10 EMPLOYEE EVALUATION and PERFORMANCE REVIEW

10.1 (a) Evaluation

Evaluation is a summative process, the outcome of which is to assess an employee's suitability for reappointment or continuing appointment. The process also provides the employee with information that will enable him/her to improve job skills and effectiveness.

(b) Performance Review

Performance Review is a faculty driven, formative process. It is expected that post-probationary faculty will meet the College's performance criteria and engage in professional development as a matter of course. The performance development process should facilitate their further development as competent, conscientious professionals.

1.0 Evaluation Process

- (a) The appropriate Dean/Manager will evaluate a probationary employee in an all-inclusive way at least once during the probation period.
- (b) A post-probationary non-regular employee may be evaluated on an annual basis or less often as opportunity allows, as determined by the Dean/Manager. An employee's last evaluation prior to regularization per Article 2.2.8 must be satisfactory. Such an employee will be deemed to have a satisfactory evaluation if the College has not undertaken one.
- (a) The Dean/Manager will extend the probationary period of an employee for one additional year when:
 - (i) S/he has conducted an all inclusive evaluation of the employee and
 - (ii) S/he has reached the conclusion that the employee's performance is unsatisfactory, but, in her/his opinion, it is probable the employee's performance will reach a satisfactory level by the end of the extended probationary period. In such a circumstance, the Dean/Manager will clearly specify the deficiencies, and, with the employee, will develop an action plan for performance improvement.

(b) An employee shall be advised in advance, both with respect to the employer's intention to conduct a formal evaluation, and the procedure by which it is to be conducted.

10.3 Evaluation Data

The employee shall be offered the opportunity to review, with the appropriate Dean/Manager, her/his evaluation data and report. The employee shall also be given the opportunity to make written comments about his/her evaluation, which shall be entered in the personnel file.

A post-probationary employee shall participate in the Faculty Performance Review Process once every four (4) years. The Dean/Manager will initiate the review process at the beginning of the four (4) year cycle. At this meeting, the Dean/Manager and the employee will agree on the employee's goals for the cycle and the sources of information and student feedback to be gathered.

In the absence of an all-inclusive performance review in a given year, the employee's performance shall be deemed to be satisfactory.

10.5 Performance Review Committee

10.5.1 If, on the basis of performance review, a second opinion is deemed necessary by either the employee or the Dean/Manager, the employee or the Dean/Manager may ask for a mutually agreed upon third party to assist them to develop an action plan to address their differences.

Such a plan must be in writing, signed by both the employee and the Dean/Manager, and, unless mutually agreed, developed within 5 duty days of the request for assistance. If neither asks for third party assistance, the matter shall be referred to a Performance Review Committee.

10.5.2 A Performance Review Committee, when required, will consist of two (2) Deans/Managers, and two (2) employees appointed by the Faculty Association. No one shall serve on this committee who has submitted material to the employee's performance review file for the performance review period unless agreed to by the Dean/Manager and the employee.

Notice of the establishment of such a Committee will be provided to the President of the Faculty Association.

10.5.3 The Performance Review Committee, established per article 10.5.2 will review the formal performance review portfolio in reference to Performance Review Criteria (developed pursuant to the Letter of Understanding re. Evaluation and Performance Review Criteria), and will forward their conclusions to the President.

10.6 If, at any point during the four (4) year cycle, the Dean/Manager has any reason to believe the employee's performance has deteriorated to an unsatisfactory level, the Dean/Manager, the employee, and a mutually agreed upon third party will develop an action plan, including timelines, to address the concern(s), utilizing tools, procedures and criteria similar to those used in the evaluation process. This process and action plan constitute an evaluation per Article 19.

10.7 Department Head/Coordinator Evaluation

10.7.1 The College and the Faculty Association shall co-develop an Evaluation process for Department Heads and Coordinators.

13.2.4 Agreements reached between the parties under 13.2.3 shall be concluded in written form.

13.2.5 Where the parties do not reach agreement within sixty (60) calendar days after the date on which the Faculty Association has received notification from the College of its intention of introduction of the technological change, and various matters remain unresolved, either party may refer such matters to arbitration within twenty-one (21) calendar days of failure to agree.

- 13.2.6 One hundred and twenty (120) calendar days from the date of notification, the College may proceed with the planned technological change pending resolution by agreement or by arbitration of the dispute.
- 13.2.7 In the event of intended or actual regular employee reduction as a result of technological change, the reduction provisions outlined in Articles 13.1 shall apply.

14 COPYRIGHT

- 14.1 The copyright to all written, recorded or artistic work shall be retained by the employee, except as noted in article 14.2.
- 14.2 Copyright will vest with the College whenever materials are prepared by the employee during the course of his/her duties.
- 14.3 If an employee incurs substantial costs which are borne by the College in producing any written, recorded or artistic work for which the copyright is held by the employee, the employee shall reimburse the College for such costs.

15 PERSONNEL FILES

- 15.1 There shall be one official personnel file maintained by the College for each employee covered by this Agreement.
- 15.2 An employee shall have the right, upon giving notice to the Director, Human Resource Development, to have access to his/her personnel file and shall have the right to respond in writing to any document contained in the file.

