- 5.02 Contracting Out – Before any work would be contracted out that is presently performed by bargaining unit employees, it would be discussed with the Union. The Company will explain its reasons for subcontracting the work and give the local union an opportunity to suggest ways in which the work might otherwise be performed. The Company will give due consideration to the suggestions of the Union before making its final decision as to whether or not such work will be subcontracted. Should any jobs be eliminated, the affected employees would be displaced through attrition.
- 5.03 The Company will review the status of any laid off employees on a case by case basis and determine if there is any applicable bargaining unit work that can be performed by them at the rate assigned to the designated work. Final approval shall be determined by the Plant Manager or his/her designee.

ARTICLE 6 – UNION SECURITY

- 6.01 All employees who, on the effective date of this Agreement are members of the Union in good standing in accordance with its constitution and by-laws, and all employees who become members after that date shall, as a condition of employment, maintain their membership in the Union in good standing for the duration of this Agreement.
- 6.02 When new employees are required, any so employed shall, upon completion of their probationary period, become and remain members, in good standing of the Union.

- 6.03 The parties agree that the above clause will be exercised in a manner consistent with the Labour Relations Act of the Province of Ontario.

In cases where the President is unavailable due to scheduled vacation or other absences, for one (1) week or more, a designated official of the Union will take his/her place on the day shift Monday to Friday.

ARTICLE 7 – CHECK OFF OF UNION DUES

- 7.01 The Company agrees to deduct from the pay of the employee the monthly Union dues upon receipt of an authorized form duly signed by the employee making the request, and witnessed by a representative of management. The Union will be provided the opportunity to meet new employees during their orientation program.
- 7.02 The Union shall notify the Company, in writing, of the prevailing rate of Union dues.

- 7.03 If the total amount earned in excess of all other authorized deductions by the employee, for the pay period in which the dues are deducted, is less than the regular monthly dues, no deduction will be made for that month by the Company.
- 7.04 The Company agrees to deduct delinquent dues upon receipt by the Human Resources Manager, of a list from the Union.
- 7.05 The amount deducted will be forwarded by the 15th day of the month wherever possible to a designated officer of the local Union.
- 7.06 Regular union dues as defined by section 47 of the Labour Relations Act, 1995 will be deducted from the wages of probationary employees by the Company and remitted to the Union at the same time as are union dues in respect of permanent employees. This provision does not require probationary employees to become members of the Union prior to successfully completing their probationary period nor does it in any way alter or affect any other provision or article of this agreement (including without limitation the rest of article 7) relating to probationary employees or any of the Company's rights in respect to probationary employees.

ARTICLE 8 – ACCESS TO PREMISES

- 8.01 Properly authorized representatives of the Union will be permitted to enter the premises for the purpose of interviewing employees, handling complaints, disputes or grievances or working conditions. It is understood that such representatives, before entering the premises, shall notify the employer of their desire for admittance for such purposes. There shall be no interference with production.

ARTICLE 9 – NO STRIKES

- 9.01 There shall be no strikes, walkouts, slowdowns or sitdowns by the Union, or lockout by the Company during the life of this Agreement. It shall not be considered a violation of this Agreement if members of Local 1101 refuse to pass a legally established picket line when or if a legal strike is called by another Union.

ARTICLE 10 – RELIEF FOREPERSON

10.01 The Union agrees that the selection of the employee to replace supervision on a temporary basis shall be a management prerogative and that seniority will not be considered in any replacement situation. Employees who are chosen to be Relief Forepersons shall be trained as such up to a maximum of three (3) months, and may be used for relief purposes up to one hundred and eighty (180) days per year. If, after one hundred and eighty (180) days, the relief foreperson is scheduled to work such that he would displace a more senior employee, the first employee displaced will be scheduled for the same work week. The one hundred and eighty (180) day restriction will not apply to the Relief Foreperson acting in the scheduling capacity.

10.02 An employee who temporarily replaces supervisory employees on vacation or extended absence will receive an additional one dollar (\$1.00) an hour over and above the highest classification supervised. When the Company wishes to use an employee in this manner the Union will be notified in writing of the dates involved.

ARTICLE 11 – DISCHARGE CASES

11.01 The Union will not question the dismissal of any employee until after they have completed their probationary period as per Article 16.01. An employee will be considered on probation until after they have worked for the period mentioned.

11.02 A claim by a permanent employee that they have been unjustly discharged from their employment shall be treated as a grievance if a written statement of such grievance is lodged with the Company within seven (7) calendar days after the employee ceases to work for the Company. All preliminary steps of the grievance procedure prior to Step 3 will be omitted in such cases.

11.03 Such discharge grievances may be settled by confirming the Management's action in dismissing the employee or by

reinstating the employee with full compensation for time lost, or by any other arrangement of discipline and compensation which is just and equitable in the opinion of the parties of the Arbitration Board.

- 11.04 When an employee has been dismissed without notice, they shall have the right to interview their Union Representative for a reasonable period of time before leaving the premises.

ARTICLE 12 – GRIEVANCE PROCEDURE

- 12.01 It is the mutual desire of the parties hereto that complaints of employees shall be adjusted as quickly as possible, and it is generally understood that employees have no grievance until they have first given to their immediate supervisor, an opportunity of adjusting their complaint.
- 12.02 If an employee has any complaint or question which they wish to discuss with the Company, they shall take the matter up with their immediate Supervisor and they may be accompanied by their Union Representative if they request such assistance. This complaint must be submitted within ten (10) working days from the incident after the Union or the employee becomes or should have become aware of the alleged violation.
- 12.03 If such complaint or question is not settled to the satisfaction of the employee concerned within three (3) working days, then within three (3) further working days, the following steps of the grievance procedure may be invoked in the order listed below:
- 12.04 Step 1. The complaint shall be submitted in writing and discussed with the immediate Supervisor, who will then have three (3) working days to submit a written reply.
- 12.05 Step 2. If the grievance remains unresolved, the employee, accompanied by his/her Union Representative (limit three) will, within three (3) working days, take the matter up at a meeting with the Department Manager (or authorized representative) and/or such other members of staff (limit three) which may be required by the Company.

The Department Manager will then have three (3) working days to provide a written decision.

12.06 Step 3. If the grievance is still unresolved, the Grievance Committee (limit 4) shall meet with the Plant Manager (or authorized representative – limit 4) and such other members of staff as required, within five (5) working days of the Step 2 decision.

The National Representative of the Union may attend this meeting.

The Plant Manager (or authorized representative) will then have three (3) working days to provide a decision.

12.07 If arbitration is to be invoked, the request for arbitration must be made in writing within fourteen (14) calendar days after the grievance has been dealt with in Step 3.

12.08 If required, the time limits indicated in Steps one, two, and three of the grievance procedure, may be extended, by mutual agreement between the Company and Union Representatives.

ARTICLE 13 – DISCIPLINE RECORD

13.01 Written disciplinary records and safety violations will be disregarded after twelve months (12) provided there has been no other written disciplinary measures against the employee from the date of issuance of such written warning. Discipline for absenteeism will be categorized separately. Discipline involving violence or harassment will remain in the employee's file for a maximum of two (2) years.

ARTICLE 14 – ARBITRATION

14.01 Should either party request that any matter concerning the interpretation or alleged violation of this Agreement be submitted to arbitration, it shall make such request in writing, detailing the matter to be arbitrated and at the same time nominate an Arbitrator.

