Second Level Hearing – Within ten (10) working days from the date that notification pursuant to Article 28.04.02 is received, the President or his/her designate will ensure that a second level grievance hearing is scheduled and that the employee(s) and/or the Union are notified of the hearing date. The President or his/her designate will have the right to hold hearings as necessary and may require the attendance of any witness, or other person with knowledge of the grievance, or require the submission of written or other information that may be relevant to the grievance. A decision on the grievance and a justification of the decision shall be rendered to the employee and the Union within ten (10) working days from the date of the hearing.

If the decision of the President or his/her designate does not resolve the grievance, the Union, if it decides to carry the grievance to arbitration, shall, within (10) working days from the day the decision was received by the Union, refer the grievance to arbitration.

28.05 Stage Three – Arbitration

28.05.01

Should the decision of the President not be satisfactory to the Union, the Union may advance the grievance to arbitration provided it does so within ten (10) working days of receipt of the written decision.

28.05.02

If the grievance pertains to an individual grievance relating to posting and filling of positions, arbitration shall be by a single arbitrator and said single arbitrator shall be constituted under provisions of the Labour Relations Code. All other grievances shall be arbitrated by a three person arbitration board and such arbitration board shall be constituted in accordance with the following provisions:

28.05.02.01

In its written notice to the Foundation referring a grievance to an arbitration board, the Union shall advise the Foundation of its appointee to the arbitration board as well as advise the Foundation of the nature of the grievance, the clause or clauses of this Agreement upon which the grievance is based and the remedy requested.

28.05.02.02

The Foundation shall, within five (5) working days of the Union's notification, inform the Union of the name of its appointee to the arbitration board. The two members shall, within five (5) working days, appoint a third person who shall be chairman of the arbitration board.

28.05.02.03

If the Foundation fails to appoint its member within the time limit under Article 28.05.02.02, the appointment shall be made by the Minister of Labour upon the request of the Union. If the two members fail to agree upon a chairman within the time limit under Article 28.05.02.02, the appointment shall be made by the Minister of Labour upon the request of either party.

28.05.02.04

No person shall be appointed as a member or chairman of an arbitration board if the person is directly affected by the difference or if the person has been involved in an attempt to negotiate or settle the difference.

28.05.02.05

The arbitration board shall hear and determine the grievance and shall issue an award in writing. The decision of the majority is the award of the arbitration board but, if there is no majority, the decision of the chairman shall be the award of the arbitration board. The decision of the arbitration board is final and binding upon the parties and any person affected by it and such parties or person affected shall do or abstain from doing anything as required by the arbitration board.

28.05.02.06

The arbitration board may quash, confirm or vary any action taken respecting suspension, discipline or discharge.

28.05.02.07

The arbitration board by its decision shall not alter, amend or change the terms of the Collective Agreement.

28.06 Arbitration Board Expenses

Each party appointing a member shall bear the expenses of its respective member and shall bear one-half (1/2) of the expenses of the chairman of the arbitration board.

APPENDIX "A"

DEFINITION FOR HEALTH CARE PLANS

The group policy contains a number of definitions not listed here. The following definitions will be of greatest interest to employees.

Employee - a permanent employee working full-time hours who has achieved benefit status.

For the Weekly Indemnity Insurance - A person who is scheduled to work for the employer less than the minimum work week specified in the Unemployment Insurance Act is considered a part-time employee.

For other benefits - A person who is scheduled to work for the employer less than twenty (20) hours a week is considered a part-time employee.

Dependant - a spouse or a child who is a resident of Canada.

Spouse - Legal spouse or person continuously living with you in a role like that of a marriage partner for at least one (1) year.

Child - you or your spouse's unmarried child, excluding a foster child or a child who has attained age 21 (age 25 in the case of a full-time student wholly dependant on you for support).

A handicapped child who attains the limiting age may continue coverage as a Dependant if certain requirements are met. The employer can supply precise details.

Illness - bodily injury, disease, mental infirmity or sickness.

Hospital - an institution designated as such by law for the care and treatment of sick and injured persons, primarily in the acute phase of illness, which has organized facilities for diagnostic treatment and major surgery and which provides 24 hour nursing services.

It does not include a nursing home, rest home, home for custodial care of the aged or chronically ill, a sanatorium, a convalescent hospital or a detoxification facility for the treatment of substance abuse or beds set aside for any of these purposes in an institution which otherwise qualifies as a hospital.