Such a response shall become part of the permanent record. Upon request, photocopies of any document contained in his/her personnel file shall be provided to the employee.

16. Legal Indemnification

- 16.1 Except where there has been gross negligence or malicious or willful misconduct on the part of an employee, the College will:
- a) indemnify and save harmless employees from any liability action arising from the proper performance of his/her duties for the College; and

b) assume all costs, legal fees, and other expenses arising from any such action in accordance with the existing University College and Institute Protection Program, Self-Insured Comprehensive General Liability coverage.

17 Occupational Health and Safety

17.1 The College agrees to comply with all regulations made pursuant to the Workers' Compensation Act and any other statute of the Province of British Columbia pertaining to occupational health and safety.

17.2 The College will provide a link on the College Intranet to the WCB website and to the relevant College policy regarding Safety Equipment/Apparel.

18 Student Complaints

If a Dean/Manager receives and intends to follow up on a student complaint concerning an employee, that employee will be informed of the substance of the complaint within seven (7) days of receipt of the complaint. The employee will also be given an opportunity to respond to the complaint.

19 Unsatisfactory Service

When, through the provisions of Article 10 or otherwise, a manager identifies serious performance problems or serious performance issues concerning an employee, the manager shall undertake, or shall have already undertaken, an evaluation prior to taking disciplinary action. If disciplinary action, up to and including termination, is taken, written notification will be provided to the employee and the Association.

20 DISCIPLINE

The College shall not dismiss or discipline an employee bound by this Agreement except for just and reasonable cause.

20.1 The College will provide at least 24 hours notice to an employee of any meeting in which the conduct of the employee is being investigated and discipline may be imposed. Less notice may be given if the College has cause for investigating the employee's conduct immediately.

- 20.2 At the time of notice, the College will inform the employee and the Association of the purpose of the meeting and that the meeting could result in discipline. The employee will be expected to consult with his/her Steward and the employee shall have the right to Association representation at the meeting.
- 20.3 Should discipline beyond a verbal reprimand be imposed, the College will notify the employee, in writing, of the reason for the discipline. The employee, at his/her discretion, may provide a copy of that letter to his/her Steward. In the event an employee is suspended, written notification will be provided to the employee and the President of the Faculty Association within five (5) working days.
- 0.0 A grievance alleging that the suspension or discharge of an employee is unjust must be initiated within twenty-two (22) working days of the written notification to the employee of the suspension or discharge. Such grievance will proceed directly to Step 4 of the grievance procedure.
- 20..5 Any documents related to the imposition of discipline that are placed in an employee's personnel file will be removed after two (2) years from the date of the alleged misconduct if a similar incident has not taken place.

21 GRIEVANCE PROCEDURE

21.1 Intent of Article

It is the intent and the purpose of this Article to provide the parties with a procedure whereby complaints and/or disputes as to the interpretation of any of the Articles in this Agreement will be resolved without work stoppage.

- 21.1.1 At any meeting relating to Steps 1 through 4, an employee has the right to be accompanied by a representative of the Faculty Association.

21.2 Steps

- 21.2.1 Step 1: Where *an* employee covered under this Agreement feels that he/she has cause to complain, such employee shall, within ten (10) working days of the incident giving rise to the complaint, discuss the matter with his/her immediate excluded supervisor.

A sincere effort shall be made to resolve the matter at this complaint stage.

21.2.2 Step 2: Failing a satisfactory settlement at Step 1, the aggrieved employee lodging the complaint may, within five (5) working days of the discussion, submit the alleged grievance in writing to his/her immediate excluded supervisor.

The supervisor will arrange and hold a meeting within five (5) working days of receipt of the written grievance and will provide the aggrieved employee with a written response within a further five (5) working days. The Faculty Association shall be notified in advance of the formal meeting and any subsequent meetings pertaining to the grievance, and the Faculty Association shall be copied with respect to the written response(s).

21.2.3 Step 3: Failing a satisfactory settlement at Step 2, the aggrieved employee may, within five (5) working days of the date of the written response per Step 2, advance the alleged grievance to Step 3 by forwarding a copy of the written grievance along with any other relevant information, to the Senior Instructional Officer.

The Senior Instructional Officer will arrange and hold a meeting with the parties concerned, within five (5) working days of the date of receipt of the grievance and will provide the aggrieved employee with a written response within a further five (5) working days.

If the immediate excluded supervisor in Step 1 and 2 is the Senior Instructional Officer, then Step 3 will be omitted for the particular grievance in question and the next step in the procedure shall be Step 4.

21.2.4 Step 4: Failing a satisfactory settlement at Step 3, the aggrieved employee may, within five (5) working days of the date of the written response per Step 3, advance the alleged grievance to Step 4 by forwarding a copy of the written grievance along with any other relevant information, to the College President.

The College President will arrange and hold a meeting with the parties concerned, within ten (10) working days of receipt of the grievance and will provide the aggrieved employee with a written response within a further ten (10) working days.

- 21.2.5 Step 5: If the written response per Step 4 is not to the satisfaction of the aggrieved employee, then the grievance may be advanced to arbitration. Notice of Intent to advance to arbitration will be in writing to the College President within twenty-two (22) working days of the date of the written response from the College President.