14.02 If the parties cannot agree to an Arbitrator, then either party shall have the right to request an appointment of an Arbitrator by the Minister of Labour as per Section 48 of the Ontario Labour Relations Act. This appointment shall be consistent with this provision.

14.03

a) Either party may submit the grievance to Grievance Mediation at any time within five (5) days following receipt of the grievance.

b) Grievance Mediation will commence within twenty-one (21) calendar days of the grievance being submitted to mediation.

c) The Grievance Mediation is without prejudice to either party.

d) No matter may be submitted to Grievance Mediation that has not been properly carried through the grievance procedure.

e) Should the parties fail to come to a resolution in Mediation the grievance will be referred to Arbitration within five (5) days.

14.04 The decision of the Arbitrator shall be final and binding on both parties and the employees concerned.

14.05 The Arbitrator shall not have the power to alter or change any of the existing provisions of this Collective Agreement or to substitute any new provisions into the Agreement, not to give any decision inconsistent with the terms of this Agreement.

14.06 The parties shall equally share the full expense of the Mediation and/or Arbitration.

ARTICLE 15 – LABOUR MANAGEMENT

15.01 The Management of the Company and the direction of the working force, including the right to plan, direct and control Company operations, to hire, transfer, or to relieve employees from duty because of lack of work or for other reasons, and the right to introduce new and improved

production methods or facilities is vested exclusively in the Company subject to the seniority rules, grievance procedure and other provisions of this Agreement as herein set forth.

- 15.02 If changes in manufacturing or improved production methods are contemplated by the Company, the Union will be notified. The Union agrees not to hinder or prevent the Company from making or proceeding with such improved manufacturing or production methods, including but not limited to the installation of new machinery if necessary. The Union further agrees to operate the new machinery or equipment on both a trial or production basis.
- 15.03 Where any new classifications are created, such classifications shall be subject to commencement of negotiations between the Company and the Union within thirty (30) days following the initial production run for inventory. A supplementary agreement covering such new classifications shall be executed and shall be retroactive for the hours worked on the job to the date of the initial production run for inventory.
- 15.04 Should the parties fail to agree, such dispute shall be submitted to a representative of the National Union and the Plant Manager. Should both officials fail to reach an agreement, the matter may be submitted to arbitration in the usual manner.

ARTICLE 16 – SENIORITY

- 16.01 New employees shall be considered on probation and shall not be entitled to seniority rights until they have completed ninety (90) days of work. Upon completion of the probationary period, seniority shall be dated from the first day of employment. During an employee's probationary period, he or she shall be considered as being employed on a trial basis and may be discharged or laid off at the discretion of the Company. Date of hire will be stamped on the employment application by Human Resources. Seniority will be determined alphabetically by the employee's last name.

16.02

a) Seniority shall be plant-wide, except for the Maintenance Department, and the Company will prepare a seniority list, a copy of which will be available to the Union. If it becomes necessary to lay off employees or in case of promotion, upgrading, or vacancies in the plant, excluding Maintenance employees, (see Article 19) seniority shall be the determining factor unless it is mutually agreed that the senior employee is incapable of filling the position.

When an employee has not been on a job for an extended period of time, and the Company requires the employee to work the job or the employee fills that job to maintain his seniority rate, that employee shall be re-familiarized on said job for a period of time necessary to ensure that both the procedural and safety requirements of the job can be met.

The exceptions to the above are cases whereby major modifications have been made to existing equipment or new equipment has been installed which would result in an employee requiring extensive retraining. Re-familiarization is restricted to job review, safety refresher and any minor changes to equipment or procedures.

b) The Company will ensure that all employees within a department will be trained on all jobs within the job rate.

c) The following positions - both bid and pool - will not be subject to the provisions of 16.02(a). Rather, the selection of these positions will be given to the employee with the best skills, ability, education and experience. In the event the Company determines these factors are relatively equal, then seniority will govern. The Company will discuss the minimum qualifications for these positions with the Union. The Company will administer a test to determine whether the employee meets the requirements of the position.

- Maintenance Planner
- Warehouse Coordinator
- QC Tech
- Technical Quality Assistant

To support employees who wish to be considered for these bid jobs, the Company will reimburse the cost of education courses proactively undertaken by employees to meet the minimum qualifications. The education courses must be pre-approved and successfully passed prior to the posting as a condition of reimbursement.

d) When a vacancy exists within the Supply Driver position, it will be offered by seniority to all Forklift Operators who hold a bid or pool position, and the subsequent Forklift vacancy will be posted.

16.03 In case of lay-off or in case of promotions, upgrading or vacancies in the Maintenance Department, the provision of Article 19 shall govern.

16.04

a) Job Openings shall be posted five (5) days in advance of the permanent filling of any vacancy or newly created job. In the event an eligible employee is absent due to illness, job related injury, vacation, or lay-off for a period not to exceed four (4) weeks at the time of job posting, the employee shall be considered with the other eligible employees and if selected the job will not be permanently filled until the employee returns to work. The schedule and bumping period deadline for the following work week will be set by Wednesday, at 1:00 p.m. (Thursday at 1:00 p.m. if there is a holiday), and will not be subject to change unless deemed necessary by the Company. When preparing the schedule the Company agrees to fill positions in order of seniority, subject to the individual's seniority and qualifications.

b) Extra people called into work a scheduled 40 hour week shall be entitled to any overtime during the week and/or weekend according to seniority and qualifications.

c) Employees called into work from lay-off with no step-up procedure involved shall be considered scheduled and will be considered for all overtime according to seniority and qualifications.

16.05 An employee shall lose their seniority rights:

1. If they are discharged and not reinstated under the grievance or arbitration procedure provided by this agreement.
2. If they quit.
3. When they have been laid off continuously for a period of six (6) months. For those employees with two (2) years or more service, for a period of thirty-six (36) months.
4. a) If, within three (3) days after receipt by registered mail of notice to return to work following a lay-off, they fail either to:
 - i return to work or;
 - ii notify the Company of their intention, to return to work and do not return within eight (8) days after receipt of notice to return.
- b) In any case where notification by registered letter has been returned undelivered, inquiry shall be made to the Union in an effort to locate the employee. If an employee cannot be located by these two attempts, then the employee shall be considered as having given up any seniority rights, even though six (6) months referred to in subparagraph 3 above has not elapsed.
- c) Extenuating circumstances shall be taken into consideration by the Company, and extended time limits may be granted.
5. If an employee is absent for three consecutive days without proper notification to the Company. Each case will be reviewed on its own merits.

16.06 Employees who may be rehired by the Company after any of the above breaks in continuous service will be rehired as new employees.

16.07 If an employee becomes physically unable to do his or her job, the Company will place the employee in an existing job within his or her capabilities, in accordance with the Ontario Human Rights legislation and in consultation with the Accommodation Committee.

- 16.08 Students hired for the purpose of Vacation Relief shall not be entitled to the provisions of this Article.
- 16.09 The Company will be entitled to rely upon the last address and telephone numbers of an employee as shown in the Company records. Employees shall notify the Company promptly of any change of address or telephone numbers.
- 16.10 Super Seniority
In cases of lay-off of production personnel (excluding skilled trades), the Union President will be the last Bargaining Unit employee to be laid off and in all cases of recall of production employees, the Union President will be the first employee called back.

ARTICLE 17 – PROCESSING, SHIPPING and PACKAGING DEPARTMENTS

- 17.01 Employees may hold one bid or one pool job (not both). The Company will ensure that all training associated with any bid or pool job will be completed within six months. Any unusual circumstances will be discussed between the parties should they arise.

