K) Employees required by the Company to work in excess of nine (9) but less than ten (10) hours, shall be given one additional ten (10) minute rest period to be taken as follows: Where the overtime is to be worked prior to the commencement of a regular shift then the rest period will be taken immediately prior to the commencement of the regular shift. Where the overtime is to be worked following the completion of a regular shift, then the rest period will be taken immediately following the completion of the regular shift.

(L) Employees required by the Company to work in excess of ten (10) hours on any shift shall be given an eighteen (18) minute lunch period, with pay at the employee's applicable overtime rate, during which no work shall be performed when such employee has completed nine and one-half (9-1/2) hours of work on such shift.

OVERTIME

Section 6

(A) All work done in excess of the regular work day or the regular work week, as defined in Section 5 hereof, shall be paid for at the rate of time and one-half.

(B) Any employee, who, by order of the Company, reports for work after the regular starting time of their regular work day, except in the case of a shift change for the employee, shall be guaranteed four (4) hours work and shall be paid their regular straight time rate of pay for time worked prior to the regular quitting time of their regular work day and, if required to work thereafter on such day, they shall be paid time and one-half. Should any employee report for work after the regular starting time of their regular work day for any reason other than at the direction of the Company, such employee shall not be entitled to more than their straight time rate of pay until they have worked the number of hours equal to the number of hours constituting their regular work day.

(C) All work performed in excess of twelve (12) hours in any work day shall be paid for at the rate of double time.

(D) All work of up to eight (8) hours duration performed on Saturday shall be paid for at the rate of time and one-half. All work performed on Saturday in excess of eight (8) hours duration shall be paid for at the rate of double time, except as provided in Section 7 of this agreement.

(E) All work done on Sunday shall be paid for at the rate of double time, except that the first shift shall begin their regular work day on Sunday evening at straight time.

(F) All work done on any recognized holiday hereinafter mentioned, or day observed as such, shall be paid for at the rate of double time.

(G) Shift premiums shall not be included in earnings for the purpose of computing overtime but shall be paid in addition to the overtime rates.

Any employee wishing to work overtime in different departments shall place their name on a plant-wide list for such purposes and shall be considered after those in the affected department have been first given an opportunity to work said overtime.

Overtime hours recorded shall be reduced to zero on **January 1st** of each calendar year.

In accordance with the Collective Agreement, the intent is to distribute overtime as equally as possible.

Where possible, the employee will be given twenty-four (24) hours notice of overtime to be worked.

The foregoing provisions of this Section are not intended and shall not be construed as preventing overtime work, provided however, there shall be no discrimination in the assignment of overtime work, and overtime shall be allocated as equitably as practicable among the employees qualified to perform the work in question, it being understood that employees assigned to perform a job during the regular work hours shall also be assigned to the overtime work if any is required on that job, as far as practicable. Employees shall not be compelled to (but if requested to do so by the Company may at their own discretion) work more than twelve (12) consecutive hours, exclusive of the lunch period, in any twenty-four (24) consecutive hour period or more than forty-eight (48) hours in any week, which shall be construed to be Monday through Sunday. The Company will not request an employee to work more than twelve (12) consecutive hours, except in the case of an unforeseen emergency

(J) It is understood and agreed that the Saturday and Sunday pay provisions described in this Section 6 do not apply to employees on the Weekend Worker Shifts as provided in Section 5(H).

In this event, the amount of increase will be such as to result in a rate of pay equal to the maximum of the rate range.

(F) The Plant Job Progression System applies to the job classifications listed in the following table. Permanent vacancies in the un-shaded jobs (listed as number 1 in the following table) will be posted plant-wide in accordance with Section 14 (C) of this Collective Agreement.

Instead, an employee who has reached the maximum rate in the applicable rate range of a number 1 job shall, upon completion of three (3) months service at the maximum rate for the number 1 job, progress to the job listed as number 2. New hires will be provided with a copy of the Collective Agreement, including all letters of Understanding in booklet form upon date of hire.

SENIORITY

Section 14

(A) Each employee shall hold plant-wide seniority which shall date from the date of their most recent date of hire. Seniority shall consist of the sum total of an employee's continuous service with the Company. Layoffs due to lack of work, injury or illness of the employee, leaves of absence as hereinafter provided or other cause not due to the voluntary act or fault of the employee, shall not constitute an interruption of continuous service as used herein.

The Company will be cognizant of the Union's concern regarding the use of seniority in the application of the relevant provisions of the Collective Agreement. The parties agree that it is the ongoing goal to respect the service of senior employees in the application of provisions relative to promotion and to the movement of employees throughout the plant. It is recognized that in the large part, this will result from adequate and continuous training of employees.

(B) During the first seventy five (75) working days of his employment, a new employee, including those re-hired after severing their employment relations with the Company, shall be recognized as being a probationary employee and may, during such probationary period, be laid off or discharged as exclusively determined by the Company and, in such event, there shall not be any grievance processed with respect to such layoff or discharge. Upon completion of such probationary period, the seniority status of such employee shall start from the date they were originally employed.

(C) In cases of promotion to a posted vacancy, except to supervisory and salaried positions outside the scope of this agreement, demotions, upgrading, filling newly created jobs, transfers of employees, or when an increase of the working force is involved, the following qualifications shall be considered:

1. Skill and ability to efficiently perform the work in question in accordance with generally recognized shop requirements for such work.
2. Past performance.
3. Length of continuous service.

When qualifications 1) and 2) are relatively equal, length of continuous service shall be the controlling qualification. In cases of demotions resulting from layoff situations, Section 14 C) 2) will not apply.

Layoff/Recall

Whenever it becomes necessary to decrease the working force, probationary employees will be the first laid off to be followed if necessary by further layoffs in inverse order of seniority, provided those remaining employees have the ability required in order to do the work available. It is understood and agreed that in cases of restoration of forces, the Plant Chairperson shall be notified as soon as possible.

Status of Re-hired Probationary Employees

It is agreed that should a laid-off probationary employee be re-hired by the Company within six months of date of layoff that they will complete the balance of their probationary period, at the end of which time their seniority date will be their hiring date at the time of layoff.

