Any overtime remaining at the end of the contract year in which it is banked may be carried over to the next contract year for purposes of taking equivalent time off. If equivalent time off is not taken by the end of the contract year following the contract year in which it is earned, the Company shall pay the deferred one-half premium pay. Tour Workers who choose to bank overtime may later re-elect to receive the deferred one-half premium pay.

(ii) Day Workers who work in excess of ten (10) hours in a day shall have the option of receiving the overtime premium on the basis of this Section or of receiving straight time for hours in excess of ten (10) hours in a day and taking equivalent time off in units of not less than four (4) hours at the hourly rate for the job when the work was performed at a time suitable to the employee and the Company during the contract year. The payment of overtime shall not be a factor in canceling approved time off.

Section 3: Days Off and Schedule of Shifts

(a) The Company will designate regular periodic days off for each regular employee and will not change such designation without notice except in the case of breakdown.

In the event the day or days off are changed to follow the original designated day or days off, then forty-eight (48) hours notice will be given in advance of the original day or days off. In the event the day or days off are changed to precede the original designated day or days off, then forty (40) hours notice must be given in advance of the new day or days off.

The employees may change their day or days off by mutual arrangement with the Foreman and the Shop Steward of the department concerned without penalty to the employer.

(b) Where a system of days off is now in effect, same shall remain in effect as long as mutually satisfactory to the Union and the Company, it being understood that this has reference to a mill system of days off and not to the individual employee's days off.

(c) When the Company changes an employee's shift schedule after the start of the week without notification being given during the first eight (8) hours of his last shift preceding the new shift, the employee shall receive two (2) hours penalty payment at the straight time day rate for the first shift worked resulting from the change.

If the change in shifts during the week is temporary, the penalty payment is not payable for the second change in shifts when the employee returns to his previously established shift schedule.

When an employee's established shift schedule is changed, the Company will, whenever practicable, notify the employee personally of the change.

(d) Where an employee is temporarily off work because of a shutdown of his job, department or plant of more than ten (10) days duration, the employee's regular schedule of hours per day and days per week, including his starting time and designated days off, shall, commencing with the eleventh (11th) day of such shutdown, be considered as having been suspended and shall not be in effect for the balance of said shutdown.

Call Time shall not be payable for assignments to extra work during such latter period or for assignments in connection with the resumption of operation of the job.

The ten (10) day period referred to above shall be exclusive of any recognized paid Statutory Holidays which may fall therein.

Section 4: Starting and Stopping Work

(a) Tour Workers

When a tour begins, each Tour Worker is required to be his place. At the end of a shift no Tour Worker shall leave his place to wash up and dress until his mate has changed his clothes and reported to take on responsibility of the position.

He shall remain at his post until a substitute is secured, and, if necessary, he shall work an extra four (4) hours. If work in excess of twelve (12) hours is required by refusal of a mate to report in, or when no other qualified relief is available, then the employee shall complete the extra shift. It is the duty of a Tour Worker to report for his regular shift, unless he has already arranged with his Foreman for a leave of absence. When an employee has to work one extra shift, arrangements shall be made, by the Company, to provide one meal at the start of the shift and another meal or lunch four (4) hours later. The meal shall be eaten on Company time.

(h) Day Workers

Any Day Worker required to work more than one (1) hour beyond the end of his regular scheduled eight (8) hour shift, shall be furnished a hot meal at the usual meal time by and at the expense of the Company. If he continues to work, a meal which

shall be hot if practicable, shall be provided every four (4) hours thereafter.

understood that traveling and living expenses of those delegates will not be paid by their companies.

(4) Mill managers, senior company officials, and representatives of the Workers' Compensation Board will be encouraged to attend. The attendance of senior company officials and mill managers is desirable for discussions with union mill delegates, even if the amount of representation is increased in some instances. Additional delegates of either labour or management will be permitted to attend on an observer basis.

(5) The agenda to be confined to those matters of vital interest to the pulp and paper industry with a view to establishing recommendations as a guide to member mills and local unions. Agenda items must be submitted, either singly or jointly, to the office of the National Union and to the Pulp and Paper Employee Relations Forum not later than April 1, each year.

(6) The Planning Committee shall meet no later than thirty (30) days prior to the established date of the conference to draft the agenda from items submitted.

(7) This Planning Committee shall be composed as follows:

- (a) Three (3) Management members from Plant level.
- (b) Two (2) members from the Forum level.
- (c) Three (3) members from the Communication, Energy & Paperworkers Union who are the respective delegates from their Locals.
- (d) Two (2) members from the C.E.P. National level.

(8) One-half (1/2) day of the Safety Conference shall be set aside for open discussion on safety problems; the rest shall be pre-planned by the Planning Committee with emphasis on industry-wide problems.

ARTICLE XXIX - ENVIRONMENTAL PROTECTION

If the Union requests, a Joint Environmental Protection Committee will be established at the mill.

The purpose of the Committee will be to function as a communications group to receive information, review problem areas, and make appropriate suggestions.

ARTICLE XXX - DISCIPLINARY ACTION

The Company has the right to discipline or discharge employees for just and reasonable cause.

"An employee who has been given a written reprimand may, after two (2) years without further discipline on his/her personnel

tile, request a review of their file to have the reprimand removed. However, the final decision to remove the written reprimand remains with Management.”

ARTICLE XXXI- ADJUSTMENT OF COMPLAINTS

Section 1: Grievance Procedure

Step One Should there be any dispute or complaint as to the interpretation of any clauses of this Agreement, or any grievance arising out of the operation of this Agreement, except in the cases of discharge or suspension, the employee shall continue to work as per the conditions existing prior to the time the dispute, complaint or grievance arose, and such dispute, complaint or grievance shall first be taken up with the Foreman by the employee with the Shop Steward.