POLICY GRIEVANCE

- 21.3 Should either the College or the Faculty Association have reason to grieve, then either party shall have recourse to the grievance procedure. Such policy grievance shall commence at Step 4 of the grievance procedure; that is, the Faculty Association will submit the policy grievance directly to the College President or the College will submit the policy grievance directly to the President of the Faculty Association.

ARBITRATION

- 21.4 Where the matter is advanced to arbitration, the parties will meet to select a mutually acceptable arbitrator. In the event that mutual agreement cannot be reached, either party may, upon five (5) working days written notice to the other party, request the Minister of Labour of the Province of British Columbia to appoint an arbitrator.
- 21.4.1 The arbitrator shall only have the authority to apply, or to determine compliance with, the provisions of this Agreement and shall not have the authority to in any way add to, detract from or alter the provisions of this Agreement. The decision arrived at by the arbitrator shall be final and binding on the parties.
- 21.4.2 Each party shall pay the expenses incurred in connection with the preparation and presentation of its own case to the arbitrator. The parties shall share equally the expenses of the arbitrator.

TIME LIMITS EXTENSION

- 21.5 Time limits as defined in this Article may be extended by mutual agreement.

Letter of Understanding re: Early Retirement Incentive Program

The College will provide an early retirement incentive program for eligible employees. Participation in the early retirement incentive program is voluntary. The purpose of this program is to provide an incentive to an eligible employee who wishes to resign from employment and commence early retirement before age 64.

Eligibility

In consideration for making application for early retirement, all of the following criteria must be met:

- (a) the employee must be age 55 or over, but less than age 64 on the effective date of the early retirement;
- (b) the employee must have a minimum of ten years of full-time equivalent service in the BC College and Institute system;
- (c) the employee must meet the minimum pensionable years service requirement as per the College Pension Act;
- (d) the employee must be at the highest achievable step of the salary scale.

Application

An employee shall make written application to the Human Resources Development Department who shall confirm the eligibility criteria are met. The Human Resources Development Department will then forward a copy of the application to the Faculty Association for information, and a copy of the application to the College President for approval. The President's decision shall be final and shall consider availability of funds and operational requirements.

Incentive Payment

- (a) The College may offer and an employee may accept a one-time lump sum early retirement incentive based on the age at retirement to be paid as follows:

<u>Age at Effective Date of Retirement</u>	<u>% of Annual Salary at Time of Retirement</u>
55-59	100%
60	80%
61	60%
62	40%
63	20%
64	0%

- (b) The College may opt to pay the early retirement incentive in three equal annual payments over a thirty-six (36) month period.
- (c) Eligible employees may opt for a partial early retirement with a pro-rated incentive.
- (d) No adjustments to the salary in effect at the date of an employee's early retirement shall be made after the incentive is paid. The employee may elect to have the incentive payment paid directly to an RRSP in accordance with applicable legislation.

Protection of Medical Benefit Coverage

- (a) Early retiring employees in receipt of a College pension may obtain basic medical and extended health benefit coverage through the Superannuation Commission when filing a claim for pension. Appropriate deductions will be made from monthly pension on a premium shared basis.

Retired employees in receipt of pension are not allowed to choose to join these plans at a later date.

- (b) Early retiring employees not immediately commencing receipt of a College pension may elect to continue their basic medical, extended health and dental benefit coverage through the College during the period preceding receipt of pension, but in any event, not longer than five years following retirement, provided that:
 1. Written notification of the intention to continue these benefits is provided to the Human Resources Development Department six weeks prior to the date of early retirement;
 2. The individual maintains B.C. residency; and
 5. The participant prepays all premium costs.

Letter of Understanding re: Deferred Salary Leave Program

The parties agree to maintain access for faculty to the College's Deferred Salary Leave Program. Changes to the existing program, other than those required by federal or provincial statutes, must be mutually agreed to by the parties.

Letter of Understanding re: University Studies and Career Technical Pilot Project Preparation Hours Per Week

The parties agree to pilot a voluntary alternative to the five section, three preparation workload model for University Studies/Career Technical instructors.

Upon mutual agreement between the Instructor and the Dean/delegate, an Instructor will be considered to have a full teaching load if s/he either:

1. prepares up to twelve (12) distinctly different lecture-form contact hours of instruction per week for University Studies and/or Career/Technology lecture courses in any one semester, to a maximum weekly contact of 15 hours.

Or

2. prepares up to twelve (12) distinctly different contact hours per week, to a maximum weekly contact of 12 hours.

The following conditions must apply:

- the Instructor must have at least three (3) years of post-secondary teaching experience;
- the Instructor must have had less than one hundred (100) students (as defined per Article 5.6.5.1) in the previous semester and is anticipated to have less than one hundred (100) students in the current semester ;
- the Instructor's workload in the current semester must contain no more than three (3) distinctly different lecture-form contact hours of instruction per week in courses s/he has not previously taught.
- option 1 is subject to CORFA's agreement, which must be obtained before seeking agreement of the Instructor, but CORFA's agreement must not be withheld unreasonably.