Employees who have been laid off in accordance with the above provisions will be recalled to work in line with seniority provided they have the ability required to do the work available. The above does not apply to temporary layoffs as defined in Subsection (D).

If the available work to which the employee is being recalled is less than ten (10) working days, the employee shall not be compelled to accept the recall to work as a condition to retain their seniority status, except where such recall refusal would effect the efficient and orderly operation of the Company's plant and business. The Company in its efforts to contact an employee regarding such available work will not be bound by the detailed notification procedure outlined in Section 14 (E) 4) of this Agreement. The Company will notify the Union which employees are recalled under the above procedure.

If an employee is recalled to work within four (4) weeks of being laid off, they shall be recalled to the same pay grade as at time of layoff.

(D) In all cases of reduction of forces, the employees affected and the Plant Chairperson shall be notified according to the following schedule:

1. Employees with less than two (2) years continuous service shall receive five (5) working days notice.
2. Employees with more than two (2) years continuous service will receive ten (10) working days notice.

In the event that the reduction does not occur on the date the employee received notification for, the original notice will be null and void and the Company will be required to issue a new notice of reduction in accordance with the time limits of 1 and 2 above.

Any employee not so notified shall receive their regular rate of pay for any difference between the length of notice given them and the requirements provided for above. The above notice shall not be required with respect to temporary layoffs because of lack of work for a period of two (2) working days or less, or because of breakdown of machinery, or failure in supply of materials, floods, fires, Acts of God or other circumstances unforeseeable or uncontrollable by Employer, or because of discharge of an employee for proper cause.

(E) An employee's continuous service and their seniority status based thereon shall be terminated for the following reasons, unless the seniority status of an employee is restored pursuant to the grievance and arbitration provisions of this agreement:

1. If they resign or quit.
2. Is discharged for proper cause.
3. Absence from work without leave for three (3) consecutive work days unless the employee can prove a reasonable excuse for such absence and also can prove that their failure to apply for such leave was due to circumstances beyond their control.
4. Following a layoff, fails to advise the Company within three (3) working days of receipt of notice of their intentions to return to work at the time specified

in such notice, or fails to return to work on the date and at the time specified in the notice, which shall not be less than five (5) days nor more than seven (7) work days after the mailing or sending of such notice. (It shall be the duty of employees to notify the Company, in writing, of any change of address). In the application of Section 14 (E) 4) and subject to production demands, the Company will consider requests from employees being recalled for an extension of return to work date to a maximum of five (5) work days where recalled employees in question are required to give notice of termination with another Employer of at least five (5) work days.

5. When an employee has performed no work for the Company, excluding leaves of absence (including weekly indemnity and LTD), for any reason other than a job-related injury for which they receive Workers' Compensation Board benefits, for a period of time equal to the employee's length of service acquired at the time of going out of service, except that this period shall not be less than six (6) months nor more than thirty (30) months.

(F) The Company shall, within fifteen (15) days after the signing of this Agreement, furnish the Union and post on its bulletin boards, a seniority list containing the name, date of employment, clock number, classification of each employee, **and designations of employee(s) to lead hand**. Revised seniority lists, including highlighted changes shall be furnished to the Union by the Company and copies thereof shall be posted by the Company on its bulletin boards each three (3) months during the term of this Agreement. Revised seniority lists shall be reviewed with the Plant Chairperson at least two (2) days prior to the Company posting copies thereof on its bulletin boards. Any appeals from such seniority lists shall be made within ten (10) regular work days following the date the seniority list is posted by the Company on its bulletin boards, otherwise the contents of such seniority list shall be considered final. In order to facilitate the proper administration of this Agreement, the Plant Chairperson shall be furnished, upon request, information concerning the employment date and classification of any employee to whom this Agreement is applicable. The Company also agrees, under such circumstances, to inform the Plant Chairperson of any case of an employee being below the minimum or above the maximum of the applicable rate range for their job classification.

(G) Any employee to whom this Agreement is applicable who is transferred to a position outside the bargaining unit after the date of this Agreement shall forfeit all rights and privileges including seniority within the bargaining unit.

(H) In the event of a layoff, the Plant Chairperson during their term of **office** will be retained in the employ of the Company as long as there is work available for them which they are qualified to perform, regardless of their position on the seniority list. **The Plant Chairperson shall remain, during their term, on shift with the majority of the membership.**

(I) It is understood and agreed that any decisions related to the promotion of an employee to Lead Hand, the removal from an employee of the Lead Hand designation and the determination of the number of Lead Hands required, shall rest exclusively with the Company. The Company will inform the Shop Committee prior to the promotion or the removal of a Lead Hand. **All Lead Hands shall be posted on the Seniority List as per Section F above.**

9. Lead Hand shall not administer discipline to other employees.

(J) The Company agrees to post newly created or newly established permanent jobs for hourly-rated jobs/vacancies above Job Grade II according to the following procedure. Job classifications listed as numbers 2, 3 and 4 in the Job Progression table in Section 8 (F) are not subject to this posting procedure except where there is a need to fill a permanent vacancy and no individual is available through the agreed-to progression schedule:

1. The job will be posted for three (3) working days and the posting will include the shift the vacancy is on.
2. The posting will list the qualifications required for the job.
3. Employees may apply for the posted job on Job Bid Forms which should be completed and forwarded to the Human Resources Department.
4. The Company is not obligated to fill the position from within the Company if no qualified applicants are available.
5. The Company agrees to allow the Plant Chairperson to review and comment on all applications for a job posting prior to the Company posting the name of the successful applicant.
6. The name of any successful candidate from within the Plant will be posted for three (3) working days.
 7. Successful candidates for postings shall be entitled to a period of ten (10) working days to determine whether they are physically able to perform the job or if there are any legitimate environmental factors that may affect them. Should the employee determine that such factors or reasons exist and can substantiate them, they shall then be entitled to return to their previous job and shift. Also, during the ten (10) working day period the Company may elect to return the employee to their previous job and shift based on the criteria above. In the event an employee elects to return, or is returned by the Company, the next senior employee who posted for the job will be moved into the vacancy.

In the application of this Subsection (J), qualifications as outlined in Subsection (C) above will apply.