Step Two If no satisfactory settlement is made, the employee may, within thirty (30) days, refer the question to the Union Standing Committee. Within three (3) days after written notification by either the Union or the Standing Committee to the other of the existence and general outline of any dispute, complaint or grievance, the Company Standing Committee and the Union Standing Committee shall agree on a mutually satisfactory date for a meeting thereon, but in no case longer than (5) days after such notice is given. Subjects not listed on the written notice shall nevertheless be dealt with. Grievances other than those involving individual employees may be initiated at the Step Two by either party.

Step Three If there is no satisfactory resolution at second step then the question may, within seven (7) days upon written request of either Standing Committee be referred to the President of the Local and the Senior Mill Manager. They will then have thirty (30) days to deal with, and answer the grievance. Either party may elect to involve outside help at this step such as a regional Union representative and/or a Management representative from outside Powell River.

Step Four If there is no satisfactory resolution at third step then the matter may, within thirty (30) days, be referred to an Arbitrator.

The time periods may be extended by mutual agreement by Management and the Local Union.

Where a grievance arising from the discharge of an employee progresses to arbitration, either party may elect, in writing, to utilize the procedure outlined in Section 5 below as an alternative to the arbitration procedure set out in Section 4.

Section 2: National Officer

It is understood that in all discussions concerning grievances, any National Officer may accompany the Union Standing Committee in their meetings and the National Officer may call upon members of the Union Standing Committee or any other employee to accompany them in their meetings with Company officials.

Section 3: The Limit

(a) In the event a grievance has not advanced to the next step within the time limit set forth in Section 1, then the grievance shall be deemed to be abandoned and all rights of recourse to the Adjustment of Complaints under this Agreement in respect of this grievance shall be at an end.

(b) The time limit between steps may be extended by mutual consent.

Section 4: Arbitration Procedure

(a) The Company and the Union will endeavour to agree upon the selection of the Arbitrator. In the event the Company **and the** Union are unable to agree upon the selection of the Arbitrator, they will apply, within the thirty (30) day period, to have the Arbitrator appointed under the provisions of Section 86 of the Labour Relations Code of British Columbia.

(b) After the Arbitrator has been chosen he shall meet and hear evidence of both sides and render a decision within fifteen (15) days after he has concluded his hearings, said decision to be final and binding upon all parties to this Agreement,

(c) The parties shall bear in equal portions the fees and expenses of the Arbitrator and rental of any premises used for the hearing.

(d) The Arbitrator shall be restricted to interpreting and applying the provisions of this Agreement and shall have no authority to alter, modify, subtract from or supplement them in any way.

(e) In the case of discharge or suspension which the Arbitrator has determined to have been unjust the Arbitrator shall order the reinstatement of the employee and shall award him back pay. In the case of back pay, should there be any doubt in the opinion of the Arbitrator, the Arbitrator may order all or part back pay as he deems lit.

7

Section 5: Expedited Arbitration

(a) A panel of six (6) arbitrators, each of whom shall be appointed for a two (2) year term, shall be selected by mutual agreement of the Pulp and Paper Employee Relations Forum on behalf of its member companies and the Communication, Energy & Paperworkers Union on behalf of its local unions. Grievances processed under this section shall be assigned to the Arbitrators on a rotational basis.

(b) An Arbitrator must meet and hear the evidence of both parties within fifteen (15) days after assignment. If an Arbitrator is unable to commit himself to do so, the grievance shall immediately be assigned to the next Arbitrator in order of rotation.

(c) The unavailability of counsel shall not be a reason to delay an arbitration under this section.

(d) The parties will endeavour to agree on a statement of material facts which may be submitted to the Arbitrator in advance of the hearing.

(e) The Arbitrator will give his decision and his written reasons within one week after the hearing. The reasons need not accompany the decision. Neither the decision nor the reasons will form precedent.

(f) The provisions of Sections 4(b), (c), (d) and (e) as it applies to discharge, shall apply to this section.

**ARTICLE XXXII - DURATION AND AMENDING
PROCEDURE**

Section 1: Term of Agreement

This Agreement shall be in effect from midnight April 30, 1994 to midnight April 30, 1997, and thereafter from year to year subject to the conditions as set out in Sections 2 to 5 which follow hereunder.

Section 2: Labour Relations Code

The parties agree that the operation of Section 50(2) of the Labour Relations Code of British Columbia is hereby excluded.

Section 3: Notice of Re-opening

This Agreement may be opened for bargaining as to changes as follows: either party desiring any change shall mail to the other party notice in writing, by registered mail, on or after January 1, 1997, but in any event not later than midnight, April 30, 1997, that a change is desired, and, if no such notice is given by either party on or after the said January 1 and before the said April 30, the earliest time at which such notice may be given by either

party is the corresponding period in the following year. All notices given under the provisions herein on behalf of the Union shall be given by the Union (or its representative) and similarly notices on behalf of the Company shall be given by the General Manager (or his representative).

Section 4: Collective Bargaining

If notice of desire for changes has been given in accordance with Section 3 above, the parties shall, as soon as agreeable to the parties following such date of notice, meet for bargaining, the Company being represented in such negotiations by a Bargaining Committee appointed by the Company, and the Union being represented by a Bargaining Committee selected by said Union. Any agreement on changes arrived at and approved in such negotiations shall be binding upon the parties to this Agreement. If such negotiations cannot be completed prior to the May 1 following the date on which such notice was given, any changes in compensation to employees shall nevertheless be retroactive to the said May 1.

Section 5: Termination

In case negotiations conducted in accordance with Section 4 above break down, either party may terminate this Agreement upon the expiration of ten (10) days notice in writing mailed by registered mail to the other party.

e) to direct the Joint Job Evaluation Board as to changes in methods which do not constitute basic changes. The Directors shall neither negotiate rates nor exercise any of the bargaining functions of the National Union or the Company.

f) to recommend improvements in the Job Evaluation Plan to an Administrative Committee for consideration. Only in the Administrative Committee is vested the power to amend, add to, or subtract from, the Plan. Ratification of improvements will be by such method as determined by each party to the plan

g) when the Directors are unable to resolve, within sixty (60) days, matters referred to them under (c) or (d) above, the matter may be referred by either Director or the Union or Company members of the Plant Evaluation Committees to the Independent Review Officer as provided for under paragraph 3(d) below.

