ARTICLE 1 - RECOGNITION

1.1 The Company recognizes the Union as the exclusive collective bargaining agent for all employees of the Company within a 50 km radius from the Dundas Town-hall save and except supervisors, persons above the rank of supervisor, salaried trainees and office staff.

1.2 The Company and the Union agree that not more than two salaried trainees at any one time will be exempt from all provisions of this agreement providing the placement of such trainees does not result in the layoff or reduction in rate of any bargaining unit employee.

1.3 The Company agrees that salaried employees, including supervisors, will not perform work ordinarily assigned to hourly rated employees except for instructional, experimental or development purposes; for quality control; or in emergency situations, provided an hourly rated employee has refused to do the work which was regarded to be an emergency.

ARTICLE 2 - MANAGEMENT RIGHTS

2.1 The Union acknowledges that it is the exclusive function of the Company:

2.1.1 to maintain order, discipline, and efficiency;

2.1.2 to hire, retire, classify, direct, transfer, promote, demote, layoff, discipline, suspend or discharge employees, provided that a claim of discriminatory promotion, demotion or transfer, or a claim that an employee has been discharged, suspended, or disciplined without just cause may be the subject of a grievance, and dealt with as hereinafter provided;

- 2.1.3** generally to manage the industrial enterprise in which the Company is engaged and direct the work force and without restricting the generality of the foregoing, to determine the number and location of plants, the products to be manufactured or handled, methods of manufacturing, schedules of production, kinds and locations of machines, tools and equipment to be used, processes of manufacturing and assembling, the engineering and designing of its products, and the control of materials and parts to be incorporated in the products manufactured or handled, save only where such rights and obligations are explicitly abridged or amended by the express terms of the collective agreement.
- 2.1.4** to make, alter and enforce rules and regulations to be observed by employees, provided such rules and regulations are not inconsistent with the terms of this agreement.

ARTICLE 3 - RELATIONSHIP

3.1 The Union agrees that in recognition of the fact that efficient and economic production is in the interest of both parties, it will promote among its members good workmanship and regular attendance. It is further agreed that managerial personnel will cooperate with the Union in suggestions that may be made with respect to the above.

3.2 The Company and the Union agree that neither party shall practice discrimination, interference, restriction or coercion with respect to any employee by reason of age, marital status, family status, sex, race, creed, colour, national

origin, political or religious affiliations, disability, sexual orientation as provided in the Ontario Human Rights Code nor by reason of union membership or activity.

3.3 The Union agrees that any employee covered by this agreement may exercise, or may refrain from exercising, the employee's right to become a member of the Union. The Company, in view of this undertaking, agrees in the interest of maintaining harmonious relations to give all present and new employees when hired a copy of this agreement.

3.4 The Company will permit the Shift Steward to interview new employees for a period not to exceed ten minutes. The time and place of such interview will be arranged by the Company.

ARTICLE 4 - CHECK-OFF

4.1 The Company shall deduct weekly from the pay of each employee in the bargaining unit, a sum equivalent to the regular weekly Union dues, and shall remit such dues to the Financial Secretary of Local 504 on or before the 15th day of each month. The deductions shall be accompanied by a list of those employees from whom such deductions have been made. The list shall also provide the status of each employee.

4.2 The Company agrees that where the employee voluntarily signs a form for Union initiation, the fee of ten dollars (\$10.00) will be deducted from their pay.

4.3 The Company will provide dues deduction totals for the year on employees' T4 slips.

4.4 The Company agrees to deduct Canadian Skilled Trades Council dues as adopted by the Canadian Skilled

Trades Council, one-half (1/2) hour per year. This first such dues deduction will be made from the employee's first pay following completion of his/her probationary period. Thereafter, dues deductions will be made in January **of** each succeeding year or upon completion of one month's work in the calendar year. The Local Union will supply the Company with a list of those employees from whose pay the dues should be deducted. These deductions, along with the names of the employees, shall be remitted to the Financial Secretary of the Local Union.