(K) Temporary vacancies are defined as vacancies that are projected to last thirty (30) calendar days or more that arise from instances such as vacations, sickness, WCB and leaves of absence. A qualified employee is defined as an employee that currently or previously performed the job classification.

Temporary vacancies will be filled as follows:

1. Offered to available qualified employees from within the department on that shift in seniority order.
2. If the vacancy is not filled in accordance with 1 above, the vacancy will be posted. In order to be awarded the vacancy as a result of the posting, an employee must be qualified as defined above.
3. If the vacancy is not filled in accordance with 1 or 2 above, the Company will implement the "Temporary Transfer" provisions of the Agreement if employees are available due to a reduction of work.
4. If the vacancy is not filled in accordance with any of the above three provisions, the Company will recall the senior qualified laid off employee if employees are on layoff.
5. If the vacancy is not filled in accordance with any of the above four provisions, the Company may assign the least senior qualified employee on that shift from the department or plant to fill the vacancy.
6. When the employee whose absence caused the vacancy returns to work, the employee then filling the vacancy will be returned to their previous job/department and shift.
7. In the event it is determined that the employee who is absent is not going to return to work, the vacancy will be considered a permanent vacancy and will be filled in accordance with the progression (Section 8F)/posting (Section 14J) provisions of this Agreement.

(L) TEMPORARY TRANSFER

A temporary transfer is defined as a transfer of an employee to a job in another department that arises due to a lack of work in an employee(s) home department. Lack of work is defined as a reduction of work available in any given department from

predicted or planned levels which necessitates the movement of employees within the plant. A lack of work may or may not result in a layoff from the plant.

Any affected employees will be given the choice of work in other departments based on seniority and qualifications. If the transfer lasts more than ten (10) working days, a transferred employee may at their discretion displace a junior employee in the same department on a different shift based on seniority and qualifications. To facilitate these transfers the Company shall immediately request from each employee affected by a resulting displacement their choice of department and shift. This process is intended to result in all affected employees being in place in their department/shift choice on the eleventh day of the temporary transfer should it last that long or longer.

A transferred employee will maintain their rate of pay from their home department unless the job they are being transferred to is the same rate of pay as the job they held in their home department or a higher rated job. If the rate of pay on the job the employee is being transferred to is a lesser rate of pay, the employee's job grade will be reduced by one job grade ten (10) working days after the transfer. Regardless of whether or not the employee's job grade is maintained or reduced in accordance with the provisions of this paragraph, an employee may progress in accordance with the progression rates in the department he is transferred to if there are higher rated jobs in the department. If the employee was frozen at their rate of pay in their home department, the employee must elect to unfreeze within the first ten (10) working days in the transferred to department in order to progress in pay if applicable in accordance with the provisions of this paragraph.

Transferred employees will be recalled to their home department in accordance with their seniority as vacancies occur in their home department. Employees shall not refuse a recall back to their home department. No vacancy will be posted in a department until all transferred employees have been recalled to the department. Employees returning to their home department will return at the rate of pay they held when they were transferred from the department. If an employee was frozen at their rate of pay in their home department, the employee will be considered as frozen when returned to their home department.

The ten (10) working days referred to in these provisions will be applicable to a maximum of two (2) consecutive temporary transfers after the employee has been transferred from their home department.

(M) A temporary assignment is an assignment that arises as the result of a daily or short term opening that is expected to last thirty (30) consecutive calendar days or less. Once the Company has-considered the use of overtime, the Company may, at any time, temporarily assign any employee or employees to any class of work other than that in which they are normally employed. The Company will assign employees from within an affected department and shift for the balance of the week in which the opening occurs and thereafter if such employees are available on that shift before assigning employees from another department or shift. All assignments shall be based on the Company assigning the junior qualified employee.

Once a temporary assignment lasts longer than thirty (30) consecutive calendar days, the opening shall then be governed by the rules related to temporary vacancies.

No employee's rate shall be reduced as a result of a temporary assignment, however, if the job assigned is of a higher pay grade then the employee shall receive such rate for all time worked in the temporary assignment.

(N) In the event the Company notifies an employee on Friday of a shift change for the following week, and the shift change would result in the employee returning to work on Sunday with less than forty eight (48) hours from the end of their regular shift on Friday, the employee may elect to not work the Sunday shift, without pay. If the Company elects to fill the Sunday shift, it may utilize overtime or may elect to fill the opening by moving the junior qualified employee on the same shift on which the opening exists.

BEREAVEMENT LEAVE

Section 15

The Company shall grant bereavement leaves, with pay, to employees who request such leaves as a result of a death in the employee's immediate family. Such employee shall be granted an excused absence of three (3) working days at their base rate of pay for the purpose of attending the funeral and conducting other associated activities. In the application of Section 15, the Company agrees to extend the vacation time for an employee on vacation by the length of the bereavement leave. For the purpose of this Section, an employee's immediate family shall be defined to include their mother, father, step parents, spouse (including common-law relationships of one (1) year, and same-gender partners), child, stepchild, brother, sister, mother-in-law, father-in-law, step parents of spouse, grandmother, grandfather or grandchild.

LEAVES OF ABSENCE

Section 16

(A) The Company shall grant leaves of absence to employees called for jury duty, for the period of time an employee shall be required to sit as a juror. For such period of time, the Company shall pay to the employee an amount equal to the difference between the amount the employee actually receives while on jury duty and the amount received for working regular days at straight time rates of pay during the period of their jury service. The above will also apply to instances where the employee is required to act as a Crown Witness. To avoid hardship, the employee will receive their regular straight time rate of pay for such time as they are required to be absent during their regular working hours for the above purpose. When the employee is paid for jury duty or witness duty, they will bring the endorsed cheque to the Human Resources Department.

(B) Leaves of absence, without pay, shall be applied for in writing and presented to the Human Resources Manager who shall notify the Local Chairperson of such application within five (5) working days.. In the event a Leave of Absence is denied, the Company will notify the Local Chairperson of the denial. Such leaves of absence shall be granted in cases of confirmed personal emergency. Such leaves of absence may be granted for other reasonable causes, including specific union activities, provided production and maintenance requirements of the plant permit. All leaves of absence, without pay, shall be granted for a period not to exceed one (1) month, unless extended for reasonable cause by mutual agreement between the Company and the Union. The Company agrees that it will consider all requests for such leaves without favour or unfair discrimination.