(b) Joint Job Evaluation Board

(i) The Joint Job Evaluation Board shall consist of one (1) representative of the National Union and one (1) representative of Pulp and Paper Employee Relations Forum.

(ii) It shall be the duty of the Joint Job Evaluation Board to evaluate and set the rate for any job presented for evaluation in accordance with this Plan. It shall also be the duty of the Board to develop, revise and maintain in an up-to-date manner the tables necessary to the functioning of the Job Evaluation Plan. All decisions of the Joint Job Evaluation Board must be agreed to by both members of the Board before becoming official.

(c) Plant Evaluation Committee

(i) The Mill Manager and the Union shall create a Plant Evaluation Committee which shall consist of not less than two (2) nor more than three (3) members representing the Union involved and not less than two (2) nor more than three (3) members representing the Company.

(ii) It shall be the duty of the Plant Evaluation Committee
a) to act upon all requests for job evaluation, within the scope and limitations of the Plan as stipulated in Section 2 above, which may arise if, in their opinion, such evaluation would result in a rate change. Any

decision to submit a job to the Joint Job Evaluation Board for evaluation must be unanimously agreed upon by all members of the Plant Evaluation Committee representing both the Company and the Union.

b) to make investigations of jobs to be submitted for evaluation, prepare job descriptions, arrange schedule of interviews required, determine and arrange for the attendance of those job representatives who desire to be present at the explanation of the evaluation computations, as provided in Section 4(d) and to assist in pointing out factual and pertinent information relative to the job to the Joint Job Evaluation Board at the time of evaluation.

c) to make a written report to the Job Evaluation Directors of the jobs on which the Union and the Company members of the Committee have been unable to agree as to whether an evaluation should be made, with a statement of the facts on which the disagreement was based.

(iii) Either the Union or the Company members of the Plant Evaluation Committee may request a review by the Job Evaluation Directors of any case of evaluation where, in their opinion, proper application of the job evaluation standards has not been accomplished.

(d) Independent Review Officer

(i) The Communication, Energy & Paperworkers Union of Canada and the Pulp and Paper Employee Relations Forum shall appoint an Independent Review Officer for the term of the Agreement.

ii) The Independent Review Officer shall neither be an employee of the Union, Company, nor their agencies.

(iii) The Independent Review Officer shall have the authority to render decisions on matters that have been referred to him which are appropriate under the Plan.

(iv) The Pulp and Paper Employee Relations Forum and the Communications Energy & Paperworkers Union of Canada shall each pay one-half of the fees and expenses of the Independent Review Officer incurred in the adjudication of disputes.

4. General Policies

(a) The evaluated job rate arrived at through official evaluation by the Joint Job Evaluation Board will be final and binding upon both parties to the labour Agreement unless review has been requested as provided in Section 3(a)(ii)(c) or 3(a)(ii)(g). In case

of such review the decision of the Job Evaluation Directors or, where appropriate the Independent Review Officer shall be final and binding upon both parties. Where a number of appeals indicate a problem within a job field, the Directors shall refer such problems to the Wage Conference for final determination.

(b) Where an official evaluation indicates an upward adjustment in the rate for a job the adjustment will be retroactive to the date agreed upon by the Plant Evaluation Committee which is entered on, and a part of, the application for evaluation provided for in Section 3(c)(ii)(a) setting forth the duties of the Plant Evaluation Committee.

(c) Where a new job has been created, the Plant Evaluation Committee of the mill will make application to the Joint Job Evaluation Board for a temporary rate for the new job. An evaluated rate will be established by the Job Evaluation Board before a period of twelve (12) months has expired following the start of the new job except in those cases where a specific request is made by the Plant Evaluation Committee to the Job Evaluation Directors to retain the temporary rate beyond twelve (12) months, and the request is approved by the Directors. It will be the duty of the Plant Evaluation Committee to agree on a date on which the job became sufficiently stabilized to permit evaluation, and any increase resulting from the evaluated rate will be paid retroactively to the agreed-upon start-up date of the new equipment or the commencement of the job.

(d) The Joint Job Evaluation Board will complete its evaluation of all jobs at the particular mill involved. The Joint Job Evaluation Board will explain in detail the evaluation computations to the Plant Evaluation Committee and to those job representatives present, before leaving the mill. In those cases where it is not possible to complete the evaluation at the mill, the Joint Job Evaluation Board will return to the mill and explain the evaluation computations before making the results official.

(e) The Joint Job Evaluation Board shall furnish to the Plant Evaluation Committee a copy of the job description and evaluation computation forms pertaining to jobs that have been evaluated. Copies of the forms furnished are to be retained in the files at a suitable place, and will be open to members of the Plant Evaluation Committee for **study** or review.

NOTE: It is understood that the Plant Evaluation Committee files referred to in this sub-section are to be available at all times to the members of that Committee for study and review. It will be left to the Plant Evaluation Committee at each mill to determine the most suitable place in which to locate these files.

(f) Members of the Plant Evaluation Committee or other employees in the mill who are relieved from their jobs during working hours to assist in carrying out the functions of the Job

Evaluation Plan or to receive training therein will be paid by the Company at their regular job rates for the time lost during their regular shifts, thereby preventing any loss in regular income. Time put in on evaluation work outside the employee's regular shift will not be paid for by the Company.

(g) When a survey or Job Field Study is authorized by the Directors, a projected completion date will be established. The completion date will also be used as a guide in determining the date for implementation of changes that result from the study.