ARTICLE 5 - STEWARDS AND COMMITTEES

5.1 The Company acknowledges the right of the Union to elect or appoint a negotiating committee of not more than three (3) employees. The Company further acknowledges that any two (**2**) of the above constitute the grievance committee to, assist employees with the presentation of grievances to the Company. In addition the Company will recognize eight (8) stewards to assist employees in presenting grievances to the Company at the first stage of the grievance procedure.

It is understood that committee persons and stewards shall have no less than six (6) months of service with the Company in order to hold a position within the Union.

5.2 The Company agrees to deal with the Negotiating Committee with respect to any matters that may properly arise within the relationship between the parties.

5.3 The Union acknowledges that Stewards as well as other members of the Union Committee and Union Officers will continue to perform their regular duties on behalf of the Company, and that such persons will not leave their regular duties without obtaining permission from their immediate supervisor. When resuming their

regular duties after being engaged in duties on behalf of the Union, they shall inform their immediate supervisor of their return and will give any reasonable explanation that may be requested with respect to their absence.

5.4 It is clearly understood that Stewards and Committee Persons will not absent themselves from their regular duties unreasonably in order to deal with the grievances of employees, and that in accordance with this understanding, the Company will compensate such employees at their basic straight-time hourly rate of pay for such time spent in dealing with the employee's grievances. Compensation will not be allowed for time spent outside of the Steward's or Committee Person's regular working hours, or when the time spent is off the premises of the Company. The Company reserves the right to withhold payment if the Steward or Committee Person does not conform to the accepted practice when dealing with grievances, or if an unreasonable amount of time is consumed in dealing with such matters.

5.5 The Union agrees that it will not appoint or otherwise elect any employee to serve as a Steward or Committee Person until the employee has acquired seniority standing.

ARTICLE 6 - COMPLAINTS AND GRIEVANCES

6.1 It is the mutual desire of the parties hereto that complaints of employees shall be adjusted as quickly as possible, and it is generally understood that an employee has no grievance until the employee has first given the Company an opportunity of adjusting the employee's complaint. At the employee's option, the employee may be accompanied by the employee's Zone Steward. Failing settlement, the employee may file a grievance in accordance with 6.2.

6.2 The Grievance Procedure shall be as follows:

Step No. 1

If the employee believes the employee has a grievance for an event or a situation other than wage rates or classifications that occurred within thirty (30) days, the employee shall present such grievance in writing to the employee's immediate supervisor, and the employee shall have the assistance of the employee's Steward if the employee so desires. If a settlement satisfactory to the employee is not reached within two (2) full working days, or in any longer period of time which is mutually agreed upon by the parties, then Step No. 2 may be invoked.

Step No. 2

The Grievance Committee may, within a period of five (5) working days after the completion of Step No. 1 present such grievance to the Company provided the alleged circumstances or origin of the grievance, except in the case of continuing circumstances, occurred not more than thirty (30) days immediately prior to its original presentation at Step No. 1, and may request a meeting with the Company within five (5) working days of such submission. At any such meeting a full-time officer of the Union may be present if the officer's presence is requested by either party. No more than three (3) members of the Grievance Committee may be in attendance at such meeting, unless the grievance involves more than one (1) department of the plant, in which case the Stewards from the affected departments may be present. The Company will give its decision in writing within five (5) working days after the meeting has been held, a copy of which shall be sent to the Union office.

Step No. 3

If the grievance is not settled to the satisfaction of both parties, then, at the request of either party to this agreement,

the grievance shall be submitted to arbitration provided such request for arbitration is made in writing to the other party within thirty (30) days, or such longer period as may be mutually agreed upon after the written decision of the Company has been given at Step No. 2.

POLICY GRIEVANCE

6.3 The parties agree that grievances may be lodged by the Company or the Union alleging a violation of this agreement, and which grievance could not be lodged by individual employees, or which involve a group of employees.