(C) Any employee who, while on leave of absence, obtains employment with another employer without having obtained prior permission to do so from the Company and the Union, shall be subject to discharge. The Plant Chairperson shall receive a copy of the permission for the leave of absence within one (1) work day of it being issued to the employee. The Plant Chairperson or the employee's Shop Steward shall have their copy before the leave of absence becomes effective.

(D) Any employee elected or appointed as a Union Officer, or as a delegate to any labour activity, necessitating a leave of absence, shall be granted such leave, without pay, for an indefinite period of time. Employees granted such leaves of absence for Union business shall be re-employed by the Company at the end of such leave with accumulated seniority and all other benefits to which they would have attained, except for the intervention of such leaves of absence.

(E) At the written request of the Union, the Company will grant, without pay but without loss of seniority or benefits, a leave of absence for two members of the bargaining unit at any one time to attend the Union educational program provided such leave will not interfere with production or maintenance operations. The length of time for such leave of absence shall not exceed twenty (20) days class time per Calendar year per person. The Company requires at least three (3) weeks written notice under this Subsection.

(F) The Company agrees to grant an employee a **Compassionate Care and/or** Maternity/Parental (including Adoption) leave of absence in accordance with the Alberta Employment Standards Code. Seniority will continue to accumulate during this period (except for purposes of automatic progression in Section 8).

(G) The Company agrees to continue to pay regular wages for an employee who has been granted a leave of absence to attend Union business outside the Plant and to bill monthly the C.A.W. for such regular wages paid by the Company. The Union agrees to reimburse the Company by cheque made out to the Company within thirty (30) days from the billing date

(H) The Company has agreed to pay four (4) members (employees) of the Union Negotiating Committee their regular rate of pay for the time spent in all scheduled meetings with the Company.

GRIEVANCE PROCEDURE

Section 17

(A) The Union shall have the right to elect or appoint a Plant Chairperson and additional Shop Stewards from among its members employed by the Company. In the event that two (2) or more of the members of this group work in the same department, only one will be allowed to attend to union business either within or outside the department at any one time, except to attend meetings approved by a supervisor or manager. The Plant Chairperson, together with four (4) of the Shop Stewards as herein above provided for, shall constitute the Shop Committee. In the absence of a Shop Steward, the Union shall have the right to appoint a temporary Shop Steward. The Shop Stewards shall not be discriminated against for performing their duties as hereinabove provided. In the absence of a Shop Steward on a shift, the Union shall have the right to select a temporary Shop Steward. The Union shall notify the Company as soon as the Shop Steward is selected.

(B) The Union agrees to furnish the Company, in writing, the names of the Shop Stewards and Plant Chairperson, and will notify the Company of any changes made in these offices as they occur from time to time. The Company will not be required to recognize any Union representative where written notification of any such Union representative's appointment has not first been given to the Company.

(C) For the purpose of definition, a grievance is a difference of opinion between the Company and the Union, or an employee or group of employees covered by this Agreement, with respect to the meaning, interpretation, application or alleged violation of the terms of this Agreement.

(D) Should a grievance arise between the Union and the Company, the complaining or aggrieved party shall serve notice, in writing, to the other no later than five (5) working days from the date the event occurs which gives rise to the grievance and an earnest effort shall be made to settle the differences involved as hereinafter provided for, beginning with Step 3 of this Subsection (D). Should a grievance arise between an employee, or a group of employees, and the Company, the aggrieved employee or employees, as the case may be, shall present such grievance or grievances

immediately and except in cases involving an employee or employees returning from an excused absence or vacation, not later than five (5) working days from the date the event occurs which gives rise to the grievance. An employee or employees returning from an excused absence or vacation shall present a grievance or grievances involving an event which occurred less than five (5) working days prior to the start of such period of absence or during such absence immediately and, in any event, not later than three (3) work days following the date of their return to work. An earnest effort shall be made to settle the differences between an employee or group of employees and the Company in the following manner:

Step 1

Any grievance or complaint shall be presented for settlement to the Supervisor, in writing, on appropriate forms furnished by the Company and approved by the Union. Any employee or group of employees having a grievance may present it to the Supervisor either directly or with or through a Shop Steward, provided any adjustment made shall not be inconsistent with the terms of this Agreement. If the problem or difference is not settled satisfactorily within three (3) working days after being presented to the Supervisor, the grievance shall be presented within two (2) working days thereafter to be processed in Step 2. No settlement made in this step of the procedure shall have any binding effect upon future grievances involving the same subject.

Step 2

In case the complaint is not settled satisfactorily in Step 1, two Union representatives will take up the written complaint with two representatives of the Company. The appropriate Company representative shall investigate and render their decision in writing within three (3) working days after the grievance or dispute is presented in Step 2. If the decision rendered is not satisfactory, or if an appropriate Company representative fails to provide an answer within the time specified, the grievance or dispute shall, within seven (7) working days thereafter, be presented to be processed as provided for in Step 3.

Step 3

Complaints or disputes not settled as herein above provided shall be taken up by a representative of the Union and/or the full Shop Committee with the Chief Executive of the Company or their designated representatives and such additional reasonable number of representatives as either party may desire. The appropriate Company representatives shall investigate and report, in writing, the Company decision within five (5) working days following the day on which the grievance is discussed in this step of the grievance procedure. If the written decision in this step of the procedure is not satisfactory, the grievance or dispute shall, upon the written request of the Company or the Union, be submitted to arbitration in accordance with the arbitration provisions hereinafter set forth, provided such request is made within fifteen (15) working days after the Chief Executive of the Company or their designated representatives, as the case may be, renders their written decision as provided for in this step of the procedure. In the event that the Company answer provided for herein shall not be given within the time specified, the fifteen (15) day period referred to for commencing arbitration shall begin as of the day on which the answer became due.