(h) A Local Union may opt out of the Job Evaluation Plan during the thirty (30) days following ratification of the Memorandum for renewal of the Agreement. The effective date of any opting out will be the last day of the expiring Agreement.

Powell River Division

FOREWORD

During the 1946 Labour Conference it was jointly agreed that the Companies and the Union would each appoint a Committee of two (2) to select from the verbatim transcripts of the 1945-46 and the 1946-47 Joint Conferences "Statements of Policy" which were then to be approved by the International Officers of the Union and by representatives of the Companies and thereafter printed in a booklet to be entitled "Statements of Policy". (See 1946 Transcript, page 80 and page 159). This policy has been re-adopted at subsequent Labour Conferences.

The Statements of Policy contained in this booklet have been reworded for the sake of brevity and clarity, and have been agreed to by both Union and Company representatives. They are intended as a supplemental guide in the interpretation of the contract on the points which they cover.

STATEMENTS OF POLICY

ARTICLE II - DEFINITIONS

(a) **Definition of "Supervision"**. (Memorandum of Agreement dated January 30, 1958)

Employees and employers recognize that supervisors are excluded from the provisions of the Labour Agreement and accordingly it is improper for supervisors normally to do the kind of work which is done by those defined as employees in the Agreement.

It is also recognized that for the practical and efficient operation of the mills there are occasions when a supervisor must help. Such occasions must be temporary in nature and must not result in the displacement or exclusion of employees under the Agreement.

(b) **Definition of "Him"**. (Page 98, 1946 Transcript)

Wherever the word "him" appears in the contract it will be taken as referring to a male or female employee as the case may be.

(c) **Definition of "Engineering"**. (Page 35, 1947 Transcript)

The word "engineering" as used in this section does not refer to steam operating engineers.

ARTICLE V - STANDING COMMITTEE

Payment of Representatives on Union Standing Committee. (Pages 109 - 110, 1950 Transcript)

(i) The general principle to be followed is that no employee's normal earnings shall be reduced by virtue of his attendance at a Standing Committee meeting.

(ii) Employees attending meetings called while they are on duty will be paid for the time in attendance providing a meeting does not extend past the end of a shift.

If it does extend past the end of the shift, no allowance is made for such additional time.

(iii) Employees attending meetings during their time off will not be paid.

(iv) Where it is necessary to relieve an employee attending a meeting, the relief man will be paid at straight time except for any time in excess of eight (8) hours in the day which will be paid for at time and one-half

(v) The time of the meeting shall be determined by mutual agreement.

ARTICLE VI - HOURS OF WORK

Section 2: Overtime

It is hereby agreed by the Companies party to the Labour Agreement that:

- (i) The hours worked on Sundays and on the recognized paid Statutory Holidays provided for in the above referred to Labour Agreement will be used in the computation of the forty (40) hour work week.
- (ii) The foregoing arrangement applies only to Sunday and recognized paid Statutory Holiday hours and no other hours on which time and one-half has been paid, nor hours paid for Call Time, may be used for the purpose of calculating the forty (40) hour week.
- (iii) For the purpose of calculating overtime, the basic forty (40) hour work week shall be reduced by eight (8) hours in any week in which a recognized paid Statutory Holiday occurs. Should more than one (1) recognized paid Statutory Holiday occur in any week the basic forty (40) hour work week shall that week be reduced by eight (8) hours for each such recognized paid Statutory Holiday. For example, in a week in which one recognized paid Statutory Holiday occurs, overtime will be paid for hours worked in excess of thirty-two (32). Should it happen that two (2) recognized paid Statutory Holidays occur in one (1) week, then overtime will be paid for hours worked in excess of twenty-four (24) that particular week.

The work week shall start at 8:00 a.m. (or at the regular hour of changing shifts nearest to 8:00 a.m.) Sunday.

Those pulp mills which are presently working on a forty-two (42) hour week schedule and which have not yet adopted the so-called "1946 Sunday Letter" shall only adopt the terms set out herein after the implementation of a forty (40) hour per week schedule. There shall be a three (3) months training period in which to prepare personnel necessary to effect the change from a forty-two (42) hour to a forty (40) hour per week schedule.

The foregoing is to be considered as supplementary to Article VI, Section 2 - Overtime, of the Labour Agreement and supersedes all existing local agreements in respect of the computation of overtime for Sunday and Holiday work.

(b) Section 2: Overtime, (1) Day Workers Clarification of Overtime to Day Workers. (Page 90, 1949 Transcript)

The employee's designated day off is Tuesday. He is given less than forty-eight (48) hours notice that it is to be changed to Friday. He is then paid as follows:

Sunday - 8 hours plus 4
Monday - 8 hours
Tuesday - 8 hours plus 4
Wednesday - 8 hours
Thursday - 8 hours
Friday - off
Saturday - 4 hours

If he is called back at 1 p.m. Saturday to work four (4) hours in the afternoon, is he entitled to time and one-half? The answer is "no" for the reason that the contract stipulates that overtime will only be paid on the one basis. In other words, we cannot pay overtime twice on the same time. **However**, in the letter of October 18, 1946, Powell River Company Limited and Pacific Mills Limited did agree to include Sunday time and designated holidays time in the forty-four (44) hour week (amended to forty (40) hours 1952-53), even though time and one-half had been paid on it. They did not agree to include any other time on which time and one-half had been paid and there is no intention of broadening it at this time. On this principle, therefore, in the case above, the hours the employee worked on Tuesday, his designated day off, are eliminated from inclusion in the forty-four (44) hour week (amended to 40 hours 1952-53).