Job shadowing will be considered the first week of training for positions which require an extended period i.e. four weeks or greater. No job shadowing is required for positions which require less than four weeks of training, unless the employee is newly-hired into the Processing Department.

- 17.02 Any employee bidding to another job shall remain on said job for at least six (6) months, except to bid on a newly created position or Bosch Packaging vacancy or if they bid into a Maintenance Planner, Warehouse Coordinator, Stockroom Clerk, QC Tech or Technical Quality Assistant position in which case they shall remain in said position for at least one (1) year. A newly created position is defined as a job not previously performed by bargaining unit employees. The Company will offer job preference three (3) times with the resulting opening not subject to the policy.

17.03 Employees currently holding a bid job who do not retain a bid job will be returned to either the Processing or Packaging Department. Employees can transfer from one department to another as openings occur.

17.04 In the event of an employee failing to prove satisfactory on the requested position, they shall return to either the Processing or Packaging Department, according to seniority.

17.05 In the event of a cutback in production requiring downsizing of the work force all holders of the bid job (Sanitarian) will be protected for a period of one (1) month and will not be bumped out of their own bid job because of seniority after which time seniority and qualifications will be the determining factor.

17.06 Step-ups and Step-backs

An employee who refuses a step-up will be frozen and will forfeit the right to progress to any jobs with a pay rate higher than the rate directly below that of the job that they refused in that Department. They will remain frozen for the life of the collective agreement at which time they must notify the Company in writing should they wish to be unfrozen.

The exception to the above will be a lay-off situation whereby a frozen employee may exercise their seniority to displace a junior employee in a higher pay rate providing they currently have the qualifications to perform the job.

If it becomes necessary to force a frozen employee to step-up it will be done by inverse order of seniority and qualification on a temporary basis.

17.07

- (a) Any employee who accepts a step-up over a senior employee retains job preference in all subsequent step-ups.

- (b) On a cutback, he or she cannot displace the individual whom they replaced in job preference, but must step down to the next senior job.

17.08 In the event of a cutback in production, the employee in question will be allowed to remain on his/her job, if he/she qualifies by overall seniority. If he/she is displaced by a senior employee for less than a shift, the affected employee may displace the most junior employee in his/her department, providing they can perform the job. This affected employee may displace the junior employee in the plant on his/her shift, providing they can perform the job. In the unlikely event the senior employee is incapable of performing the junior person's job, work will be made available for this employee except in cases whereby the employee is not qualified due to freezing out of this position in the past.

Any employee exercising their options in the above will maintain the higher of the two pay rates.

Downsizing the labour force for one shift or more will be handled according to seniority, however, to administer this, the Company will have the remainder of the shift to the next available shift of the following day to allow employees to exercise seniority rights to either displace the most junior employee on another shift or to choose to take a lay-off.

The Company will make every reasonable effort to contact the employees for the next shift in regards to downsizing the labour force. The premium as defined in Articles 17.10 and 28.14 does not apply in this shift change. (Re-familiarization provisions in 16.02 shall apply.)

17.09 The Company maintains the right to move people from one job to another within the shift to meet changing production needs. If employees are assigned to jobs contrary to their seniority, they will be paid the highest rate of the two jobs involved.

Temporary vacancies (one week or less) in the Processing Department will be filled on the basis of the step-up

procedure by the employees on the affected shift. However, if there are insufficient qualified employees after the step-up procedure and including recall from lay-off, and if it is necessary to fill the remaining vacancy, it will be filled by overtime for the first day and in a manner consistent with the other terms of this Collective Agreement thereafter.

In the unlikely event it becomes necessary to reschedule an employee from one shift to another once the employee has already commenced his/her workweek, the employee will receive time and one-half (1-½) for their first new shift providing they haven't received twenty-four (24) hours notice from the commencement of their new shift.

These rulings shall be in effect to all employees, the only deviation to be in cases where there are compassionate reasons, those to be adjusted by a committee of the Company and Union.

17.10 Hiring New People

New unskilled positions will be hired into the Packaging Department or Processing Department depending on production demands.

17.11 The Company is responsible for training individuals in Processing, Shipping and Packaging to fill jobs within their own department by seniority. Operators will be responsible for but not limited to changeovers, equipment sanitation, minor non-skilled adjustments as well as operator PM's. Any unusual circumstances will be discussed between the parties should they arise.

ARTICLE 18 - POSTING AND FILLING OF POSITIONS HIGH TECH PACKAGING

18.01 Job openings in the High Tech Packaging Department shall be posted for five (5) working days in advance of the permanent filling of any vacancy or newly created job.

- 18.02 The determining factors in selecting the successful applicants will be based on seniority and successfully obtaining a passing grade on the entrance level aptitude test. The test result will be made available to the Union upon request.
- 18.03 Trainees will enter a Training Program consisting of both on the job and classroom training. The Company will make every effort to ensure the training program will be completed within the one (1) year. In order to fully complete the Program, the Trainee must successfully complete each one of the blocks of the Training Program. If a trainee is unsuccessful on the first attempt of a training block, the trainee will have an opportunity for a review in the areas not understood and given a second attempt to complete the training block. Failure to do so will result in being removed from the Program. Upon completion of the Training Program, employees shall not bid on any posted job for at least three (3) years.
- 18.04 The Training Program will be divided into the following advancement levels with the appropriate rate increases, as established in Schedule A.
- Start
 - 1/2 Complete
 - Completion Rate

ARTICLE 19 – POSTING AND FILLING OF POSTIONS – MAINTENANCE

- 19.01 The Company will select and control all personnel in this Department subject to qualifications and seniority.
- 19.02 Employees of other departments will be considered for this Department subject to necessary qualifications and seniority, only when an opening is available.
- Job openings shall be posted six (6) days in advance of the permanent filling of any vacancy or newly created job.
- 19.03 In cases of cutback or lay-offs, those presently engaged in this Department could step down in classification within the

Department if qualified to do so, or could transfer into a Processing/Shipping/ Packaging Department in accordance with their plant seniority and necessary qualifications.

19.04 During a twelve (12) month period, an employee who transfers to Maintenance will continue to accumulate seniority in Processing/Shipping/Packaging and if he/she wishes to return to Processing/Shipping/Packaging during the twelve (12) month period, the employee may use their seniority to displace a more junior employee providing he or she can perform the work available. After the twelve (12) month period the employee will not continue to accumulate seniority in Processing/Shipping/Packaging and may not use their seniority to displace a more junior employee.

20.01 Whenever it becomes necessary to lay-off employees, they shall be laid off in turn, according to seniority, as agreed upon, provided however, that the Company shall always have the qualified personnel to maintain production. When recalling employees to work after lay-off, they shall be recalled in the inverse order to that in which they were laid off.

ARTICLE 21 – LEAVE OF ABSENCE

21.01 Requests for leave of absence by an employee must be made to the Company in writing. 2) Extended Health Plan

Eligibility

The Post Foods Canada Health Care Plan is offered to regular full-time permanent Unionized hourly Niagara Falls employees. You and your eligible dependents are covered under this plan immediately following the probationary period with Post Foods Canada.

As a regular full-time employee, you are also covered for expenses incurred while on lay-off, for a maximum period of six consecutive months.

Cost of the Plan

Post Foods Canada pays the full cost of the coverage provided by the plan for you and your eligible dependents.