The pilot project(s) will be conducted without prejudice to the parties and will be assessed by the parties upon its (their) completion.

Letter of Understanding re: Distributed Learning

The parties support applications of distributed learning that enhance student access and choice within the framework of a broad and comprehensive range of face-to-face learning opportunities.

The College agrees to the following principles regarding the use of distributed learning:

- The Dean, Department Head, or delegate will consult with all regular instructors in the relevant discipline concerning the opportunity to develop or deliver distributed learning courses.
- Faculty participation is voluntary.
- The College will provide any necessary training to faculty members who participate.
- The College will provide adequate clerical, technical support and software, and equipment to faculty members who participate.
- Distributed learning courses, whether, paper based, hybrid or online may require more marking time, administration and preparation time per student than face-to-face classroom instruction, so class size limits will be set accordingly.
- The contact hours per week for delivering a course shall be the same regardless of whether it is offered in distributed learning or lecture format.
- Relevant articles of the Collective Agreement will apply to distributed learning as they do to other teaching methodologies e.g. copyright.
- Faculty members who participate will be given adequate time to develop or revise courses/programs for the distributed learning mode of delivery.

Letter of Understanding re: Flexible Configurations of Work

This letter of understanding addresses the commitment between the College of the Rockies Faculty Association (CORFA) and the College of the Rockies to:

1. recognize that faculty members may participate as Contract Instructors in work of the College which is outside of the Bargaining Unit
10. allow faculty members to receive appropriate compensation for such work, either in the form of future release time or other direct compensation
11. recognize that faculty members may, from to time, work in an overload situation and to establish a mechanism to track such work overloads
12. allow for workload averaging beyond one academic year

The principles surrounding this Letter of Understanding are:

- Except for PLA, which is work that the College may assign to a faculty member, a faculty member's participation in work that is described by this letter will be voluntary. (CORFA will be provided with a copy of any individual agreements developed pursuant to this letter.)
- All aspects of this letter apply to Regular faculty and to Term faculty subject to item (5) below. Aspects of this letter that deal with work which is outside of the bargaining unit, CTM work, and PLA work, will also apply to Auxiliary faculty.
- For the purpose of workload averaging of bargaining unit work over two years or more, this Letter of Understanding includes only work that is contact hour driven, or CTM or PLA work.
- The Human Resources Department will be responsible for establishing and maintaining a system for tracking work accrued for future release time.
- The right of first refusal will not apply to work outside the bargaining unit. It will only apply to work made available when a faculty member is replaced due to release time granted per the provisions of this letter.

Specifically, this Letter of Understanding commits CORFA and the College to the following:

3. Faculty may participate in work outside of the Bargaining Unit as per 5.3.2.
7. For time worked outside the bargaining unit, the faculty member and the College will, by mutual agreement, determine whether the faculty member will receive direct compensation or release time. Such release time may be scheduled immediately or banked as per section 5 below.

13. The faculty member and the College will negotiate, in advance of each case, the direct compensation or equivalent amount of release time to be made available to the faculty member for participating in work outside the bargaining unit. The amount of cash payment or release time will normally be equal to or greater than what the faculty member would be entitled to if the work had been in the bargaining unit.

However, where the market dictates lower rates and the faculty member and the College mutually agree, the faculty member may be paid less. In such circumstances, the College will encourage the faculty member to discuss those rates with CORFA prior to entering into such an agreement.

2. A Regular faculty member may, with their supervisor's agreement, perform bargaining unit work that is beyond an annual workload in any one year and bank that work toward future release time.
5. Where there is no Auxiliary faculty member with a right of first refusal to do the work, a term faculty member may, with their supervisor's agreement, perform bargaining unit work that is beyond an annual workload in any one year and bank that work toward future release time within the Term. The College will notify the Association prior to offering the overload to the term faculty member. If the release time is not scheduled within the Term, the faculty member will receive payment for the banked time at the completion of their appointment.
6. A faculty member who banks release time can schedule that release time, by mutual agreement, with their supervisor once a discrete unit of release time is accrued. The faculty member's schedule will be amended within the next year to average the workload. If that is not practical, the faculty member will bank the overloaded work for release time within a three-year period. The measure of a discrete unit will vary from program to program (weeks, sections, etc.)
7. If a faculty member terminates employment prior to using banked time, s/he will be paid out for that banked time. Neither a faculty member nor a supervisor should be unreasonable in agreeing to the scheduling of banked release time.

Letter of Understanding re: Courses Offered Through Institutes or Community Development

The parties agree that if College of the Rockies credit is granted to a student of a contract training course, during that course, or within two (2) months of the completion of the course, the instructional assignment for that contract training course will be considered bargaining unit work. If the Instructor of the course has not already been compensated at bargaining unit rates or greater, s/he will be entitled to compensation at her/his applicable bargaining unit rate.