(c) Section 2: Overtime, (2) Tour Workers Clarification of Payment of Overtime to Tour Workers. (Page 270. 1948 Transcript)

Where a Tour Worker works an extra shift due to the absence of his mate who has given proper notice and the overtime worked by the Tour Worker extends into another day, he will still be paid at the rate of time and one-half

Definition of What Constitutes a Mate At Powell River. (Page 3 12, 1950 Transcript)

In the case of the Block Loader, there are two men one on one side and one on the other. These will be numbered 1.2 and 3. No. 1 man relieves No.1; No. 2 relieves No. 2; and No. 3 relieves No.3

Relief of Mates. (Page 328, 1950 Transcript)

The Company will do everything in its power to relieve men within twelve (12) hours when these men are working due to the absence of a mate.

Section 3: Days Off and Schedule of Shifts

(a) Scheduling of Days Off. (Memorandum. 1953 Wage Conference)

The Manufacturers agree that the scheduling of days off shall be on a consecutive basis wherever practicable.

(b) Sunday Running

At a meeting held in Vancouver, B.C., on June 15th, 1953, between the representatives of the Powell River Company Limited and those of Local 142 of the United Papermakers and Paperworkers, continuous operation of the paper machines was agreed upon in accordance with an understanding as set out in the Minutes of the said meeting.

Section 4: Starting and Stopping Work (b) Day Workers Clarification of "Starting". (Page 260,1948 Transcript)

When a Day Worker is established on a job that is some distance from his shop he shall be on that job ready to begin work at the time his pay starts and shall not cease work in advance of the time his pay stops. If the worker's time clock is not located close to the route he must travel to his job, he may, at the discretion of the Company, report directly to the job without punching his time card and his foreman shall be responsible for having his time recorded.

ARTICLE IX -ALLOWANCE FOR FAILURE TO PROVIDE WORK

(a) Clarification of the Word "Accident". (Page 60, 1945 Transcript)

The word "accident" as used in this section means a mishap occurring to an individual resulting in a shutdown. In other words, the occasion involves the human element as distinguished from the mechanical.

(b) Clarification of "Employee's Regular Job". (Page 61 et seq., 1945 Transcript)

In the application of this section it is considered that the allowance is due to an employee only in the case where he is reporting for his regular duties and then no work is provided. If the employee's regular duties consist of ship loading and bull gang work, he may be transferred from one regular assignment to another without penalty providing he obtains work on either job. However, while working on ships he will receive the ship rate and while working in the yard he will receive the bull gang rate. In the case of an employee, whose regular duties consist of one specified job, and who reports for work and finds no work available, if such employee then transfers to a job carrying a lower rate, at his election, he shall nevertheless receive the rate paid him on his regular job.

(c) Clarification of "Breakdown". (Page 258, 1948 Transcript)

A breakdown in one department which compels the closing down of one or more additional departments is a breakdown

within the meaning of this section, providing the Company uses its discretion in handling the case and where there is no loss of time unjustly caused to an employee.

ARTICLE X-CALL TIME

(a) **Applicability of Section in Specific Instances.** (Page 157. 1946 Transcript)

- (i) When a Day Worker whose shift is from 8:00 a.m. to 5:00 p.m. is told to go home at 12:00 noon and return at 4:00 p.m. for work, he will receive two (2) hours Call Time because the shift was designated at 12:00 noon.

(b) **Definition of "Regular Scheduled Shift".** (Page 65. 1949 Transcript)

A regular scheduled shift is the work defined for an employee by the Company.

(c) **Applicability of Section in Specific Instances.** (Questions and answers - report of Call Time Committee, 1949 Transcript)

- (i) In Section 2(a) relating to the payment of Call Time to Tour Workers, the phrase "after he has completed his regular shift" shall be considered to mean at that point when his pay stops upon being relieved by a mate.

- (ii) A Day Worker is called in on his designated day off reporting for work at 8:00 a.m. and working until 10:00 a.m. for which he received four (4) hours pay as the minimum allowance for an employee who starts work. If notification had not been given during his last shift preceding the work involved, he would qualify for Call Time and would also qualify under the provisions of Section 3(a) wherein a minimum of four (4) hours pay will be paid for each call when work has actually commenced both to Tour Workers and Day Workers.

In the above case the worker worked two (2) hours at the overtime rate plus a two (2) hour call which would entitle him to five (5) hours pay, thereby meeting the requirements of Section 3. It should be made clear that an employee under these circumstances will not receive four (4) hours minimum pay plus Call Time, if any, but that the four (4) hours minimum pay includes the Call Time payment.

- (iii) A Day Worker normally working the 8-5 or 8-4 shift is ordered to go home at 12:00 noon and report back for work at 4:00 p.m. or 12:00 p.m. The employee in question is entitled to Call Time since his designated shift terminated at 12:00 noon and more than two (2) hours elapsed between his designated shift and his return to work.

ARTICLE XVII - STATUTORY HOLIDAYS

(a) **Work to be Performed.** (Page 238, 1948 Transcript)

Employees who are required to work on designated holidays are expected to perform regular maintenance and routine duties normally assigned to them.

(b) **Clarification of What Repair Work May Be Done.** (Page 240, 1948 Transcript)

In a case of an emergency involving the closing of the mill for a day or more and a loss of employment to a substantial number of men, employees are expected to perform repair work on holidays.

(c) **Clarification of Section 4.** (Page 265, 1948 Transcript)

(i) In the calculation of the forty-two (42) hour work week (amended to forty (40) hours 1952-53) the payment of holiday pay will not be used unless the employee actually worked.

(ii) It is understood that an employee's vacation shall be exclusive of a paid holiday as recognised by the Labour Agreement. Therefore, if one or more such holidays fall within the employee's vacation period, he will be required to take the comparable number of additional days off. The employee shall only receive the pay for such recognized paid holidays falling within his vacation period when he takes the required additional time off.

(iii) Where an employee, after having agreed to do so, fails or refuses to work on a holiday, on account of sickness, or other bona-fide reason, the Company reserves the right to investigate the absence of the employee to decide whether or not he is entitled to holiday pay.

(iv) The sixty (60) day qualifying period referred to in Clause (a) refers to "calendar" days.