Deductible

A deductible of \$25 per person, maximum \$50 per family, is applied every year to all eligible medical and dental expenses combined.

The deductible is the amount of eligible expenses which you must pay in full each calendar year before you can receive a reimbursement of covered expenses. If the eligible expenses you incurred during the first nine months of the year are less than the deductible amount, additional expenses up to the deductible amount incurred in the last three months of the year may be carried over as a credit towards satisfying the deductible amount of the following year.

Eligible Expenses

The Post Foods Canada Health Care Plan reimburses a percentage of the eligible expenses, provided these expenses are reasonable and customary, and that they are medically necessary and prescribed by a physician. Reimbursement is subject to a lifetime maximum of \$250,000 per insured person.

In addition, up to \$1,000.00 of this maximum will be reinstated each January 1. The actual amount will be based on the amount of benefits you had received from the plan in the previous calendar year.

Hospital Expenses

For licensed hospital and convalescent care facilities, the plan covers:

- | | |
|--------------------|--|
| Hospital: | 100% of the difference in cost between ward and semi-private or private room up to \$55 per day and 80% of the excess over \$55. |
| Convalescent Care: | 100% of the cost of semi-private accommodation up to \$55 per day and 80% of the excess over \$55. |

Hospitalization outside Canada is reimbursed at 100% of emergency treatment of an illness or accident occurring while traveling outside the country.

If you are hospitalized outside Canada for a medically necessary treatment not available in Canada and for which there is no

alternate treatment available in Canada, medical expenses that exceed the allowance paid by any provincial government plan are reimbursed based on reasonable and customary charges.

No deductible applies to hospital expense.

Medical Expenses

The plan reimburses 100% of the following eligible medical expenses:

Drugs and medicines which require a prescription by law to be obtained.

Reasonable and customary charges for emergency treatment of an illness or accident occurring while traveling outside Canada.

Rental or purchase of braces and crutches, and purchases of prostheses required for therapeutic use.

Rental or purchase of a wheelchair, hospital bed, or oxygen equipment required for therapeutic purposes.

Blood sugar monitoring devices for insulin dependent diabetics, when prescribed by a physician, up to a lifetime maximum reimbursement of \$200.

Coordination of Benefits

- Coordination of benefits with other plans excluding Post Foods Canada benefit plans:
 - a person covered as an employee under another group plan must claim first under their group plan, and then as a dependent of an eligible employee under the Post Foods Canada plan.
 - eligible dependent children must be claimed first under the plan of the employee whose birthday occurs earlier in the calendar year, and then by the employee covered by a plan.

If priority cannot be established under the above two points, the benefits shall be paid under both plans in a ratio proportionate to the amounts that would have been paid under each plan had there been coverage under just that plan.

When you or an insured dependent are admitted to a hospital, you should request that all invoices for expenses in excess of the provincial limits be sent directly to the insurer. *The hospital invoice must be attached to the appropriate claim forms in order to be processed.* Payment will be made to the hospital and a statement will be sent to you.

When a hospital refuses to follow this procedure, you must pay the required fee and submit your invoice to the insurance Company for reimbursement of eligible expenses.

Eligible Medical Expenses

When you pay eligible medical expenses, be sure to obtain receipts which specify the following:

- name of the patient
- name of the hospital, laboratory, physician or pharmacist

Payment from the insurer will be paid directly to you. At that time, the insurer will also supply you with new forms for your next claim.

Licensed Practitioners

In order for expenses of a practitioner to be considered eligible for reimbursement, the practitioner must be licensed and the services rendered must be within the scope of that license.

- eligible dependent children must be claimed first under the plan of the employee whose birthday occurs earlier in the calendar year, and then by the employee covered by a plan. If priority cannot be established under the above two points, the benefits shall be paid under both plans in a ratio proportionate to the amounts that would have been paid under each plan had there been coverage under just that plan.

Additional Information

Beneficiary

When you enroll in the Life and AD&D Insurance Plans, you designate the beneficiary or beneficiaries of your choice on the application form. You may change this designation at any time, unless it is specified that your designation is irrevocable or such change is prohibited by law. However, no change of beneficiary is binding until all necessary documents are received by the Human Resources Dept.

If you die, the last beneficiary you designated in writing will receive the benefits according to the coverage in effect. You may also designate your estate as beneficiary.

In the event of the death of one of your insured dependents, the insurance proceeds will be paid to you.

Coverage During a Leave of Absence

You may maintain your coverage under the Life and Accident Insurance plans for up to one year, while on approved leave of absence, by continuing your contributions. Otherwise, your coverage will cease at the end of the month in which your contributions stop. Upon your return, the insurance Company would then require satisfactory evidence of insurability for you and your dependents before your coverage can be reinstated.

Conversion Option

If your employment terminates, you may convert your basic and optional life insurance to an individual policy without having to provide evidence of good health.

To exercise your conversion privilege, you must contact the insurance Company and request the conversion of your insurance within thirty-one (31) days of your termination of employment. Forms for this purpose are available from the Human Resources Dept.

In the Event of Disability

If you are eligible for disability benefits under the Post Foods Canada Short-Term or Long-Term Disability Plans, you and your insured dependents remain covered under both the Basic and Optional Life Insurance Plans for as long as you remain disabled and receiving benefits, but not later than age 65.

While you are receiving Short-Term Disability Benefits, you continue to pay any required premiums. When you receive Long-Term Disability Benefits, your premiums may be waived.

Optional AD&D coverage continues while you are receiving Short-Term Disability Benefits provided premiums are paid, but ceases after you receive Long-Term Disability Benefits for two (2) years.

Termination of Employment

This coverage includes:

- A **Short-Term Disability Plan**, which covers disabilities of up to twenty-six (26) weeks, and
- A **Long-Term Disability Plan**, which covers disabilities that extend beyond this 26-week period.

This brochure is intended as a plan summary. In the event of any discrepancy between the official document and this summary, the official document will prevail.

If you require further information concerning any aspect of your disability benefits, please contact your local Human Resources Department.

Short-Term Disability Plan

Eligibility

As a regular full-time permanent Unionized hourly Niagara Falls employee, you are eligible for coverage under the Short-Term Disability Plan upon completion of your probationary period, providing you show disability due to a non-occupational accident or sickness which, in the Company's judgement, prevents you from performing normal work assignments.

You must be actively at work to be eligible for benefits. If you become disabled while on a leave of absence or vacation or on lay-off, or while on strike, suspension from work or otherwise not actively employed, your eligibility will begin on the first day on which you would have returned to work had you not been disabled, and absence on this day will be deemed your first day of absence for benefits purposes.

The Company agrees to provide an Annual meeting with the benefit carrier.

Cost of the Plan

Post Foods Canada pays the cost of all benefits provided under the Short-Term Disability Plan.

Benefits

The disability benefits under the Short-Term Disability Plan are payable for a maximum of 26 weeks, as follows:

Basic Benefits

You are credited with 10 days of Basic Benefits upon attainment of seniority and with 10 additional days on your employment anniversary in each subsequent year of continuous employment, up to a maximum of 130 days.

When you are disabled, you will receive 75% of your basic rate of pay, from the third scheduled work day of disability and for the number of days of Basic Benefits you have to your credit, as long as the disability continues.

The two-day waiting period is waived if the disability results from an accident or if you are hospitalized.

In addition, if you remain disabled for fourteen (14) calendar days beginning with the first day of disability, the waiting period will also be waived and Basic Benefits will be paid retroactively to the first day of disability, provided you still have Basic Benefits available.