(E) Failure by the Union to appeal a grievance decision in accordance with the provisions set forth above will result in the grievance involved being considered dropped or settled in accordance with the last decision rendered by the Company or its designated representative or representatives. It is understood and agreed that the time limits set forth in Subsection (D) hereof may be extended by mutual agreement between the Company and the Union.

(F) Any settlement arrived at between the Company and the Union in Steps 2 or 3 of the grievance procedure set forth above shall be reduced to writing in duplicate and signed by the Company and the Union and each party shall receive a copy. The Shop Stewards provided for and mentioned in this Section shall have and possess power and authority to act for and bind the Union only in connection with those functions, rights, obligations and matters provided for in this Agreement. They shall not have, or be deemed to have, any other authority to act for or bind the Union. All decisions and settlements arrived at between authorized representatives of the Company and

authorized representative or representatives of the Union shall be final and binding upon the employee or employees involved.

(G) The Company will be responsible for scheduling meetings on grievances in Steps 2 and 3 of the procedure set forth in Subsection (D) above and representatives of the Union will make all requests for meetings to the properly designated representative of the Company. The Shop Stewards will be paid for time lost from their regular work shift in discussing a specific grievance with the proper management representatives in their respective steps of the grievance procedure. Recognizing that the Shop Stewards have regular work to perform for the Company and that their grievance activity should be held to a minimum during their working hours, the Shop Stewards shall notify their respective supervisors before leaving their assigned work. It is understood and agreed that this privilege shall not be abused and that Shop Stewards shall respect requests by their supervisors to remain in their work area to complete a specific job. The expense of the Arbitrator shall be borne equally by the Company and the Union.

(B) The foregoing provisions for arbitration are not intended, and shall not be construed as in any way qualifying or making subject to change, any term or condition of employment specifically covered by this Agreement, nor shall the Arbitrator have any authority to alter or change any of the provisions of this Agreement, or substitute any new provision in lieu thereof, or make any decision inconsistent with the terms and provisions of this Agreement. It is expressly understood and agreed that the foregoing provisions for arbitration shall not apply to any dispute as to terms or provisions to be incorporated in any proposed new Agreement between the parties.

(C) However, the Arbitrator is hereby authorized and empowered to make their decision and award retroactive, including retroactive pay for employees improperly or unjustly laid off or discharged if, in their judgment, circumstances justify such award. Any dispute between the parties as to the interpretation or construction to be placed upon the award made as herein above provided for shall be submitted to the Arbitrator who made the award, who may thereupon construe or interpret the award so far as necessary to clarify the same, but without changing the substance thereof, and such interpretation or construction shall be binding upon all parties.

The Union further agrees that any employee, or employees participating in, taking part in, instigating or assisting in instigating, in such strike, picketing, sit-down, stand-in, slow-down, or curtailment or restriction of production or interference with work in or about the Company's plant or premises for the duration of this Agreement, shall be subject to discipline or discharge. The term "slow-down" shall mean a condition or wilful restriction or reduction of production by an employee which is within such employee's reasonable control.

The Union shall not post any defamatory or libellous notices on such bulletin boards.

(B) Subject to membership and executive approval after all costs have been reviewed, the Company will have a flag pole erected in the area of the current flag pole to fly a CAW flag if the Union is willing to bear the cost of the pole and the erection of the pole. Additionally, the Union will be responsible for the cost of ongoing maintenance of the flag pole, including the cost of replacement flags as necessary.

Section 23

(A) The Parties hereto recognize the importance of safety provisions in the Plant for the welfare of the employees and the protection of the Company's property, and recognize that all work will be performed in accordance with the Occupational Health and Safety Act, and its regulations and any amendments thereto. The Company agrees to make reasonable provisions for the safety and health of the employees during the hours of their employment. (K) The Company agrees to institute reasonable procedures or precautions to protect employees performing potentially hazardous work alone.

(L) Modified Work/Light Duties Program

The Company and Union agree to make every reasonable effort to provide suitable modified or alternate work that is both productive and meaningful to employees who are temporarily or permanently unable to return to their regular duties as a consequence of an occupational or non-occupational disability.

The Company and the Union will review cases of this nature on an individual basis. By mutual agreement between the parties, provisions of the Collective Agreement may be

amended or waived by Letter of Understanding to meet the needs of the disabled employee concerned and to modify the duties of a particular position.

Modified or alternate duties encompass any job, task, function, or combination of tasks or functions that an employee who suffers from diminished capacity, temporarily or permanently, may perform safely.

The Program has three basic components. The three components are:

Restricted Regular Duties

In situations where the employee's physician has authorized the employee to return to their pre-accident/illness position with some modification and/or on a gradual (time-reduced) basis, the Company will accommodate the employee. The Company will make every effort to have the employee return to work immediately and will accommodate the employee within the functional abilities prescribed by the employee's doctor.

Light Duties

In situations where an employee can only return to work on light duties, the Company has designated various "light duties" categories, which have different levels of physical requirements. These are listed and described in "Appendix A" along with examples of typical light duty jobs, which could be made available to the employee. These descriptions are available for a physician to review in order to be able to adequately assess whether or not an employee can perform one or more of them in keeping with the employee's physical restrictions. Typically, an employee will be on light duties until they receive medical clearance to return to their pre-accident/illness position. The Company will make every effort to return the employee to the workplace as soon as is medically appropriate.

Modified Work

In situations where an employee has been diagnosed with some permanent physical restrictions and is unable to return to their pre-accident/illness position, the Company and Union will endeavour to find the employee another suitable position.

In consideration of accommodating a disabled employee the following shall apply in the order listed below:

1. the employee's present position shall be considered for modifications.
2. positions within the employee's classification/department shall be considered or modified accordingly.
3. positions within the bargaining unit shall be considered or modified accordingly.
4. positions outside the bargaining unit shall be considered or modified accordingly.

Any alterations in seniority shall only be considered as a final resort after all other avenues have been duly considered by both parties. In situations involving layoff or recalls from layoff, seniority shall apply over any special arrangement that may have been established to accommodate disabled employees.

Such things as remaining in the bargaining unit, potential growth opportunities, physical capabilities of the employee versus physical requirements of the alternative positions, and other relevant items will be taken into consideration. The goal is to allow the employee to remain employed with Kawneer Company of Canada Limited in a comparable capacity to their employment situation prior to their accident/illness.