Such grievance shall be dealt with at a meeting between the Company and the Grievance Committee. Should such meeting fail to resolve the grievance, either party may proceed to arbitration as hereafter provided.

ARTICLE 7 - ARBITRATION

7.1 When either party requests that such grievance be submitted to arbitration, they shall make such request in writing to the other party, formally stating the subject of the grievance and at the same time submit proposals for a sole arbitrator. The parties shall attempt to agree upon a sole arbitrator. If they are unable to agree within a period of ten (10) days, then the Minister of Labour for the Province of Ontario will be asked to appoint a sole arbitrator.

7.2 No person shall be selected as an arbitrator who has been directly involved in attempts to settle the grievance.

7.3 The arbitrator shall not have any jurisdiction or authority to change or alter or add to any of the provisions

of this agreement, or to give a decision which is inconsistent with the terms of this agreement. The decision rendered by such arbitrator shall be final and binding upon both parties hereto, upon any employee affected by it. The parties shall bear equally the fee and expenses of the arbitrator.

7.4 The parties agree to utilize the following panel of arbitrators on a rotational basis for cases referred to arbitration:

Peter Barton
Anne Barrett
Ross Kennedy
Susan Tacon

ARTICLE 8 - DISCHARGE OR SUSPENSION OF EMPLOYEES

8.1 Employees shall be discharged or suspended only for just cause. A claim by an employee that the employee has been discharged or suspended without just cause shall be treated as a grievance if a written statement of such grievance is lodged with the Company within one (1) week after notice of suspension or discharge is given. Step No. 1 of the Grievance Procedure shall be omitted in such cases.

8.11 Where an employee is called to a meeting for purposes of receiving discipline to be imposed, the Company will arrange to have a Steward present at the meeting.

In cases of suspension or discharge, the Company will arrange to have a Committee person present at the meeting if a Committee person is present in the plant

at the time when the discipline is to be imposed. If no Committee person is present during the **shift** on which the employee will receive the discipline, the Company agrees to wait until shift changeover so that the Committee person, if present, can attend the meeting.

8.12 An employee, who has been discharged or suspended without notice shall have the right to interview the employee's steward privately for a reasonable period of time before leaving the plant premises.

8.2 Such special grievance may be settled by confirming the Company's action in dismissing the employee or by reinstating the employee with full wage compensation for time lost, or by any other wage arrangement which is **just** and equitable in the opinion of the conferring parties or of the Arbitrator.

8.3 Copies of disciplinary notices will be issued to the Unit Chairperson and Committee person.

ARTICLE 9 • NO STRIKES AND NO LOCKOUTS

9.1 In view of the orderly procedure established herein for the disposition of the employee's complaints and grievances, the Company agrees that it will not cause or direct any lockout of its employees for the duration of this agreement, and the Union agrees that there will be no strikes or other collective action by the employees which will stop or interfere with the production for the duration of this agreement.

9.2 The nature of the operations is such that tooling and unfinished materials are often on Company premises

but belong solely to customers. It is in the interests of the parties, that any dispute between them will not cause customer alienation and thereby affect the future operation of the Company and its ability to employ. For this reason it is mutually agreed that in the event of a strike or lockout all customer property which is on or in Company premises can be removed with the full cooperation of both parties.

ARTICLE 10 - SENIORITY

10.1 A new employee shall be on probation until the employee has been employed by the Company for a period of three (3) consecutive months except for an employee who has been rehired following loss of seniority who shall serve a one (1) month probationary period. If retained beyond the probationary period, the employee's seniority shall date from the date he or she last commenced work with the Company, and will accumulate thereafter.

10.2 Seniority shall operate on a departmental basis during the first six (6) months of employment after which plant wide seniority shall prevail. Seniority lists of employees shall be established on the basis of the employee's last date of commencement to work for the Company. Such lists shall be revised quarterly, and copies shall be posted in the plant and shall be sent to the Union office.