(d) **Clarification of Section 4(c).** (Page 105, 1950 Transcript)

Employees absent on the "scheduled work day before and/or the scheduled work day after a recognized holiday" are excused from their regular scheduled shifts in instances of sickness, or of sickness in the family, and are, therefore, entitled to holiday pay. The question of the validity of the excuse of sickness can be determined by the Company in each mill in each case.

**ARTICLE XXVIII - SAFETY AND
OCCUPATIONAL HEALTH**

Unsafe Working Conditions. (Page 136, 1947 Transcript)

It is not the policy of the Company to require an employee to work under unsafe conditions. It is admitted by the Union and the Company that it is impossible to draw a hard and fast line as to what is safe and unsafe. Being a factual question, each case must be decided on its merits, but in general an employee who justifiably refuses to work under unsafe conditions would not be subject to discipline.

ARTICLE XXX - DISCIPLINARY ACTION

(a) Notification of Union Standing Committee by Employer. (Page 70 et seq., and Page 126, 1945 Transcript)

Wherever practical, the Company will notify the Union Standing Committee of its intention to discharge an employee. Under certain well-recognized circumstances where no premeditation is involved, it is permissible for the Company to discharge an employee immediately without recourse to the Standing Committee. The employee still has the right to present his case to the Standing Committee for consideration and if deemed proper the Standing Committee may follow the usual grievance procedure.

ARTICLE XXX1 - ADJUSTMENT OF COMPLAINTS

Standing Committee Can Call in Members for Discussions of Grievances with the Company. (Page 261, 1946 Transcript)

It is agreed that the Union Standing Committee may call in any other employee to accompany them in their meetings with Company officials.

Exhibit "A"

Clarification. (Memorandum No. 6.1952 Wage Conference)

"An employee shall be considered as having been promoted to a higher rate job when he has taken over the duties and responsibilities of that job, without the guidance of the employee who is breaking him in. He shall then receive the higher rate. During the period the employee is being broken in and another employee is on the job and carrying the responsibility for it, the employee being broken in shall receive the hourly rate of his previous regular job."

MISCELLANEOUS

(a) Painting and Welding Being Done by Other than Regular Painters and Welders. (Page 137, 1947 Transcript)

Painting - No operator or helper will be required to paint while carrying on his regular operating or helping job.

Welding - will be done by the regular welding crew **except** in the case of an emergency where only a qualified senior mechanic may perform this work.

(b) Rents and Services. (Page 122, 1947 Transcript)

Services in mill towns include such items as the general store, hospital, living quarters, rent, power, light, water, garbage, etc. In respect to the future, when all controls are eliminated, the Companies' policy will be to provide at all times the best possible services to the people working in these communities at the best possible cost. Profit on service has never been a factor in the Companies determination of the price of the services.

(c) Status of Employees Refusing to Work in Excess of 8 Hours Per Day or Scheduled Hours Per Week (Page 91, 1949 Transcript)

If an employee is requested to work in excess of eight (8) hours in any one day or in excess of his scheduled work week hours in any one week, the employee has the right to come in or not to come in and no penalty can be imposed by the employer for the failure of the employee to come in. It is understood, however, that the Companies are entitled to look for reasonable co-operation from their employees.

(d) Conflict Between Labour Agreement and Transcript.

Whenever there is a conflict between the Labour Agreement and the Transcript, the Agreement will prevail. (p.46 & 47, 1951 Transcript)

(e) Native Indian Employment

In response to a Union proposal relative to encouragement of Native Indians to seek employment, the Industry will participate with the National Union in a joint committee to function during the term of the 1970 Labour Agreements. The committee will be known as the Native Indian Employment Committee, and will consist of eight (8) members, four (4) representatives of the Unions and four (4) representatives of the Industry.

The purpose of the committee will be to examine problems relative to employment of Native Indians and make appropriate recommendations to the Company and Union to further this objective.

Dear Mike and Doug:

Re: Letter of Understanding - Rehiring

The following practice will be observed during the 1994-97 contract.

“When hiring new employees, preference will be given to laid off former employees of the hiring mill in order of their previous mill seniority, providing:

- a) their recall rights under Section 3 of Article XXI - Seniority have expired,
- b) they have a current application on file;
- c) they have the qualifications and ability to perform the work properly.

Application must be made within thirty (30) days of the expiry of recall rights and will remain in effect for three (3) months unless renewed. An application or renewal may be extended for a period of three (3) months at any time during the third month of its currency. Normal job qualifications must be met.

A former employee will **no** longer have preference if he fails to accept an offered position. Those hired under this practice will be new employees.”

**LETTER TO THE C.E.P. FROM MACMILLAN
BLOEDEL POWELL RIVER DIVISION**

This is to confirm the agreement between the Company and your respective unions respecting the conditions that would apply to contractors coming onto the mill site to perform construction work or perform maintenance and repair work of a nature normally performed by employees in the bargaining unit. This agreement will prevail for the duration of the Collective Agreement. In entering into this agreement, the Unions acknowledge that, subject to contracting Article XXV (C.E.P.) and the Company retains the right to select contractors as it deems appropriate.

No aspect of this policy applies to contractors which are certified to Unions recognized by the Local Union, it being clearly understood that a union's affiliation to The Canadian Labour Congress, the B.C. Federation of Labour or the Confederation of Canadian Unions warrants such recognition.

Any other contractor who comes onto the mill site to perform construction work or perform maintenance and repair work which is of a nature normally performed by employees in the bargaining unit shall abide by the following Code of Ethics. This Code defines the terms and conditions under which these contractors and their employees will be governed during the term of their contract.

1. **Minimum Wages**

The contractor's straight time hourly rate of pay for a journeyman will not be less than the straight time hourly rate for the equivalent mill journeyman. The contractor's straight time hourly rate of pay for all other employees shall not be less than the straight time hourly base rate for the mill.