In general, the following steps apply to all three components of the program:

1. The injured/ill employee acquires a modified work/light duty form from the Company.
2. In the event of an accident/illness occurring at work and as a result, transportation being required to a doctor or hospital, the Company shall be responsible for providing or arranging said transportation. In most cases transportation will be by taxi. Any cost shall be borne by the Company.

3. The employee's supervisor and/or attending first aid attendant will accompany the employee to the doctor's office or hospital. If that is not possible, then a first aid attendant will accompany the employee.
4. The employee, supervisor, and/or first aid attendant will ensure that the attending physician completes the modified work/light duty form. The Company will cover any costs incurred for completing the form.
5. The completed form will be submitted to the Human Resources Manager for review (Plant Manager is the alternate).
6. It shall be the responsibility of the Joint Return To Work Committee, two designates from each of the Union and Company, to jointly investigate and find means to accommodate disabled employees and arrange for modified work/light duties within the employee's physical restrictions as outlined by the physician. Where appropriate, the parties agree to involve professional consultants, supervisors etc. It is understood that the employee in question shall be involved throughout the return to work process.
7. The employee then returns to the designated work.
8. The Supervisor of the area where the employee is working will monitor the situation for any problems to ensure the safety of the disabled employee as well as other employees in the workplace.
9. It is expected that all employees will cooperate with this program to the fullest extent that they are able.

(M) The Company and Union agree that the designated Union Representative and a designated representative from the Human resources department will meet weekly to review all employees currently on Restricted Regular Duties, Light Duties, and/or Modified Work. At the request of either party, individual employees, Union representatives and/or Supervisors may be involved in the weekly meeting.

(N) Employee Assistance

The Union shall select two (2) members of the bargaining unit as an Employee Assistance Representative to work with a designated Company Officer to jointly administer the Employee Assistance Policy.

TECHNOLOGICAL CHANGE

Section 24

At least forty-five (45) calendar days prior to the introduction by the Company of plant equipment and processes involving a substantial change in technology, the Company will review the implementation and implications of such changes with the Union. In the case of such notice, the Company will negotiate in good faith over the following items with the Union:

- 1) The nature of the change.
- 2) The approximate date of the planned change.
- 3) The employees who will be affected by the change.
- 4) How employees will be affected by the change.
- 5) Possible retraining opportunities for impacted employees.

The Company will provide updates to the Union on a reasonable basis following the above steps.

CONTRACTING OUT

Section 25

The Company and Union agree that for the purposes of contracting out work the following process will apply:

1. Except in emergency or unforeseen situations, the Company will discuss contracting out with the Union five (5) days in advance on planned work, except in an emergency situation.
2. The Company will provide the Union with a description of the work to be contracted out, the anticipated duration, the reasons for contracting out and the date the contract is expected to commence.
3. The Company will examine alternatives proposed by the Union.

WOMAN'S ADVOCATE

Section 26

The parties jointly recognize that female employees may face situations in which it may be more appropriate and comfortable to talk to another female employee or to be directed to specialized resources in the community dealing with such issues as domestic violence.

The parties agree to recognize the role of "Woman's Advocate" who will be selected by the Union to meet and assist with female employees as required to discuss problems and refer them to the necessary and appropriate agencies dealing with domestic matters.

The "Woman's Advocate" will be provided access to a confidential phone and/or private meeting space when necessary to meet with another female employee during which time there will be no loss of pay for either party. Communications will be jointly developed to insure female employees are aware of this role and how to contact the Woman's Advocate. Training for the Woman's Advocate will be discussed and provided as may be necessary and opportunities present themselves in conjunction with the plant's training programs.

Violence Against Women

The parties recognize that women sometimes face situations of violence or abuse in their personal life that may affect their attendance or performance at work.

Minute of Silence

During these negotiations the Union requested that a minute of silence be observed in the plants covered by this Agreement in memory of women who have died due to acts of violence. The moment of silence will be observed each year on December 6th, at 11:00am or when local plant management determines the observance will have the least impact on plant operations. Flags will be flown at half-staff to mark this occasion.

SAVING CLAUSE

Section 27

It is assumed by the Parties hereto that each provision of this Agreement is in conformity with all applicable Laws of Canada and the Province of Alberta. Should it later be determined that it would be a violation of any legally effective Federal or Provincial order or statute to comply with any provisions of this Agreement, the Parties hereto agree to re-negotiate such provision or provisions of this Agreement for the purpose of making them conform to such Federal or Provincial order or statute, and the other provisions of this Agreement shall not be affected thereby.

INTERIM AMENDMENT

Section 28

This Agreement may be amended at any time by an agreement in writing, executed by the Parties hereto. The party desiring such an amendment shall submit a proposal thereof in writing to the other party which shall be entitled "Request for Interim Amendment" and specify that it is given under Section 28, and upon receipt thereof the other party shall promptly consider such proposal and, if requested to do so, discuss it with the party proposing the amendment. The giving of such written "Request for Interim Amendment" shall in no way effect or result in a termination or expiration of this Agreement or prevent or obstruct any continuation or renewal thereof.

It is expressly understood that if any disagreement should arise between the parties as to any "Request for Interim Amendment" submitted by either party under this Section 28, such disagreement shall not be reviewable under the grievance procedure set forth in Section 17, nor arbitrable under the arbitration provisions and procedure set forth in Section 18 of this Agreement.

DURATION AND TERMINATION

Section 29

This Agreement, and any amendments thereto, shall continue in effect until midnight **February 28, 2017**, and shall continue automatically thereafter for periods of one (1) year each, unless either party notifies the other in writing by registered post, not less than sixty (60) or more than ninety (90) days before the expiration date, of its desire to terminate this Agreement. In the event of a notice of desire to terminate this Agreement is given by either party as herein above provided, the parties shall meet within fifteen (15) days from the giving of such notice, or within such further period as the parties may agree, for the purpose of negotiating a new Agreement.

If, pursuant to such negotiations, a new Agreement, or a renewal of this Agreement, is not reached prior to the current expiration date, the terms and conditions set forth in this Agreement and/or any amendments thereto shall continue in effect without change until a new Agreement is agreed upon or until a strike or lock-out occurs according to law.