Convalescent Hospital - an institution designated as such by law for the convalescent care and treatment, on an in-patient basis, of sick and injured persons, which provides 24 hour nursing services and regular medical supervision.

It does not include a nursing home, rest home, home for custodial care of the aged or chronically ill, a sanatorium or a detoxification facility for the treatment of substance abuse.

Totally Disabled - For the Weekly Indemnity Insurance - you are totally disabled if you are prevented by illness from performing the duties of your own occupation and do not engage in any occupation or employment for wage or profit.

For other benefits - you are Totally Disabled if you are in a state of incapacity due to illness which

1. while it continues during the elimination period and the following 24 months, prevents you from performing the essential duties of your own occupation at the onset of disability, and
2. while it continues after such period, prevents you from engaging in any occupation for which you are or may become reasonably qualified by education, training or experience.

Dependants are totally disabled if they are prevented by illness from performing their normal duties.

Accident - bodily injury occurring as a direct result of a violent, sudden and unexpected action originating from an outside source.

Appropriate Treatment - treatment which meets all the following conditions:

1. it is performed and prescribed by a Doctor, or when deemed necessary by the health plan provider, by a medical specialist;
2. it is of a reasonable and customary nature and treatment is provided with a frequency usually required for the condition;
3. it is not limited to solely examinations and/or testing.

Deemed Date of Retirement - if you become totally disabled, your date of retirement is deemed to be on your 65th birthday unless you actually retire earlier.

Waiting Period - 3 months of continuous employment.

Changes in Amounts

Your insurance may change if your status affecting the insurance changes. Such change is made on the day your status changes. If you are required to submit evidence of insurability to the health plan provider (i) on the date an increase would otherwise take effect, or (ii) on the date the group policy is amended to provide additional or increased benefits, any increase will only take effect on the first day you are actively at work.

If you are not Actively At Work:

1. on the date an increase would otherwise take effect, or
2. on the date the group policy is amended to provide additional or increased

benefits, any increase will only take effect on the first day you are Actively At Work.

Similarly, any increase in dependants insurance are delayed for dependants who are confined in a hospital or similar institution until the day they first ceases to be confined and are actively pursuing their normal activities.

1. for any life insurance benefit, for a period ending not later than 12 months (unless a longer period is approved by the health plan provider) during which the employee is absent from work due to illness,
2. for any other benefit, for any period the employee is absent from work due to illness,
3. for the period of the employee's scheduled paid vacation, but not exceeding 3 months,
4. for any period the employee is on maternity/parental leave, but not exceeding the period required under the relevant legislation,
5. for such period of notice as required on termination of employment under the relevant legislation, or
6. for a period ending not later than the last day of the calendar month following the month in which the employee is temporarily laid off or is granted a leave of absence for any reason other than illness, paid vacation or maternity/paternity leave.

Dependant Insurance

All dependant insurance ends on the earliest of:

1. termination of the employee's insurance,
2. the date a person ceases to be a dependant, and

3. the end of the period for which premiums are paid to the health plan provider for the dependant insurance.

A dependant's medicare supplement and/or dental insurance also ends on the date the employee elects to terminate such insurance, if the dependant is insured for comparable insurance under this or another group insurance policy.

In addition, any benefit may end on an earlier date specified in any such benefit provision.

Surviving Dependant Insurance

A dependant, whose insurance under this policy would otherwise end because of the employee's death, continued to be insured without further payment of premiums, subject to all other terms of this policy. Such insurance ends on the earliest of:

1. 24 months after the date of the employee's death,
 2. the date a person ceases to be a dependant other than as a result of the employee's death,
 3. the date the benefit provision for which the dependant is insured terminates,
- and
4. the date of termination of the policy.

Survivor Extended Insurance Benefit

The Benefit

If an employee dies while insured for the benefit and while his Dependents are covered under this policy, the health plan provider will continue the Dependent coverage for a period of up to 2 years. The Benefit Schedule shows which Dependent coverage will be continued under this benefit. Premium payments will be waived for this continued coverage.

Insurance Coverage Continued

The coverage continued on a Dependent will be the same as that which was in effect on the date of the Employee's death. This insurance will be subject to any age reduction or termination shown in the policy at that time.