10.3 Seniority rights and an employee's employment shall be terminated if:

- 10.3.1** the employee quits voluntarily;
- 10.3.2** the employee is discharged and such discharge is not reversed through the Grievance Procedure;

- 10.3.3** the employee overstays a leave of absence without a reasonable excuse acceptable to the Company;
- 10.3.4** the employee is laid off continuously for a period of more than thirty-six (36) months from the date of lay-off.
- 10.3.5** the employee is absent without leave for three (3) consecutive working days without notifying the Company and without providing a reasonable excuse for the employee's absence.

10.4 The Company may grant leave of absence without pay to an employee for genuine and valid personal reasons which will include for female employees pregnancy, and any person who is absent with written permission shall not be considered to be laid off, and the employee's seniority shall continue to accumulate during his absence. The Company agrees to the principle of granting leave of absence to employees for the birth or adoption of a child in accordance with the *Employment Standards Act*.

10.5 The Company shall grant leave of absence without pay to any employee for extended illness. The Company may require the employee to submit a statement from the employee's doctor and the Company may at its own expense have such statement verified by its own doctor. Such employees shall accumulate seniority during such illness up to a maximum of one (1) year after which time the employee's seniority shall be maintained without change.

10.6 The Company agrees to grant leave of absence for a period of one (1) year when requested by the Union to do so, without pay, to any two employees to serve the Union as Business Agent or in other full-time work with the Union.

10.7 The Company agrees to grant leave of absence to not more than two (2) replaceable employees, if requested by the Union to do so, to attend Conventions of the Union, or to carry out Union assignments, for a total of twenty-five (25) days in a year provided written notice of such request is given to the Company at least seven (7) days in advance. The Company shall pay the regular wages for such employees during such leave of absence and shall be reimbursed by the Union for such wages and an additional 25% of such wages on account of benefits. Such hours shall be considered hours worked for the purpose of calculating overtime.

10.8 Promotions or transfers to jobs will be based primarily on the experience and qualifications of the employees concerned, but as between two persons of approximately equal standing based on the above factors, seniority shall govern.

10.9 The appointment or selection of employees for supervisory positions, or for any position not subject to the provisions of this agreement is not governed by this agreement, but if an employee is so transferred or appointed his seniority shall be frozen as of the last day he works in the bargaining unit and if, during the one year period following that date, the employee is not transferred back to the bargaining unit the employee shall lose all seniority at the expiration of the one year period.

10.10 A layoff of employees shall be made on the basis of their seniority standing provided that the employees who are entitled to remain on the basis of seniority are willing and qualified to perform the remaining work.

The Company will endeavour to notify employees and the Union at least four (4) days prior to the date of layoff.

When recalling employees who have been laid off, the recall will be made on the same basis as above.

SHORT RECALLS

For recalls of an anticipated duration of four (4) weeks or less the following procedure shall apply.

- 10.10.1** Such recall will be offered via telephone call to eligible employees. These calls will be made in the presence of the Union Steward or Committee person.
- 10.10.2** If the employee offered recall does not positively respond to the offer within 24 hours of the call or if he declines the offer to return as requested, the Company shall offer the recall opportunity to the next eligible employee on the lay-off list.
- 10.10.3** The employee who fails to respond to the recall offer or who declines such offer shall not have his name removed from the seniority list.

INDEFINITE RECALLS

For recalls of an anticipated duration of more than four (4) weeks the following procedure shall apply.

- 10.10.4** The Company will follow the telephone procedure set out in (a) above.
- 10.10.5** If the employee offered recall does not positively respond to the offer of recall or declines the offer of recall the Company shall:

10.10.5.1 Contact the next eligible employee on the recall list; and

10.10.5.2 Send a letter to the first employee via courier or registered mail formally recalling the employee. Such letter shall be deemed to have been received by the employee on the second day following the date of the letter. At that point the employee must return to work as recalled within seven (7) days of the date the letter is received, failing which his name will be removed from the seniority list unless he furnishes a reason acceptable to the Company for his failure to return.