NO DISCRIMINATION

Section 30

The Company and the Union agree that there shall be no discrimination, harassment, interference, restriction, or coercion exercised or practiced with respect to any employee by reason of age, marital status, family status, sex, race, creed, color, national origin, political or religious affiliations, disability, sexual orientation, nor by reason of Union membership or activity.

In keeping with the intent of the Human Rights Code of Alberta, where Human Rights issues lead to problems in the Plant, the Company and the Union agree to jointly investigate and address such problems.

The Company's policies that prohibit discrimination and harassment provide joint investigation and complaint procedures including Company and Union representatives. Furthermore, the Company is committed to providing training on this important issue to all employees. The duration, content and provider of the training will be jointly decided.

IN WITNESS WHEREOF, this Agreement has been executed by the parties hereto as of the date and year first above written, in the City of Lethbridge, Province of Alberta.

Dear Mr. Araki:

Letter of Understanding #1

Re: Training

During the 2003 negotiations, the parties had extensive discussions about their mutual desire to enhance training opportunities for employees.

The Company agrees to meet with the Union bargaining committee within sixty (60) days after ratification of this collective agreement. Furthermore, the Bargaining Committee / Company committee agrees to meet on a quarterly basis for the purpose to discuss and identify training needs, available sources of training and scheduling of such training.

It is the desire of the parties that this commitment to training will improve our pool of skills as we work for the purpose of addressing such issues as maintenance, workload demands that keep increasing and the reduction of overtime.

During the 2011 negotiations, the parties again discussed their concern about training opportunities for employees. Based on the discussions, the parties agreed to reaffirm the commitments and purpose set forth in the second and third paragraphs of this letter and accordingly will have an initial meeting within sixty (60) days after ratification of this agreement and will thereafter meet on a quarterly basis as set forth above.

Yours truly,

Letter of Understanding #2

Re: Kawneer's Obligations in the Event of a Partial or Permanent Plant Closure

This letter of understanding defines Kawneer's obligations in the event of a partial or permanent plant closure of its plant at 4000 18th Avenue North in Lethbridge, Alberta.

All employees will receive sixty (60) days notice of termination.

All full time employees, employed by Kawneer for at least three (3) months shall be given payment of termination pay equal to one (1) week of pay for each year of service up to a maximum payment of twenty weeks. This is inclusive of the Company's obligations under the Employment Standards Act.

Employees eligible for retirement may retire under the provisions of the Pension Plan and will be eligible for benefits as per the current Collective Agreement.

An employee may complete a direction under the Income Tax Act regarding termination pay and the employee's entitlement will be paid directly into an RRSP chosen by the employee.

Any vacation due will be paid upon closure.

In the event that Kawneer re-opens this facility within three (3) years of this agreement, the Union will have bargaining rights at this plant and eligible employees will retain recall rights in accordance with the seniority list in effect at the time of the plant closure.

An "eligible employee" is an employee who (1) is physically capable of performing the required job tasks at the recalled position; and (2) has the required skills and ability to perform the job.

In the event that Kawneer does not re-open this facility within three (3) years of this agreement, the union will cease to have bargaining rights at that location.

Labour Adjustment Program

- 1) The Company will participate in a labour-management adjustment committee, which will seek financial assistance from the appropriate government agencies.
- 2) The Company will provide adequate release time to members of the Adjustment Committee to effectively do their jobs.
- 3) Every worker who is to be laid off will receive a one-hour individual needs assessment conducted on company time, and provided at company expense.

Re: Employee and Family Assistance Program

During the 2006 negotiations, the Company and Union recognized the importance of an effective Employee and Family Assistance Program and that a more formalized structure involving CAW Representatives would be advantageous.

Both Company Policy and the Collective Agreement currently recognize CAW Representatives involvement in the joint administration of the EFAP. Within 60 days of the ratification of the agreement, the parties agree to meet for the purpose of establishing an EFAP Joint Advisory Committee with the intent of expanding CAW involvement. The Committee will consist of two (2) management representatives selected by the Company and two (2) union representatives selected by the Union. The mandate of the committee will include, but is not limited to, promotion, training and education, assessment of resources and evaluation of the effectiveness of the EFAP. The Joint Advisory Committee may make recommendations for the improvement of the EFAP Program as it sees fit.

Re: Lead Hands

During 2006 negotiations, the Union expressed concern regarding the use of Lead Hands.

This letter reconfirms that the role of a Lead Hand is limited to the duties specified in Section 14(l) of the Labour Agreement, and that Lead Hands will not be involved in recommending or administering discipline to any bargaining unit employee.

The Company is committed to the appropriate use of Lead Hands and to work proactively to prevent future problems from occurring. To that end, the Human Resources Manager and the Local Union Chair Person will meet with employees in the Lead Hand classification and their Supervisors to review and clarify the proper role of a Lead Hand in the facility.

It is further agreed that the Human Resources Manager and the Local Union Chair Person will meet with all newly appointed Lead Hands and their Supervisors to review and clarify the proper role of a Lead Hand in the facility.

It is further agreed that any issues raised by the Union in relation to specific Lead Hands will be dealt with in accordance with the above clauses.

During the 2011 Labour Agreement negotiations, the Union continued to express concern with the manner in which vacancies on the Lead Hand position are filled. Based on those concerns, the parties agreed that when the Company anticipates filling a vacancy on a Lead Hand position; it will post a notice for three (3) working days stating its intent.

Unifor

Dear Mr. Araki:

Letter of Understanding #8

Re: Continuous Operations

During the course of the 2009 contract negotiations the Company proposed the elimination of the weekend shift and the inclusion of language permitting for a 24/7 continuous operations schedule. Such schedule, as the name denotes, would be used in situations where the plant or a department would be needed to work 24 hours a day, 7 days a week, 365 days a year. The need to adopt such a schedule is rooted in the need to provide a cost advantage to Lethbridge in placing new or existing business into the Lethbridge facility. The current economic crisis facing the world and Kawneer makes it necessary to require such actions to place Lethbridge in as a competitive position as possible in attracting business to the facility and doing what is necessary to make the Lethbridge facility as financially viable as possible. Without such changes, the plant will not be as competitively positioned as it could be to attract business and capital resources.