When you return to work after an absence, the Basic Benefits period is fully reinstated once you have been back at work for at least four (4) weeks.

Supplemental Benefits

If you remain disabled after all Basic Benefits to which you are eligible have been paid, supplemental benefits amounting to 60% of your basic rate of pay will be payable for the rest of the 26-week period. Supplemental Benefits are payable for a maximum of 26 weeks in any calendar year.

No supplemental or Basic Benefits are payable until you have submitted an Attending Physician's Statement attesting to the nature and severity of the disability, and certifying that the

disability precludes you from performing your regular work assignments.

Taxation Status of Benefits

Basic and supplemental Disability Benefits payable under this plan are considered taxable income.

Part-Time Employment During Disability

If your disability prevents you from working full days, you will be provided with part-time employment for the duration of disability, if available. If you are eligible for Basic Benefits, you will receive full pay for your hours worked, and, after the two-day waiting period, Basic Benefits for the hours not worked within the working day.

If you are not eligible for Basic Benefits, you will receive full pay for your hours worked and supplemental benefits for the hours not worked.

Each partial working day will be considered a full day for purposes of determining the maximum benefits period.

Discontinuance of Benefits

Short-term disability benefits cease upon your recovery, retirement, death or at the end of the 26-week period, whichever occurs first.

If, while receiving benefits, you are discharged or would not have worked due to strike or suspension of employment, you cease to be eligible for benefits after the day on which such event occurs.

However, where lay-off provisions exist and you are disabled when a lay-off begins, your benefits will continue for a maximum of fifteen (15) weeks from the date the disability began.

Recurrence of Disability

If you become disabled for the same or a related reason within thirteen (13) weeks following your return to full-time permanent work after a short-term disability, the second disability period will be considered a continuation of the first. Benefits would then resume as if you had not returned to work.

If the new disability is not related to the first, and provided that you have returned to full-time permanent work for at least four (4)

weeks, you will begin a new benefit period, and the Basic Benefit period will be reinstated.

7) LONG-TERM DISABILITY

Eligibility

You are covered under the Long-Term Disability Plan upon completion of your probationary period. You become eligible for long-term disability benefits if your disability continues for more than twenty six (26) weeks, provided that you are totally disabled and under the care of a legally qualified physician at all times.

For the purposes of the Long-Term Disability Plan, total disability means that, for the first two (2) years of benefit payments, you are unable to perform the duties of your current job, and that, after two (2) years, you remain unable to perform the duties of a job related to your skills and experience.

Medical reports will be required periodically.

Cost of the Plan

The Long-Term Disability Plan is full paid for by Post Foods Canada.

Benefits

The plan provides you with a monthly income equal to 67% of the monthly base salary you were receiving when you became disabled, up to a maximum benefit of \$15,000 per month. Benefits payable under the plan are considered taxable income.

Long-term disability benefits may be paid to the earliest of recovery, death or age 65.

Recurrence of Disability

If you become disabled for the same reason within six (6) months of your return to full-time permanent work after a long-term disability, the second disability period will be considered a

continuation of the first. You will then immediately begin receiving your long-term disability benefits.

If the period exceeds six months or if the new disability is not related to the first, a new claim must be filed under the Short-Term Disability Plan.

Rehabilitative Employment

As an incentive to promote an early return to gainful employment after a total disability, you may perform certain work without forfeiting the benefits payable under the Long-Term Disability Plan.

If you engage in an approved rehabilitative employment program, you will be entitled to receive your long-term disability benefits over and above the employment income payable from the program.

The rehabilitation benefits may be paid for a maximum period of twenty-four (24) months during which your income from all sources must not exceed your gross earnings at the time you became disabled.

Should disability prevent you from continuing with the program, your regular disability benefits will continue to be paid.

Co-ordination with Other Sources of Income

Long-term disability benefits are reduced by disability benefits payable from Workers' Compensation, the Canada Pension Plan (excluding any payments for your dependent children) and by any other income from employment or other government plans.

Continuation of Other Employee Benefits During Disability

If you are receiving disability benefits under the Post Foods Canada Short-Term or Long-Term Disability Plans, you remain covered under the Health Care, Dental Care and Basic Life Insurance Plans for as long as you remain disabled, but not later than age 65. Optional Life may be continued if premiums are paid.

Optional AD&D coverage continues while you are receiving short-term disability benefits and long-term disability benefits for the first two (2) years of benefit payments, provided premiums are paid. Coverage ceases after long-term disability benefits have been in effect for two (2) years.

While you are receiving short-term disability benefits, you continue to pay any required premiums. When you receive long-term disability benefits, your premiums may be waived.

Your membership in the Retirement Plan may be maintained while you are receiving long-term disability benefits. You will receive credited service by making the required contributions to the Plan. If you do not make the necessary contributions to the Plan, no further service will accrue while on disability.

Exclusions

No short-term or long-term disability benefits are payable for:

A disability arising from or in the course of employment by another employer, where you had an employee/employer relationship with the other employer and received remuneration for your services.

A disability for which you may be entitled to indemnity in accordance with the provisions of a Workers' Compensation Plan, the Canada Pension Plan, a provincial auto insurance plan or a group benefit plan.

A disability caused by or resulting from a self-inflicted injury or illness.

A disability caused by or resulting from use of alcoholic beverages, stimulants, drugs or narcotics, unless you are participating in a Post Foods Canada sponsored rehabilitation program.

A disability resulting from acts of immorality or fighting.

A disability occurring while violating a Company rule.

A disability resulting from a pregnancy-related illness during:

- (a) a pregnancy leave of absence;
- (b) prior to the expected week of confinement and ending with the sixth week after the week of confinement.

Claims Procedure

When you become ill or injured and unable to report to work, the following procedure should be followed:

- On the first and each subsequent day, advise your supervisor of your absence and expected date of return to work.

- Submit an Attending Physician's Statement to establish eligibility for benefits.

The Company, at its expense and discretion, may require an examination by a physician or nurse of its choice. Failure or refusal to submit to such examination will render you ineligible for benefits.

Termination of Coverage

Coverage under this Plan terminates on the earlier of termination of employment, death or retirement.

8) Retirement Plan

Individuals hired on or after April 1, 2012 will not be eligible to participate in the defined benefit retirement plan set forth in this Appendix. Retirement benefits for these individuals will be provided through a separate Defined Contribution Pension Plan. Details are included in a Letter of Understanding.

NOTE: Retirement income provided by Kraft Canada in respect to benefits earned prior to August 4, 2008 are subject to the provisions outlined in the Kraft Canada Inc. Retirement Plan for Niagara Falls Hourly Cereal Division Employees (Kraft Canada Plan). Post Foods Canada Inc. is not responsible for the administration of that plan, and will rely solely on the information provided by Kraft Canada in respect to frozen benefit information as being true and accurate. Any questions arising from the administration of the Kraft Canada Plan should be addressed directly with Kraft Canada.

Eligibility and Enrollment

As a full-time permanent unionized hourly Niagara Falls employee, you become eligible to join the plan on the first of the month following or coincident with completion of one year of service with Post Foods Canada.

If you are a temporary employee, you become eligible when you have completed two years of service, provided that you have earned 35% of the Year's Maximum Pensionable Earnings* in each of those years or worked 700 hours for Post Foods Canada

during each of those years. Contributions and benefits will be prorated on the basis of hours worked.