Letter of Understanding re: Role of Contract Employees

To secure the long-term viability of College of the Rockies and the bargaining unit, and to ensure the College competitiveness, the parties agree that the work performed by contract instructors will include instruction, program development, curriculum development, or educational services within:

- (1) public/private or public/public partnerships where the partner is delivering some or all of the training
- (2) new cost recovery programs that need an incubation period of a minimum of three program deliveries in order to determine program sustainability
- (3) training that is provided under a written partnership agreement in a public/private or public/public partnership
- (4) training that is purchased in whole or in significant part (at least 50%) by a public or private partner
- (5) training that is delivered at a partner's location using the partner's equipment.

Letter of Understanding re: Second Functional Areas

The parties agree to the following clarification of the collective agreement language concerning the seniority list and functional areas:

1. The primary functional area for each faculty member is based upon that faculty member's work assignment in the previous two calendar years prior to January first of the current year.
2. A faculty member who is currently listed with a second functional area will retain that second functional area. If a faculty member's primary functional area changes per #1, his/her previous primary functional area will become his/her second functional area.
3. In January of each year, a faculty member may apply to be listed on the seniority list in a second functional area. Such application must be forwarded to the faculty member's Dean or Campus Manager on or before January 31. Article 13.1.3.3 refers.
4. In February each year, the seniority list will be amended per successful applications from #3.
5. A faculty member can only have one second functional area. If a faculty member successfully applies for a second functional area, per #3, and he/she already has a second functional area, the previous second functional area will be removed.

Letter of Understanding Evaluation and Performance Review Criteria

The parties agree to use the following criteria for evaluation and performance of faculty as follows:

Evaluation criteria and procedures for evaluation and performance review shall be applied in a similar manner to all employees. Though designed for instructional faculty, they will be applied to non-instructional faculty as appropriate to their job duties (*mutates mutandis*).

1. The employee develops an approach to teaching and learning that:
 - is designed with student diversity in mind, giving adequate attention to the different learning needs of individual students
 - encourages cooperation among students, where appropriate
 - encourages students to take an active part in their learning
 - communicates high expectations
 - includes prompt corrective feedback
 - ensures students are treated with respect and in an equitable manner
 - encourages student-faculty contact
2. Teaching activities are organized, well prepared, clear and effective.
3. The employee provides students with a course syllabus or the course or program outline, including expectations, learning resources and the method of evaluation to be used.
4. The employee understands and is knowledgeable about recent developments in his/her instructional area.
 - It is recognized that in fields of rapidly changing technology where renewal time is not adequate, an instructor may not be able to achieve mastery of current developments; however, such instructors are expected to be aware of the general nature of these developments; and to communicate this to students as appropriate.
5. The employee designs instructional materials/activities that consider offerings and requirements of "receiving institutions" (post-secondary and/or the employer and community).

6. The employee participates in approved professional development activities.
 - It is recognized that the College has an obligation to assist and support instructors regarding Professional Development.
7. The employee manages instruction/duties effectively:
 - follows relevant college policies and procedures (i.e. Principles of Quality Education, grading and exams policies, etc.)
 - monitors student progress towards instructional goals and objectives
 - maintains current student records and is punctual with reports, grades and records.
 - demonstrates professionalism with students, peers, and college community.
8. The employee makes a continuing contribution to the goals and objectives of the College.

Letter of Understanding re: Establishment of the Post Normal Retirement Date (PNRD) Auxiliary Category of Employment

The parties agree to establish a new category of employee in the collective agreement to effect the re-employment of faculty after their normal retirement age. The following conditions describe that category of employment:

Definition

A PNRD Auxiliary is a person who has retired from the College as a member of the faculty bargaining unit and who is subsequently re-employed beyond age 65 for work of the faculty bargaining unit.

Duration of Employment

A PNRD Auxiliary is employed for up to one year per the provisions of the College's Retirement policy. S/he may be employed for more than one year but each period of employment will initially not be longer than one year.

Workload

A PNRD Auxiliary may work up to 100% of a workload. If the workload is an instructional assignment, the term of employment will include non-instructional duty days (front/during/end of term) amounting to fifteen percent (15%) of the instructional duty days.

Salary

A PNRD Auxiliary will be paid pro-rata based on their step placement prior to retirement. For example, a PNRD Auxiliary with an 80% workload will receive 80% of their annual salary pro-rated to the length of the teaching assignment (they would receive \$32,000 for such a workload if their term of employment was 8 months and if their annual salary were \$60,000). In addition to salary, a PNRD Auxiliary will receive 10% in lieu of vacation and benefits.

Health and Welfare Benefits

A PNRD Auxiliary is ineligible to participate in the College's health and welfare benefits plans.

Pension

While employed as a PNRD Auxiliary, an employee may contribute to or draw from the College Pension Plan per the rules and regulations of that Pension Plan.

Professional Development, Vacation and Sick Leave

A PNRD Auxiliary does not accrue nor can s/he use Professional Development days, Vacation or Sick Leave.

Right of First Refusal

Notwithstanding Article 6.6, no faculty member will have a right of first refusal to work that has been granted to a PNRD Auxiliary immediately after his/her normal retirement date per the provisions of the College's Retirement policy.