The Company may at any time introduce a 24/7 continuous operation schedule within any department or subset of a department. Unless mutually agreed to otherwise, no service department (defined in this document as maintenance, janitorial, stock room or material handling) will move to such a schedule unless first implemented in a production department. It is understood that even if an entire department is on a 24/7 schedule, a portion of the department may remain or move to the traditional M-F 8 hour shift schedule which shall be selected by the employees in seniority order as per Section 5 (f).

The Company will provide the Union and employees a minimum of thirty days notice prior to the implementation of a continuous operation schedule and agrees that it will be for a minimum of eight (8) weeks duration unless otherwise agreed with the Union.

Where there is a conflict between the provisions of this Letter of Understanding and a provision of the Collective Agreement, the provisions of this Letter shall apply.

The Company and the Union recognize that situations may arise in the application of this continuous operation schedule that may require ongoing resolution and agree to work in a positive manner in addressing any problems that arise.

Continuous Operation Hours of Work:

1. The 24/7 continuous operation schedule will consist of four (4) crews working twelve (12) hour fixed shifts per day, seven (7) days per week, with a work week that averages forty-

two (42) hours of work per week per employee. For the purposes of this letter, the work week shall be from Sunday to Saturday inclusive.

2. Each twelve (12) hour shift will contain four (4) ten (10) minute paid breaks and an eighteen (18) minute paid lunch period as close to midway through the shift as possible.
3. Continuous operation break time schedules will be set after discussions with the Union seeking their input.
4. Day shift shall start at 7 am and night shift shall start at 7 pm.

Shift Premiums:

5. The shift spanning midnight will be considered the night shift and will be paid the appropriate shift premium rate.

Vacancies on Continuous Operation Schedules:

6. Vacancies will be posted and filled in accordance with the provisions of Section 14.
7. When an operation is scheduled to begin continuous operations for the first time, the Employer and Union will implement a start up program as follows:
 - Employees working in such departments that are moving to a continuous operation schedule will be canvassed in order of seniority to determine choice of fixed shifts on such schedule; once employees have made their shift selection, movement off of such shifts or from such departments can only be through the agreed to provisions of the Collective Agreement. During this start up of shift selection the Company may move employees between crews as long as the employees' shift choice by seniority is honoured. An employee may be assigned to a given shift during such start-up for a period of time necessary to insure the proper operation of the shift. Such an assignment will be considered a temporary assignment in accordance with Section **14M**.
 - The identified vacancies for continuous operation jobs will be posted and filled in accordance with the provisions of Section 14;

Overtime Pay and Distribution:

8. Employees scheduled to work on a continuous operation will be paid overtime premiums as follows:
 - Time and one half an employee's straight time hourly rate shall be paid for all hours worked on a Sunday to Saturday in excess of forty (40) hours when it is part of a regular continuous operation work week schedule and for all hours worked in excess of a regularly scheduled twelve (12) hour shift.
 - Two times an employee's straight time hourly rate shall be paid for all hours worked on a paid holiday and a Sunday scheduled day off.

- Except in cases of plant emergency, no employee will be forced to work on a scheduled day off. All overtime opportunities shall be voluntary.

9. Continuous operation overtime opportunities will be offered to employees in the following order:

- Employees in the Department, on the continuous operation schedule, not working that day;
- Qualified employees on the continuous operation schedule, not working that day;
- If notification of the vacancy does not allow sufficient time to follow the above procedure, qualified employees on the eight (8) hour shift immediately preceding the vacancy, first in the department, then plant wide may be asked to stay for up to four (4) hours to fill the vacancy;
- Any remaining overtime opportunities will be offered to employees in accordance with the principles established in Section 6.

10. The Employer and Union may mutually agree to modify overtime distribution procedures as necessary in order to meet the special requirements of a continuous operation schedule, to adhere to the principle of equal distribution of overtime or to comply with any applicable Provincial Standards or Codes.

Reporting Pay and Layoffs:

11. Employees scheduled to work on a continuous operation schedule will be provided with six (6) hours reporting pay. All other conditions of Section 10 will apply.

Vacations and Holidays:

12. Employees on a continuous operation will schedule vacations in accordance with the provisions of Section 11. Such vacation shall be based on each employee's personal accrual and an employee may schedule blocks of days off (two day blocks or three day blocks) but may not schedule individual days offs.

13. Employees scheduled to work on a continuous operation will receive Statutory Holiday pay as follows: Observation of the Holiday will begin on the night shift on the evening before the Holiday, or the day observed as the Holiday, and will continue for twenty-four (24) consecutive hours.

- Eight (8) hours holiday pay when the Holiday falls on an employee's regularly scheduled day off.
- Twelve (12) hours holiday pay when an employee is off on a regularly scheduled shift due to a holiday.'
- Twelve (12) hours holiday pay plus two (2x) times the employees regular rate of pay for all hours worked when an employee works their regularly scheduled shift on such Holiday.

Bereavement Leave:

14. Employees on continuous operations requiring leave under Section 15 – Bereavement Pay will receive leave with pay as follows:

- Death of an immediate family member as outlined in Section 15, three (3) consecutive scheduled work days off with pay, following the death;

Probationary Employees:

15. For the purpose of calculating the probationary period under Section 14, each continuous operation shift worked will equal 1.5 days of an employee’s probationary period.

Union Representation:

16. The Union shall be permitted to elect or appoint Shop Stewards as needed; additionally one continuous shift employee selected by the Union shall form part of the Health and Safety Committee if so desired.

Shift Schedule:

The shift schedule will be as follows:

	Day													
	1	2	3	4	5	6	7	8	9	10	11	12	13	14
Crew A		D	D			D	D	D			D	D		
Crew B		N	N			N	N	N			N	N		
Crew C	D			D	D				D	D			D	D
Crew D	N			N	N				N	N			N	N

- Day 1 is Sunday.
- Cycle repeats after Day 14.

Should either party desire alterations or amendments to this schedule or the contract language associated with such, they will meet with the goal of seeking a mutually agreeable solution.