You may join at any time after becoming eligible by signing the enrollment form authorizing Post Foods Canada to deduct the required contributions from your earnings and designating a beneficiary. Enrollment forms are available through the Human Resources Department.

*-The Year's Maximum Pensionable Earnings, or YMPE, is the maximum amount of earnings that can be used to determine an individual's benefits under the Canada Pension Plan. It is adjusted each year to reflect average Canadian wage levels.

Contributions

Effective January 8, 2000, you contribute \$101 per month (\$ 2.00 per month reduction from the formula to provide seed monies for investment in the OPP/ESP) through payroll deductions.

Effective January 1, 2005; you contribute \$103 per month.

Ontario pension laws mandate that your contributions made after January 1, 1987, cannot represent more than 50% of the value of the pension accumulated after that date. Any excess will be reimbursed to you upon retirement or termination, or to your spouse or beneficiary, should you die before retirement.

Company contributions: Post Foods Canada contributes the amounts required, in addition to your own contributions, to finance the retirement, termination, death and other benefits to which you are entitled.

Benefits at Retirement

Your normal retirement date is the first day of the month following your 65th birthday. However, you may retire as early as the first day of any month following your 55th birthday.

Starting from your normal or early retirement date, you will receive a pension payable monthly throughout your lifetime.

Normal Retirement

If you retire at age 65, you will receive an annual pension calculated as follows:

Service prior to January 1, 1994:

Retirement income earned in respect of Credited Service prior to January 1, 1994 will be equal to (i) MINUS (ii) where:

(i) is Pre-1994 Credited Service multiplied by (a) minus (b) where:

- (a) is 1.5% of Final Average Earnings; and
- (b) is 0.4% of the lesser of Final Average Earnings and the YMPE Average

Where Pre-1994 Credited Service is periods of eligible service earned prior to 1994 while a member of the Kraft Canada Plan or predecessor plan, up to a maximum of 40 years; and

Final Average Earnings are the average of the best three (3) consecutive years out of the last ten years of Continuous Service with Kraft Canada and with Post Foods Canada prior to your termination of employment, death or retirement, whichever occurs first;

AND

(ii) the frozen retirement income earned, if any, under the Kraft Canada Plan in respect of Pre-1994 Credited Service.

Service after December 31, 1993:

Effective August 4, 2008, \$53 per month for each year of post-1993 Credited Service you have accumulated, less the frozen retirement income, if any, earned under the Kraft Canada Pension Plan in respect of service after December 31, 1993.

Effective April 1, 2009, \$54 per month for each year of post-1993 Credited Service you have accumulated less

the frozen retirement income, if any, earned under the Kraft Canada Plan in respect of service after December 31, 1993.

Effective January 1, 2010, \$55 per month for each year of post-1993 Credited Service you have accumulated less the frozen retirement income, if any, earned under the Kraft Canada Plan in respect of service after December 31, 1993.

Effective January 1, 2011, \$56 per month for each year of post-1993 Credited Service you have accumulated less the frozen retirement income, if any, earned under the Kraft Canada Plan in respect of service after December 31, 1993.

Your post-1993 Credited Service is your number of years and complete months of continuous service while a member of the Kraft Canada Plan or Post Foods Canada Plan to the date of retirement, termination of employment or death, whichever occurs first. For any periods after 1994, Credited Service does not include any periods for which you made no contributions while eligible to contribute in the Plan. In addition, no credits will be given for periods of military service, unless contributions are made upon return to active service.

NOTE: The Company has filed a determination with the Canada Revenue Agency (CRA) for approval to replicate certain benefit provisions of the Kraft Canada, Inc. Retirement Plan and to treat Kraft Canada and Post Foods Canada Inc. as one employer for the purposes of determining the Final Average Earnings. The benefit formula outlined above assumes approval is granted from CRA. If approval is not granted by CRA, the provisions of the Post Foods Canada Inc. Retirement Plan will apply. Based on CRA's determination, the Company and the Union will meet to discuss and agree upon any changes to the above section of this Appendix.

Early Retirement

If you retire before age 65, your pension will be calculated as above. A reduction of 3% for each year that your retirement precedes age 60 will apply to the pension earned after January 1,

1994 less the frozen retirement income earned, if any, under the Kraft Canada Plan. For service prior to January 1, 1994, the benefit that you earned less the frozen retirement income, if any, under the Kraft Canada Plan in respect of the pre-1994 Credited Service, will be reduced by 5% for each year that your retirement precedes age 62.

For employees that retire from active employment after ratification of the 2003 contract and who are 60 or older at the time of retirement, the pre-1994 benefit early retirement reduction factor will not apply. For employees who retire prior to age 60 the pre-1994 benefit less the frozen retirement income, if any, under the Kraft Canada Plan in respect of the pre-1994 Credited Service, will be reduced 5% for each year prior to age 62.

In addition, the plan provides a supplement to all participants who elect early retirement from active service between the ages of 55 and 65. Effective after ratification, the amount is equal to \$160 per year multiplied by your Continuous Service to a maximum of 35 years, then reduced by the frozen bridge benefit, if any, earned under the Kraft Canada Plan.

This bridging supplement starts on your early retirement date and stops on the first day of the month following your 65th birthday or at your death, whichever comes first.

Forms of Pension Payment

Normal Form of Payment

Your pension payments start when you retire and are paid for life.

If you have a spouse at the time you retire, pension legislation requires that 60% of your pension be continued to your spouse upon your death, unless you and your spouse choose to renounce this benefit prior to your retirement.

Effective with retirements after ratification of the 2003 contract, the 10% reduction applied to pension earned after January 1st, 1994 less the frozen retirement income, if any, under the Kraft Canada Plan in respect of the pre-1994 Credited Service, for Joint and Survivor pensions shall be eliminated. The Company shall have the unilateral right to re-implement a Joint and

Survivor reduction provision for future service in the event such changes are implemented in the Post Foods Canada Retirement Plan for Non Unionized Hourly paid employees.

The pension earned prior to January 1, 1994 less the frozen retirement income, if any, under the Kraft Canada Plan in respect of the pre-1994 Credited Service, will be actuarially reduced to provide the spousal benefit.

To renounce this benefit, you must submit a Spousal Pension Waiver form, which requires the witnessed signature of your spouse.

Optional Forms of Payment

Other forms of pension are available. For example, you may elect a pension with a guaranteed payment period, or you may elect to have part of your pension continued to a joint annuitant after your death. If you retire before age 65, you may also elect a level income option, which provides for a stable flow of income throughout retirement. Each specific option will result in a particular adjustment to your normal pension.

All options available will be fully explained to you prior to retirement. To help you choose the form of your pension, you may request a statement showing the amount of pension available under each option.

Disability Benefits

If you become disabled before your normal retirement date and are eligible to receive disability benefits under the Post Foods Canada Long-Term Disability Plan, you may continue to accumulate credited service during your disability by making contributions to the Plan. If you do not make the necessary contributions to the Plan, no further service will accrue while on disability.

Death Benefits

Death Before Retirement

If you die before retirement, your spouse or your designated beneficiary will receive:

the value of your pension accumulated from January 1, 1987 less the value of the pension accumulated under the Kraft Canada Plan;

plus

the excess, if any, of your contributions made from January 1, 1994 less any contributions made under the Kraft Canada Plan, over 50% of the combined value of the pension as indicated above.