Termination of Insurance

The maximum period for extended coverage is 2 years. Coverage on any Dependent ceases prior to this:

1. if the Dependent would cease to qualify as a Dependent, even if the Employee were still alive;
2. if the Dependent obtains similar coverage elsewhere; or
3. if this policy terminates.

APPENDIX "G"

PENSION PLAN

The Pension Plan for the Employees of the Edmonton Space & Science Foundation is a Defined Contribution Plan funded through Group Policy #88019005 with Manulife Financial.

PARTICIPATION

Eligible Employees

All permanent employees working full-time hours, following completion of a three (3) month probationary period (unless it is waived), and permanent employees who have achieved benefit status are eligible to join the Plan and contributions can commence at any time during the first (1st) year of service. After completion of one (1) year of service, participation in the Plan is compulsory.

CONTRIBUTIONS

(a) Employee Contributions

Employees will contribute 3.5% of their salary up to the YMPE under the Canada Pension Plan and 5% of that portion of their salary which is over the YMPE.

(b) Foundation's Contributions

The employer will contribute 4.5% of the employee's salary up to YMPE under the Canada Pension Plan and 6% of that portion of the employee's salary in excess of the YMPE.

(c) Calculations for Permanent Employees

Calculations for permanent employees who have achieved benefit status will be based on the last calendar year earnings.

(d) Employee Voluntary Additional Contributions

Employees may also make voluntary contributions to their **current** year of service provided that the total of the employee's required and voluntary contributions does not exceed the Income Tax Act limits.

ACCOUNTS

There will be three Accounts established for each member. Employee required contributions will be credited to the **Member Account**. The Foundation's contributions on behalf of the member will be credited to the **Employer Pension Account** and employee's voluntary additional contributions will be credited to the member's **Voluntary Account**.

Monies allocated to the three Accounts described above will be invested until retirement, death or termination.

RETIREMENT PENSION

The employee's pension at retirement is the amount that can be purchased at that time with the accumulated values in their Accounts.

Neither the amount available to purchase the pension, nor the purchase rates in effect at that time, can be forecast with any reasonable degree of accuracy. However, once the employees retire and their pension is purchased, their pension is then fully guaranteed.

Various options are available as described below. In all cases, the amount of pension that can be purchased will depend on the accumulated value of the employee's Accounts.

NORMAL RETIREMENT DATE

Employees will normally commence receiving their pension payments at age 65.

OPTIONAL RETIREMENT DATE

- * Since the personal circumstances of individuals vary, the Normal Retirement Date of age 65 may not always be appropriate. To recognize this situation, an employee can elect to take an early retirement any time after age fifty-five (55).

NORMAL FORM OF PENSION

Employees receive their monthly pension for as long as they live. For an employee with a spouse at retirement, the pension will reduce, on the death of either, to 60% of the monthly amount that was payable while both were alive and will continue at this reduced level for the lifetime of the survivor.

For employees without a spouse at retirement, the monthly pension will be paid for their lifetime with guarantee of 120 monthly payments. If the employee dies before the end of this period, their appointed beneficiary will receive the remaining payments.

The monthly pension will be adjusted at intervals of not more than 12 months to reflect excess

earnings on investments and other cost adjustments designated by the insurer as being applicable to this class of contract.

DEATH BENEFIT PRIOR TO RETIREMENT

On the death of employees prior to retirement, their appointed beneficiary will receive the accumulated value of all their accounts. If the employee has a spouse, that spouse may be entitled to a death benefit regardless of the employee's beneficiary designation.

TERMINATION BEFORE RETIREMENT

Upon termination of employment of the employees, the accumulated value of their accounts will remain in the Plan to provide for pension benefits at retirement. If employees participate in another Uniform Pension Plan at some future date, the accumulated value of their accounts may be transferred to the new pension carrier.

Employees may elect to take up to twenty-five (25%) percent of the value of their required contributions made prior to January 1, 1987, and all of their voluntary contributions in cash. The remainder of the value of their required contributions and voluntary contributions, if any, together with the value of your contributions made on their behalf will be left in the Plan to be applied to provide a pension at retirement. Employees also have the option of transferring the accumulated value of all their Accounts to another Registered Pension Plan or to a Registered Retirement Savings Plan.

Terminated employees can receive their pension on their normal retirement date but may, with the Foundation's consent, elect an Early or Postponed Retirement.

IMPORTANT NOTE: For further information regarding your benefits, please refer to the Master health plan provider or Manulife Financial Policy.