Letter of Understanding re: Interpretation of Article 5.2.2.1 of the Local Faculty Agreement vis-à-vis Article 6.6 of that same Agreement

The parties agree to interpret Article 5.2.2.1 of the Local faculty Agreement to mean that a Regular Part-time employee's workload can be averaged over a full duty year (a calendar year). The effect of this interpretation is that Article 6.6.1 enables a Regular part-time employee to exercise her/his right of first refusal to work above 100% over a short-term period as long as the employee's total workload over the calendar year is at or less than 100%.

Some examples where this would apply are:

- An 80% Career Tech/U.S. Instructor can work 120% in the winter semester and 80% in the fall semester to have a 100% load for the calendar year.*
- A 90% Vocational Instructor can work an additional 20% in a week as a replacement as long as the total worked for her/him during the year didn't exceed 100%.*

Three important points concerning this interpretation should be clarified:

- 1. The Regular Part-time Instructor has the right of first refusal to the additional work (subject to the conditions of Article 6.6.1) but s/he can't be required to do it.*
- 2. The Regular Part-time Instructor does not have the right to take only the amount of the work to get to 100% (in the short term) and refuse to take the balance of the work, unless the Dean/Manager determines that the work can be split without a detrimental effect on students. Using the examples above, it would likely be fine for the Career Tech/U.S. Instructor to take one of the courses to get to 100% and then not take the other one – as the work easily divides into sections. The Vocational Instructor would likely not be able to take only half of an extra day's work, however, as it would likely be determined that one replacement Instructor for a whole day is better than two replacement Instructors for one-half day each.*
- 3. The Regular Part-time Instructor's schedule should be such that s/he can do the additional workload. There is no onus on the College to amend course or program schedules to facilitate the request of a Regular Part-time Instructor for additional work.*

It should also be noted that since there are no workload averaging provisions for Non-Regular faculty, such faculty do not have a right of first refusal to a workload beyond 100% at any time.

Letter of Understanding re: Committee on Student Complaints

It is agreed that a committee shall be formed which shall include the following representation:

- (b) Two (2) representatives appointed by the President of CORFA;
- (c) Two (2) representatives appointed by the President of the College;
- (d) Two (2) representatives appointed by the President of the Student Association.
In the event the Student Association fails to appoint its representatives within the prescribed time, the committee will proceed without the Student Association.

Role of Committee

The role of this committee is to meet and develop a recommended Student Complaints policy dealing with student complaints related to faculty in the CORFA bargaining unit other than grade appeals, harassment complaints or human rights complaints.

Recommendations

If consensus is reached on a new recommended policy dealing with student complaints, the recommendations will be presented to the College Planning Committee (CPC). If approved by CPC, the recommended policy will become part of the College's Policy and Procedures Manual.

Timeframes

The committee shall be established and commence its deliberations within 30 days of the start of the *September 2007* semester. The committee shall complete its tasks by no later than *November 30, 2007*.

**Letter of Understanding re: Regular Sessional and
Regular Sessional Part-time Employees**

1. Definition:

Due to specific College program/service requirements, the College employs Regular Sessional and Regular Sessional Part-time employees.

A Regular Sessional employee is an employee who has full-time equivalent duty [i.e., an average of thirty-five (35) duty hours/week] as per Article 5.2, and is employed a minimum of seven (7) consecutive months up to a maximum of ten (10) consecutive months each year, every year, with the expectation by the College of such duty being recurring from year to year.

A Regular Sessional Part-time employee is an employee who has minimum duty of at least (50%) fifty percent (i.e. an average of seventeen and a half (17.5) duty hours/week) of an equivalent full-time workload, but no more than (100%) one hundred percent of an equivalent full-time duty as per Article 5.2; and is employed a minimum of seven (7) consecutive months up to a maximum of ten (10) consecutive months each year, every year, with the expectation by the College of such duty being recurring from year to year.

A Regular Sessional or a Regular Sessional Part-time employee shall not be required to re-apply for his/her subsequent period of employment each year. Upon conclusion of the duty requirement for the given year, the employee does not have further commitment to the College until the re-commencement of the duty requirement in the next given year. The provisions of Article 13.1 through 13.1.3.4 only apply for an expected permanent layoff by the College.

2 (a) REGULAR SESSIONAL EMPLOYEES

<u>Name</u>	<u>Effective Date</u>
Boehmer, Ruth	<i>8 months commencing October, 2004</i>
Hampton, Don	<i>8 months commencing October, 2004</i>

3. (a) Right of First Refusal

A Regular Sessional or a Regular Sessional Part-time employee shall have the right of first refusal for additional work assignments provided s/he is qualified to fulfill the responsibilities of the additional work assignment(s), and the additional work assignment(s) are available at the same location where the Regular Sessional or Regular Sessional Part-time employee normally fulfills his/her work commitment(s).

Subject to the aforementioned, the employee's salary and all ancillary benefits will then become adjusted/pro-rated only for the duration of time the additional work assignment(s) is undertaken.

(b) Conversion to Regular Sessional

Only where such additional work assignment for a Regular Sessional Part-time employee is continuous for two full sessions and the additional work assignment combined with the employee's Regular Sessional Part-time duty equals one hundred percent (100%) full-time duty during their normal session will the Regular Sessional Part-time employee become converted to a Regular Sessional employee.