If you die after attaining age 55 and completing fifteen (15) years of continuous service, your spouse will receive an immediate retirement income in respect to your credited service prior to January 1, 1994 less the retirement income payable under the Kraft Canada Plan.

Death After Retirement

If you die after your pension payments have begun, and you waived the spousal benefit, your beneficiary will receive the excess of your contributions with interest over the amount you have received in pension, if any.

Termination of Employment

If you leave Post Foods Canada before having completed two years of plan membership, you receive a refund of the contributions you made to the Plan, with interest.

However, if you have completed at least two years of plan membership, you are entitled to receive:

A deferred pension from age 65 equal to the pension benefits you have earned from January 1, 1987 up to your termination date less the frozen retirement benefit earned under the Kraft Canada Plan;

plus

the excess, if any, of your contributions made from January 1, 1994 less any contributions made under the Kraft Canada Plan, over 50% of the combined value of the pension as indicated above.

However, if you leave your employment with Post Foods Canada after having completed 10 years or more of service and you are at least age 45, you may not elect to receive a refund of your

contributions. You will receive a pension from age 65 based on your Credited Service and the Plan provisions in effect on your termination date.

You may choose to receive a deferred pension starting at any time between ages 55 and 65. If you elect to receive your pension before age 60, your pension will be reduced to account for the greater number of years over which it is expected to be paid.

Portability

If you are under age 55 when your employment with Post Foods Canada terminates, the plan allows you to transfer the commuted value of your vested pension to other retirement investment vehicles, such as:

- Another employer's pension plan, if that plan permits the transfer, or
- A locked-in retirement vehicle, or
- An insurance Company for the purchase of a life annuity.

A locked-in retirement vehicle is simply another plan or contract in which funds are used to purchase a pension at retirement.

9) Savings Program

Effective June 1, 1997

Eligibility:

The Optional Pension Plan (OPP) and Employee Savings Plan (ESP) are part of the Savings Program. To be eligible for the Optional Pension Plan, you must be a participant of the Retirement Plan. The Employee Savings Plan is open to all employees following their probation period.

Effective June 1, 2003, you may contribute up to a maximum of six (6%) percent of your wages, including overtime. Post Foods Canada will make contributions equal to forty (40%) percent of your contributions. In other words, for each dollar that you will

contribute to the program, Post Foods Canada will contribute forty (\$0.40) cents.

In addition, you may make contributions in excess of 6% to the ESP. The limit on the ESP contribution level is 10%.

You cannot contribute more than 16% of your pay to the OPP and ESP combined.

The Company matching contribution will be eliminated effective April 1, 2009.

Detailed information on the Program is contained in the Employee Booklet.

10) Employee Assistance Program

Effective January 8, 2000

Eligibility

The EAP Program is offered to regular full-time unionized hourly Niagara Falls employees and their eligible dependents, following the employees' probationary period with Post Foods Canada.

Cost of Plan

Post Foods Canada pays the full cost of the coverage provided by the plan for you and your eligible dependents.

This Memorandum of Agreement is supplemental to the Collective Agreement entered into by and between Post Foods Canada Inc., Niagara Falls, Ontario and UNIFOR Local 1101.

The parties agree that it is in their mutual interest to ensure that the Company remains competitive and reaches the highest levels of productivity possible. To this end, the parties enter into the following Memorandum of Agreement.

The signing of this Memorandum of Agreement and the understandings contained herein shall supersede certain provisions of the Collective Agreement only as they apply to employees employed as part of the weekend crew. It is understood that this Agreement is necessary to clarify the conditions and terms of employment under which individuals will work on weekend crews. To the extent not addressed in this Memorandum, the provisions of the Collective Agreement will apply. The Company and the Union will meet to discuss any unforeseen issues that may arise as a result of an implementation of this language.

Hours of Work and Rate of Pay

The normal hours of work for individuals assigned to the weekend work crew would be twelve (12) hours per day and twenty-four (24) hours per week. Employees who work their normal workweek would earn twenty-four (24) hours of pay per week and such pay would be calculated as follows:

Twelve (12) hours straight time pay for Saturday work.

Twelve (12) hours straight time pay for Sunday work.

Staffing Compliment

The staffing on Project Python shall be as follows: up to 50% of the weekend production needs will be staffed under the overtime method contained in the Collective Agreement. The remaining 50% of weekend production needs will be staffed under this

Memorandum. Provided however, if the Company cannot sufficiently staff Project Python pursuant to this paragraph, the Company will utilize weekend crew workers to meet the staffing needs without regard to the percentages in this paragraph.

Weekend work crews will be laid off prior to any full time employee being placed on permanent layoff.

Probationary Period

No seniority rights are recognized during the first ninety (90) days of work which shall be the probationary period of the new weekend crew employees. On completion of the probationary period, the seniority date shall extend back to date of hire. Where warranted, the probationary period may be extended by mutual agreement between the Company and the Union in advance of the scheduled expiration of the employee's probation period. Upon completion of the probationary period, weekend employees shall become members of the Union in accordance with Article 6 of the Collective Agreement.

Job Transfers

Job openings on the weekend crew shall be posted seven (7) days in advance of the permanent filling of any vacancy or newly created job. The Company agrees to fill positions in order of seniority, subject to the individual's seniority and qualifications.

Weekend crew employees may apply for a position within the Monday to Friday crew when vacancies occur in accordance with the bid process set forth in the Collective Agreement. Weekend crew employees will not be eligible to transfer to the Monday to Friday operation while Monday to Friday employees are waiting recall from layoff. Weekend crew employees will be assigned for a minimum period of one year unless otherwise agreed by the Company and the Union.

Employees on the weekend crew will be permitted to trade shifts with other weekend crew personnel only with the permission of the supervisor.

For work weeks that do not require two 12 hour shifts on the python line weekend workers can be scheduled for five 8 hour shifts at straight time. Their entitlement to shift premium and overtime will be the same as Mon – Fri employees. In addition they will be entitled to schedule privileges as per Mon – Fri employees

Compensation

Employees working on the weekend work crew will be paid in accordance with Schedule A of the Collective Agreement.

Employees on the weekend work crew will normally work a twelve (12) hour shift on Saturday and Sunday. Payment for hours worked by weekend crew employees will be paid at the rate of time and one-half for hours worked in excess of twelve (12) on Saturday and Sunday or in excess of forty (40) in a work week, and for all hours worked on holidays. Double time will be paid for all work performed over 48 hours in a work week. There will be no pyramiding of overtime.

Shift premium – For hours worked between 7:00 p.m. to 7:00 a.m. there shall be paid a sixty cent (60¢) per hour shift premium.

A weekend crew employee reporting for work who failed to receive notice not to report and receives less than four (4) hours of work shall be paid not less than four (4) hours pay at the employee's normal straight-time hourly wage rate. A weekend crew employee called in at a time other than his/her regular shift by reason of emergency work shall receive at least four (4) hours pay at the straight-time rate if called in on Saturday or Sunday.

Lunch and break periods for the weekend crew will be recognized on the basis of two (2) thirty (30) minute meal periods and one (1) fifteen (15) minute break period at times determined by the Company.

Benefits

The Company will provide the same benefits to weekend crew employees as it does to regular employees, except the pension benefit will be pro-rated based on a 24 hour work week.