2. **Contributions to the Pulp and Paper Industry Pension Plan**

Subject to the approval of the plan trustees and the appropriate regulatory authorities, the Company shall remit annually to the Pulp and Paper Industry Pension Plan the following:

- a) For contractors performing maintenance and repair work of a nature normally performed by employees in the bargaining unit--the equivalent contributions.
- b) For contractors performing construction work - one half the equivalent contributions.

3. **Remittance to the Local CEP 76 Union**

One percent (1%) of all wages earned calculated on the basis of straight time hours worked shall be remitted to the Local

Union on a monthly basis.

4. **Adherence to Safety Regulations**

Contractors performing construction work are responsible for ensuring that their employees comply with the health and safety regulations and policies applicable to the work being performed. When the contractors' employees are performing maintenance and repair work which is of a nature normally performed by employees in the bargaining unit, the contractors and their employees shall adhere to the established health and safety regulations and policies in force at the mill site. Management commits to deal promptly with any violations brought to its attention by the Joint Health and Safety Committee.

5. **Honoring of Picket Lines**

Contractors' employees shall honour all legal picket lines at the mill site. Failure to do so shall result in disqualification from the future access to the mill site for the term of the contract. A contractor will not be allowed on the mill site if it has a current, demonstrated practice of crossing legal picket lines.

The Company will honour the commitments made in this letter for the duration of the Collective Agreement and will ensure that a copy of this letter is provided to any contractor participating in the contract bidding process.

**MACMILLAN BLOEDEL LIMITED
POWELL RIVER DIVISION**

**MAINTENANCE EMPLOYEE FLEXIBILITY
LETTER OF UNDERSTANDING**

APRIL 5,1995

1. The Company and the Union agree to cooperate on the implementation of maintenance employee flexibility changes which are intended to improve efficiency and expand work opportunities, which at the same time respect the integrity of the various trades constituting the mill maintenance work force.
2. Maintenance employees primary responsibility is to perform **tasks** related to their specific trade. However, maintenance employees may assist each other or may perform some of the duties of another trade as a practical approach to the performance of the maintenance function at the workplace. Changes in existing workplace practices will be consistent with the kinds of initiatives outlined to the union by the

company during the 1994 collective bargaining. It is clearly understood, however, that a maintenance employee's primary responsibility rests in the trade in which the maintenance employee has the certification, training and experience.

3. With respect to operators (all non-maintenance personnel) their primary responsibility is related to the employee's job category. It is recognized, however, that at individual work locations there has been some operator flexibility. The parties are agreed that such arrangements should continue where they presently exist (status quo).
4. Consistent with this letter of understanding, the Letter of Intent on Trades Guidelines is deleted and the Statement of Policy on Painting and Welding is amended (see attached). The company and the union will consult at the local level prior to the implementation of this letter of understanding. It is understood that the intent set out in this letter of understanding will supersede local practices, verbal and written agreements.
5. The company and the union recognize that the successful implementation of flexible work practices as described above requires the cooperation of both parties. To ensure that this implementation is accomplished as efficiently and effectively as practical, while respecting the capability of the workforce to adapt these changes, a review process will be established.

The company and the union agree to form a committee at the mill comprised of three (3) members from each party, to resolve the issues that arise. If the parties are unable to arrive at a resolve, the issue shall be referred to a third party for a decision that will be binding on both parties. The local union and the company representative will attempt to reach agreement on the name of the third party. If they are unable to do so within sixty days of ratification of the Agreement, the Disputes Resolution Branch of the L.R.B. will name the third party.

To further the process, semi-annual meetings, for the term of the agreement, shall be held to monitor progress. The meetings shall include the Regional Vice President of the C.E.P., or designates, Representative servicing the Local, two (2) members from 76, together with the Mill Manager and two (2) designates of management.

6. No trades person or apprentice will be displaced from their respective trades through the introduction or implementation of these changes in work practices.
7. No employee will be laid off as a result of the introduction or implementation of these changes in work place practices.

8. No existing trade classification will be eliminated through the introduction or implementation of these changes in work practices. Existing apprenticeship program agreements shall not be negatively impacted through the introduction or implementation of these changes in work practices.

These commitments as set out in 6, 7 & 8 shall apply to those employees on the payroll at the date of ratification.

Amend "Statements of Policy Miscellaneous" (a) Painting and Welding being done by other than regular Painters and Welders' as follows:

Painting No operator or helper will be required to paint while carrying on his regular operating or helping job.

Welding Will be done by the regular welding crew except in the case of an emergency where only a qualified senior mechanic may perform his work.

Dear Mike and Doug:

Re: Introduction of a New Pension Plan

The Company will provide direction to the Pension Plan employer trustees to support the creation of a new pension plan on the framework and concepts discussed by the Joint Pension Restructuring Committee.

The particular features of the new plan must be agreed to by the trustees by September 30, 1996 and would be based on actuarial reviews, the plan's ability to support these features and the extent of Company and employee contributions. In their deliberations in this regard, the trustees will consult with the Joint Pension Restructuring Committee.

Subject to the features of the new pension plan being agreed to by the trustees:

1. The Company and the Unions are agreed upon the principle of matching contributions, as set out below, based on a percentage of employees' hourly wage rates (the definition of "hourly wage rates" shall be subject to determination by the trustees).

2. To demonstrate their mutual support for and commitment to the new pension plan, the Company and the employees will each contribute one percent (1%) to the new plan effective January I, 1997.
3. Effective on inception of the new plan on January I,1997 the current \$2.35 per hour contribution will be converted to a percentage of employees' hourly wage rates. The specific percentage will be determined by the trustees.
4. Upon inception of the new plan, the Company's one percent (1%) contribution will be in addition to the percentage arising from conversion of the current \$2.35 per hour. It is understood that this overall contribution will continue for a reasonable period of time until the unfunded liability of the existing plan as it relates to past service is sufficiently funded to allow for a reduction of the total company contribution; this matter will be addressed in the renegotiation of future collective agreements.