(c) Conversion to Regular Full-time

Only where such additional work assignment in (a) is continuous for twenty-four (24) months, and the additional work assignment combined with the employee's regular sessional duty equals 100% (one hundred percent) full-time duty, will the Regular Sessional employee become converted to a Regular Full-time employee as per Article 2.2, Definitions.

(d) In situations as per 3(a) above, where more than one Regular Sessional employee has a right of first refusal, the determining factor for that right shall be based upon the date of first appointment with the College. Seniority will not be lost if a break of service of not more than 24 months occurs.

4. Vacation Leave:

For Regular Sessional or Regular Sessional Part-time employees, vacation use, where possible, is to be taken within the employee's work cycle. Any earned but unused vacation entitlement shall be paid out upon the employee's concluding work cycle in that applicable year of employment.

5. Group Health/Dental Benefits:

A Regular Sessional or Regular Sessional Part-time employee will have the option to participate in all group Health & Dental benefits; in which case, the premiums will be pro-rated.

6. Sick Leave, Short and Long Term Disability (STD and LTD)

A Regular Sessional or Regular Sessional Part-time employee is eligible for participation in the Common Disability Plan of the Common Agreement, including salary continuance (Sick Leave), STD and LTD.

7. The Association and the College can mutually agree in writing to amend the list of Regular Sessional or Regular Sessional Part-time employees if, during the life of this Agreement, such a need is identified.

Applicable conditions of the current Collective Agreement apply.

9. Seniority

Effective April 1, 2001, Regular Sessional and Regular Sessional Part-time employees shall accrue one month of seniority for each month worked, including months in which the employee is on Sessional layoff.

Letter of Understanding re: Common Faculty Professional Development Fund February 2006 Pilot Process for Fund Allocation

Introduction

The Common Faculty PD Fund has been created through Letter of Understanding 6 of the Faculty Common Agreement. The Fund is in support of various types of professional development activities. Such professional development is for the maintenance and development of the faculty members' professional competence and effectiveness. The purpose is to assist faculty to remain current and active in their discipline and program. The Fund is not meant to replace any existing development or educational funds.

The parties (College of the Rockies Faculty Association and the College of the Rockies) agree that the fund will be used to provide successful applicants with full or partial paid leaves while they are pursuing approved Professional Development activities.

Pilot

The parties agree to pilot the following process, as outlined in this document, for the allocation of the Common Faculty PD Fund. The success of the pilot will be assessed by the parties and the process will be modified if necessary by March 31st, 2008.

Eligibility

Post-probationary faculty members employed by the College shall be eligible to apply for Common Faculty PD financial assistance.

Limitations

1. The duration of a full-time leave funded through the Common Faculty PD fund shall be for at least one week to a maximum of six months.
2. The duration of a partial leave (of at least 20% but less than 100%) shall be for a maximum of one academic year.

Process for Application and Approval

A faculty member who wishes to apply for funding through this Fund will submit her/his application to the Faculty Development Committee in response to a call from that Committee for applications. The application must be supported with written (email okay) confirmation of approval in principle from the applicant's Department Head or Campus Manager, for the absence of the applicant from normal duties to undertake the specified professional development.

The Faculty Development Committee will evaluate each application as per the candidate selection criteria below. The Committee will meet with the Senior Instructional Officer (SIO) and present her/him with its analysis and recommendations. All applications for funding will be ranked by the Committee for consideration by the SIO. The SIO will consider all recommendations of the Committee and be responsible for the final approval of applications.

Candidate Selection

2. Details of the application process will be outlined in the Professional Development Handbook and may be modified by mutual consent of the Parties.
2. The Faculty Development Committee will review all applications for financial assistance and assess the merits of each application based on the following factors (no order of priority):
 - Length of service with the College;
 - Available funding;
 - Previous financial assistance granted;
 - The value to the College of the experience sought by the faculty member;
 - The value to the faculty member of the experience sought by the faculty member;
 - Service by the faculty member to the College and/or Community;
 - The 'comprehensiveness' of the proposal; and
 - That the proposal be realistic (e.g., that the activity can be achieved within the time lines proposed.)
3. Without restricting the generality of the principles governing the Common Faculty PD Fund, the following activities shall be considered as constituting valid grounds for a faculty member to apply for Common Faculty PD funding:
 - Enrolling in a relevant full-time or part-time program of study at an appropriate institution;
 - Professional research or non-directed study;
 - Assuming, with another institution or agency or in business or industry, a position in a field related to the College appointment held by the faculty member;
 - Travel and visitations for studies of particular relevance to the faculty member's College appointments.