10.10.5.3 In the event that the employee does return to work as indicated above, he shall displace the junior employee who is performing his job once the junior employee has been given the opportunity to work at least seven (7) shifts.

10.11 Stewards, as recognized under Article 5.1 and up to three (3) Union Officers, will be retained by the Company in the event of a layoff provided that such employees have the necessary experience and qualifications to perform the remaining work and provided sufficient work is available.

10.12 An employee with less than one year's service, with departmental seniority, shall upon being transferred from one department to another have all accumulated seniority placed to the employee's credit in the new department.

10.13 All occupational vacancies the Company believes will last three weeks or more shall be posted on the plant Bulletin Board for a period of five **(5)** days along with the rates applying and the name of the department posting the vacancy, except that only the first vacancy and one related vacancy that occurs in a related series will be posted in the group of jobs so designated on the Wage Schedule Appendix A. All employees, except for those who have successfully bid for a job vacancy within the preceding six **(6)** months and which job is still in existence, shall have the right to apply for posted job vacancies and shall be considered according to Article 10.8. Where the Company believes the job will last for more than three **(3)** weeks, but less than two **(2)** months, the vacancy will be shown as “probably temporary”. In the case of transfers made by the Company to fill vacancies expected to last no longer than three **(3)** weeks, the Company will, where possible, transfer the most junior employee from among those who are able to do the vacant job and which transfer will not adversely affect the operating efficiency of the department from which the employee would be transferred.

A promotion or transfer to the vacancy will be made from amongst those who apply, except that in the event applications are not received from suitable applicants, the Company will have the right to fill the vacancy from amongst employees at the lower or equal wage level to the vacancy, or by hiring a new employee.

The Company agrees to give every consideration to requests from employees who may wish to transfer to a job at the same or a lower wage level than they hold at time of request.

10.14 The Company agrees to notify the Union immediately after a decision is made regarding the successful

candidate(s) for posted vacancies, and prior to the employee going on the job whenever possible.

ARTICLE 11 - INFORMATION

11.1 Copies of all posted notices to employees affecting wages and working conditions issued by the Company shall, upon issuance, be furnished to the Union.

11.2 The Company shall supply the Union with a list of all employees acting in a supervisory capacity, and will indicate by appropriate job titles the nature and extent of their duties.

A group leader's responsibility shall be to lead the group with which the group leader is working to assure that proper methods are used, and the quantity and quality is produced.

The Company further acknowledges the right of the Union to select two (2) additional health and safety representatives who, although not members of the Health and Safety Committee, shall attend the meetings. It is understood that one (1) member of the Health and Safety Committee or a Health and Safety representative shall represent each shift. The Union shall notify the Company of the members of the Health and Safety Committee and the two (2) additional health and safety representatives.

LETTER OF UNDERSTANDING
re MAJOR PRODUCTIVITY IMPROVEMENTS

April 9, 2001

The Company and the Union recognize that there is a dramatic need to make major productivity improvements in all areas.

The Company and the Union agree that the objective is to maximize production in each and every department and to maximize the number of hours each piece of machinery in the plant operates on each and every shift.

To attain this objective, it is recognized that each employee should:

1. Be at his work station ready to begin work at the start of each shift.
2. Remain at his work station until the end of each shift.
3. Work at a reasonable pace until the end of each shift.
4. Avoid excessive personal breaks and wandering from his **work** station during his shift.
5. Avoid shutting down presses while operating and eliminate press shut downs at shift changes.
6. Avoid "stretching" the work to fill the time and to take the initiative to provide assistance in other areas of the plant.

It is agreed that these productivity gains can only be gained by each employee's recognition of the importance

of productivity to the future of the Company and each employee's commitment to maximizing it.