Holiday Pay

Weekend crew employees will receive eight (8) hours pay at their straight-time hourly rate for nine (9) statutory holidays, namely, New Year's Day, Family Day, Good Friday, Victoria Day, Canada Day, Labour Day, Thanksgiving Day, Christmas Day, and Boxing Day. Should a holiday fall on Saturday or Sunday and weekend employees are required to work, weekend employees will receive pay for all hours worked at time and one half in addition to holiday pay. The normal holiday eligibility requirements of the Collective Agreement shall apply to weekend work crew personnel.

Vacation

Weekend crew employees will be entitled to the vacation provisions as outlined in Article 30.

Other Systems

The Company and the Union agree that the Company and the employees benefit from the maximum utilization of the resources at the Niagara Falls plant. It is understood that weekend work on systems other than Project Python will be covered in accordance with the overtime provisions contained in the Collective Agreement and the Excess Hours Agreement. In the event that the Company is unable to cover the weekend work in accordance with the overtime provisions and the Excess Hours Agreement, the Union and the Company will work together to ensure such weekend coverage, recognizing that this Memorandum provides the framework for establishing such coverage.

**Letter of Understanding No.5
between
Post Foods Canada Inc.
and
UNIFOR Local 1101**

This is a Letter of Understanding between Post Foods Canada Inc. (“the Company”) and UNIFOR Local 1101 (“the Union”).

1. As a result of Ralcorp Holdings, Inc. acquisition of the Niagara Falls, Ontario facility, the Company and the Union recognize that the Benefits set forth in Appendix A of the Collective Agreement are now provided by the Company rather than Kraft Foods Canada, Inc. Such benefits will be maintained during the duration of the new Collective Agreement, except as otherwise agreed by the Company and the Union during negotiations.

2. The Company and the Union further recognize and agree that following the acquisition, the Retirement Plan benefits under Section 8 of Appendix A are provided pursuant to the Post Foods Canada Inc. Retirement Plan rather than the Kraft Canada, Inc. Retirement Plan. Consistent with the change in plans, certain provisions of Section 8 need to be rewritten to reflect the plan provisions. Additionally, the Company and the Union understand that the Company will make a filing with the appropriate federal or provincial government agencies seeking a determination that the Company may reproduce the benefit formula of the prior Nabisco Plan within the Kraft Canada, Inc. Retirement Plan as if Kraft Foods Canada, Inc. and the Company were one employer. Provided the governmental approval is issued, the Company agrees that (a) the calculation of the final average earnings under this benefit formula will be updated to the date of the employee’s retirement, termination or death, whichever is applicable, considering earnings both before and following the acquisition date and (b) it will have the right to reduce the retirement benefit in respect of service prior to August 4, 2008 by any amounts received from the Kraft Canada, Inc. Retirement Plan, but not reducing to less than zero. If governmental approval is not issued, the provisions of the Post Foods Canada Inc. Retirement Plan will apply to employees. Provided further, service prior to January 1, 1994 shall not be less than the service under the prior Nabisco Plan within the Kraft Canada, Inc. Retirement Plan. Based on the government’s determination, the Company and the

Union will meet to discuss and agree upon any changes to Section 8 of Appendix A, as well as honor the intent of the parties to recognize the service prior to January 1, 1994 under the prior Nabisco Plan.

3. The Company and the Union further acknowledge that any other clean up items related to the change in benefit plan providers will be incorporated into Appendix A in the new Collective Agreement once agreed upon. Such agreement shall not be unreasonably withheld. The Company and the Union also agree that the definition of “common law spouse” will be modified to comply with Ontario law.

Re: Outsourcing

During the 2009 negotiations, the Company and the Union discussed in detail a previous outsourcing decision of the Company and its potential negative impact to the workplace and employees. Recognizing that employment levels will fluctuate due to changes in the marketplace and operational decisions, the parties have negotiated language to provide workers with a measure of job security. This Letter supplements, but does not supersede, the provisions of the Collective Agreement.

Primary among these understandings is the Company's commitment that it will review major outsourcing activities with the Union prior to implementation. More specifically:

1. Planning - Management meet semi-annually to review with Unifor Skilled trades representatives projected workloads regarding all aspects of skilled trades work.
2. Information – Advanced notice of outside contract activities to be provided at least 10 days in advance to permit meaningful discussions and careful analysis of the Company's workforce capabilities in connection with the subject work. This written notice shall provide the Union with available information on the nature of the work.
3. Layoff Recall When employees are on layoff and work has been outsourced, the Company will evaluate whether there are opportunities to in-source work in order to alleviate the layoffs.

This is a Letter of Understanding between Post Foods Canada Inc. (“the Company”) and UNIFOR Local 1101 (“the Union”).

1. As a result of the spin-off of Post Holdings, Inc. from Ralcorp Holdings, Inc., the Company and the Union recognize that the Benefits set forth in Appendix A of the Collective Agreement will be provided by the Company rather than Ralcorp Holdings, Inc. Such benefits will be maintained during the duration of the new Collective Agreement, except as otherwise agreed by the Company and the Union during negotiations.

2. The Company and the Union agree that individuals hired on or after April 1, 2012 will not be eligible to participate in the defined benefit retirement plan set forth in Appendix A of the collective agreement. Retirements benefits for these individuals will be provided through a separate Defined Contribution Pension Plan. Contributions to the Plan will be as follows:

Company contribution – 6% of employee’s weekly gross earnings.
Employee contribution – 2% of employee’s weekly gross earnings.

The Company will pay the cost of setting up and administering the plan. The Company shall have the right to select the provider of the plan. In the event any issues arise related to the implementation of this plan, the Company and the Union will meet to review and agree on any such issues. Such agreement shall not be unreasonably withheld.

3. The Company and the Union further acknowledge that any other clean up items related to the change in benefit plan providers will be incorporated into Appendix A in the new Collective Agreement once agreed upon. Such agreement shall not be unreasonably withheld.

Signed at Niagara Falls, Ontario this 10th day of January, 2017.

Re: Women's Advocate

1. The parties recognize that female employees may sometimes need to discuss with another woman matters such as violence, abuse at home, or workplace harassment. They may also need to find out about specialized resources in the community such as counsellors or women's shelters to assist them in dealing with these and other issues. For these reasons the parties agree to recognize the role of the women's advocate in the workplace. The advocate will meet with female Union employees as required and refer them to the appropriate agency when necessary.
2. The Company and the Union will develop appropriate communications to inform female employees about the advocacy role and contact numbers to reach the women's advocate.
3. The women's advocate will participate in an initial forty (40) hour training program provided by the Union.
4. The Company agrees to pay \$1,500 to cover the costs and expenses associated with the training once during the life of this Agreement.

Re: Invisible Disability

Certain disabilities under the Human Rights Code, such as mental illness, may not present obvious external symptoms and as such may be considered “invisible disabilities”. It is in the best interest of the employee suffering from an invisible disability, the Union and the Company to encourage early intervention and treatment to assist employees toward diagnosis and effective treatment. The Company and the Union recognize that employees suffering from invisible disabilities are entitled to the same accommodation efforts and requirements as other disabilities under the Human Rights Code. Further, the employer and the Union recognize that invisible disabilities can have stigmas attached to them and the parties jointly commit to take appropriate actions to minimize such stigmas in the workplace. As with all disabilities, and perhaps in some ways more so with invisible disabilities, confidentiality is important and information related to invisible disabilities should be shared on a need to know basis only. The Company and the Union agree that, depending on individual circumstances, invisible disabilities may call for creative solutions and empathetic approaches when considering accommodation in the workplace and they agree to work in good faith to achieve these ends.

Signed at Niagara Falls, Ontario this 10th day of January, 2017.