Fund Management

2. Common Faculty PD funds may be used only at a time mutually agreed upon by the College and the employee.
3. Deadline for submission of applications to the Faculty Development Committee shall be April 15th of each fiscal year beginning with fiscal year 2006-07. The Committee will review all applications and will meet with the Senior Instructional Officer not later than May 15th to make recommendations. The Senior Instructional Officer shall make final approval of applications not later than May 31st. These deadlines may be extended or modified by mutual agreement of the parties.
4. The College agrees to commit all monies in the Fund for each fiscal year within that fiscal year – where there are sufficient applications, that, if approved, the Fund will be fully allocated.
5. In the event that funds available during any given fiscal year have not been fully committed, the parties may agree to engage in an additional process(es) within that fiscal year to allot the remaining funds. Any monies in the Fund not spent at the end of one fiscal year shall be carried forward to the following fiscal year.
6. The College will allocate funds from future fiscal years only where it is recommended by the Faculty Development Committee to do so, and where it is in the best interest of the College, as determined by the SIO.
7. There will be a one time only process with a deadline for submission of applications by March 15, 2006 for the awarding of the Common Faculty Development funds for the fiscal year 2005-2006. The Committee will review all applications and meet with the Senior Instructional Officer to make recommendations no later than March 30, 2006 and the Senior Instructional Officer will make final approval of applications no later than March 31, 2006.
8. At the time of the initial call for applications, the parties will seek input from their constituent groups as to the appropriateness of the limitations on the use of the fund. Should the parties agree that modifications should be made, such modifications will be completed prior to the second call for applications.

Letter of Understanding re: Interpretation of Article 13 of the Local Faculty Agreement

The parties have a mutual concern that there is a relative inequity of severance pay for Regular Part-time employees. The current interpretation of Article 13.1.9 has the result that the amount of severance pay a Regular Part-time employee is eligible for varies from year to year based on their workload percentage at the time of layoff. The parties have agreed to interpret Article 13.1.9 as follows so that there is an averaging affect applied to severance pay for Regular part-time employees:

"Months severance pay" means the current full monthly pay at the employee's current step multiplied by the employee's average annual workload percentage for the past six duty years. If an employee has worked less than six duty years, or if the employee was on approved unpaid leave of absence or on Short-term or Long-term disability during the past six years, the average annual workload percentage is calculated over the number of duty years worked by the employee.

"Completed years of service" means the cumulative service an employee has in the bargaining unit, rounded to the lowest full completed year of service; e.g., 3.7 years of service equals 3 years of completed service.

MEMORANDUM of UNDERSTANDING

DEPARTMENT HEADS

The College of the Rockies (the College) and the College of the Rockies Faculty Association (CORFA) agree to pilot a revised organizational structure on a without prejudice basis for the period January 1, 2006, to December 31, 2009.

This MOU arises from a joint effort by CORFA and the College to address organizational issues related to the expansion of the College, promoting improved faculty satisfaction, collegiality, and engagement.

The parties agree to the creation of three full-time Department Head positions during the pilot period on the following basis:

2. The Department Head positions will be included within the CORFA bargaining unit.
3. The job description for the positions will include management responsibilities, including responsibility to hire, evaluate, and discipline employees who are members of CORFA or of CUPE.
4. The incumbents of the positions will have the full support of CORFA in carrying out their responsibilities. CORFA and the College recognize the unique role of the Department Heads: they are bargaining unit members whose first allegiance is to the College's success through the effective operation of their assigned portfolio. Department Heads contribute to that success by always first considering the needs of the College, the community and the students in their actions.
5. To the extent that certain new management responsibilities will be assigned to Department Heads, the parties agree that those new responsibilities will not be considered work of the bargaining unit if and when those responsibilities are subsequently assigned to management employees.
6. The parties enter into this pilot without prejudice on the issue of whether Department Head positions must be filled based on the current collective agreement.
7. The Selection Committee to choose the incumbents of these positions will include:
 - c. the Senior Instructional Officer (or designate) as Chair
 - d. a Dean of Instruction
 - e. a representative of the Human Resources Department
 - f. the President of CORFA (or designate)
 - g. another faculty member as chosen by the President of CORFA

7. The College agrees to fill these positions from within the faculty bargaining unit, except that where not enough suitable candidates apply, a person(s) may be hired from outside the bargaining unit. Should such a person(s) be hired, s/he would be a member of CORFA during her/his appointment as Department Head.
8. A Department Head will not represent CORFA or its membership on any committees, including the CORFA Executive, either within or external to the College.
9. During her/his time as Department Head, a faculty member will be evaluated per the College's Management Performance Review processes, not the faculty performance review process.
10. A newly appointed Department Head will serve up to a one-year probation period, during which time s/he may be returned to her/his faculty assignment if her/his performance does not meet the expectations of the College. Upon successful completion of probation, the Department Head will continue in that position for a period of three years.
11. The Department Head will never be expected to take action contrary to collective agreements the College has signed.
12. As Department Head, a faculty member will receive an annual stipend of \$5,105 (effective April 1/08 - \$5,212; effective April 1/09 - \$5,322), spread over 12 months. Her/his vacation entitlement will be 6 weeks and s/he will be entitled to scheduled professional development time of up to 10 days per year (the topic(s) of such professional development requires the approval of the Faculty PD Committee and the immediate supervisor). Vacation and professional development time will be scheduled by her/his supervisor in consultation with the Department Head.
13. When a Dean(s) is absent for an extended period, a Department Head may be seconded to the management group as her/his replacement on an interim basis.
14. The parties will assess the success of this pilot based upon whether this new organizational model achieves the dual goals of providing Deans the necessary support to expand the College, and of improving faculty satisfaction, collegiality, and engagement.
