems Status Controllers (SSC) and/or part-time and/or "peak shift" workers in order to assist in scheduling meal/rest periods.

The parties agree to meet quarterly through Labour Management Meetings to review Meal Rest Claims and as part of this will discuss how to operationally satisfy the need for a break when a meal/rest period has been missed.

The terms of this agreement apply in place of section 20 of the Employment Standards Act, pursuant to O. Reg. 491/06, s. 5 (1).

Re: LEAVE FOR LEAD STEWARD (YORK REGION UNIT & LONG TERM CARE UNIT)

As part of reaching this renewal Collective Agreement, the Employer and the Union will pilot a full time leave of absence for a Lead Steward in addition to the two (2) leaves under Article 7.2 in the Collective Agreement. During the life of the Collective Agreement, it is therefore agreed that subject to operational requirements and the ability to replace the employee, a temporary full time leave of absence shall be granted to one (1) employee who is elected or appointed to the Lead Steward position.

This pilot is being established to allow the parties to assess and determine whether having such a full-time leave will both ensure the availability of a steward to represent employees while also minimizing the disruption of local Stewards being withdrawn from the workplace during the workday. It is agreed and understood that the Lead Steward will primarily act as a steward while using other leave time for training of other stewards and administration.

The Employer will maintain existing wages and benefits for the employee on this leave. The Employer will invoice the Union and the Union shall reimburse the Employer for the cost of maintaining such employee's wages and benefits during the said leave of absence.

Re: NEW TEMPORARY POSITIONS

As part of reaching this renewal Collective Agreement, the Employer and the Union agree that they will pilot a project concerning new temporary positions within the bargaining unit.

During the life of the Collective Agreement, it is therefore agreed that a “temporary position” in Article 1.9 will also refer to a specific position utilized to meet a special program, project or new externally funded program of a temporary duration that exceeds twenty-four (24) months in duration and yet is less than forty-eight (48) months. Notice will be provided to the Union of posting an extended temporary position under this paragraph and, at their request, information about the program or project will be provided. The total number of positions shall not exceed 20 per calendar year or such greater amount as the parties may agree upon. Consent for such additional positions will not be unreasonably withheld where there is a sound operational basis.

This pilot will allow for the Parties to assess whether the use of such extended positions provides operational benefits and opportunities to the Employer, may provide greater certainty and stability for employees and may also improve opportunities for growth of full-time employment within the bargaining unit.

This LOU is agreed to without precedent or prejudice to any interpretations of Article 1.9 and is subject to the grievance procedure in Article 8 in the Collective Agreement. Positions posted under this pilot will not trigger permanent status under Article 1.7 and 1.8 unless the assignment has exceeded forty-eight (48) months in duration.