Within a month of completion of negotiations, the Company agrees to implement a system where all mill employees will be able to obtain a reasonable amount of the mill's scrap metal (i.e. machine clothing, barrels and scrap metal) on an annual basis at an offsite location.

This material will be available to mill employees on a first choice basis for a small, nominal fee.

This system will be put into place for a six month trial period. The Scrap Material Committee will communicate to all employees how the system will work and develop ways to resolve problems with the system as they arise.

At the end of the six month trial period the material issue system will be reviewed with Local 1.

 - a) qualifications required.
 - b) that where applicable, the employee will be expected to advance through the line of progression.
6. The Company will provide copies of all job postings to the Union, and afford the Union the opportunity to review them prior to displaying the job postings on the notice boards.

Re: TRANSFER

The procedure by which the senior employee may apply their seniority to secure a change in: e.g.

- a) crew within the same classification
- b) shift assignments.

EXAMPLES

1. Lines of progression within a department
2. In any classification (job category), the employee may transfer to another crew that will provide more relief work of a higher category than the employee is receiving on his own crew, provided the employee is senior in his job category to the employee already on the crew he wishes to transfer to.

3. LRPs (Labour Replacement Pool)

An employee classified as an LRP may exercise their seniority to enable that employee to secure greater promotional opportunities or apply to indefinite assignments.

4. Designated Area for Mechanical Crews:

When a permanent vacancy occurs in an area (e.g. Millwrights) the senior employee in another area who volunteers may transfer to that area crew provided he has the ability and qualifications.

The intent of this item is to ensure senior tradesmen have the opportunity to change areas when permanent vacancies occur.

This item does not limit management in moving people between areas for work assignments.

As an example of areas for Millwrights described above are:

- 1) Woodmill/Sawmill
- 2) Steam Plants/CTMP/Kraft
- 3) #9, #10, #11 PM and GP4.

12 HOUR SHIFT AGREEMENTS

Clarification of Compressed Work Week Vacation

1. ANNUAL VACATIONS

- a) C.W.W. employees will take their vacation on a tour week basis. A tour week for vacation purposes will be DDNNOOOO, a period of eight (8) calendar days.
- b) Pay for each C. W. W. vacation week will be the greater of forty (40) hours at the hourly rate of the employee's regular job or the percentage method.
- c) Employees not working a regular C.W.W. schedule will continue to take their vacation on a calendar week basis consistent with the Standard Labour Agreement.
- d) It is understood that an employee's vacation shall be exclusive of his D.A.D. day. Therefore the employee will be required to take their D.A.D. day off at another time within that eight week rotation period.

2. SUPPLEMENTARY VACATIONS

- a) Supplementary vacation taken on a tour basis will be taken the same as Annual vacation.
- b) An employee may elect to take his supplementary vacations one day at a time as outlined in the Standard Labour Agreement. Pay for each supplementary vacation day will be equal to ten (10) hours at the straight time hourly rate of the employee's regular job.

C.E.P. Local 76 HANDOUT

**Re: Union Agenda Item #7
L.R.P. Averaging Pay for C.W.W.**

Overtime at the rate of time and one-half will be paid for work in excess of forty (40) hours average per week, over the defined eight (8) week period.

In the application of this principle, the following provisions will be applied to relief employees who do not follow the recognized Compressed Work Week rotation, (four (46) hour weeks and four (36) hour weeks).

1. A relief employee who works up to and including four 48 hour C.W.W.'s in an eight (8) week averaging period, will be paid overtime for work in excess of 44 hours in each of those weeks as per all local C.W.W. agreements.
2. A relief employee who has completed four 46 hour C.W.W.'s (4 - 12 hour shifts or a combination of 8 hour and 12 hour shifts equalling or greater than 46 hours) within a given eight (8) week averaging period, will be paid overtime for work in excess of thirty-six (36) hours in any other week in that averaging period.
3. Any shift scheduled after an employee has completed 36 hours in a 36 hour week will be treated as work performed on a designated day off.
4. A relief employee who does not Complete four 48 hour C.W.W.'s (four 12 hour shifts) within the current eight (8) week averaging period, and works something other than four 12 hour shifts in a week, will be paid overtime for work in excess of forty (40) hours in that week.

(A) Under our Labour Agreement, averaging pay is calculated weekly. Qualifying hours included in calculating averaging pay for workers that relieve into the compressed work week schedule are:

- i) All hours worked except overtime hours
- ii) All hours worked on Sundays and Statutory Holidays
- iii) All Floating holiday hours and Banked Stat. Hours.

(B) A work week is reduced by 8 hours for each paid Statutory Holiday or deferred Statutory Holiday

(C) Hours not included in the weekly calculations for averaging pay are:

- i) Vacation
- ii) Supplementary Vacation
- iii) Banked Overtime
- iv) Jury or Witness Duty
- v) Bereavement Leave
- vi) Leave of Absence
- vii) Sickness
- viii) Call Time
- ix) Penalty Times
- x) Overtime (excluding Sundays or Stats)

(D) Hours in addition to those identified in "A" above, that are included in the definition of what constitutes a 48 hour compressed work week for the purposes of Item #2 **are**:

- i) Vacation
- ii) Supplementary Vacation
- iii) Banked Overtime
- iv) Paid Jury or Witness Duty
- v) Paid Bereavement Leave

These hours do not count towards the calculation of averaging pay for the week. They are only used to establish the definitions of what constitutes a 48 hour compressed work week, the principle being that all paid time off counts toward establishing the length of that week.

All paid Statutory Holiday hours count toward establishing the length of the work week as well.

To qualify as a 48 hour compressed work week, at least one day of that week must be worked or taken off with pay as a 12 hour C.W.W. shift.
