Shift preferences will be based upon the employee's seniority and qualifications in the case of posted open and general shift bids. All employees will be subject to the standard rotation and site staffing requirements, as per Management's discretion. The minimum hours of pay for any shift for which an employee is dispatched shall be three (3) hours providing the employee is not removed for just cause. This clause may be amended by mutual agreement.

Employees who are scheduled to work split shifts will only be scheduled up to a maximum

of two (2) hours between shifts and no more than two shifts

The Company will arrange shift schedules to meet its contractual commitments and to cater to the fluctuations and changes to airline schedules, airport schedules or other obligatory requirements. Management and the Union will get together to conduct this bid.

6.01.01 The Company will determine the staffing requirements and will jointly develop a shift schedule for each classification with the Union Scheduling Committee which will be comprised of the District Chairperson and one (1) Union designate. This review will take place as soon as possible prior to the posting of the schedules pursuant to Article 6.02.02. Should the joint committee be unable to agree upon a schedule, the company will implement one. Time required by the Scheduling Committee for the purpose of reviewing the requirements/schedules will, for the purposes of Articles 18.03.01 and 18.03.02, be considered as time spent attending meetings with the Company.

6.01.02 The Company and the Union agree that a modified (compressed) work week may be implemented where it is mutually agreed between the Station Manager and the Union members of the Shift Committee. The modified

work week must not result in increased costs to the Company.

In any schedule, the total number of days off in the schedule will not be less than the following:

Average Length of Work Day	Days Off	An Example of a Sample Rotation
8 hours	2/7ths	5 on/2 off
8 1/2 hours	1/3rd	6 on/3 off
9 hours	3/8ths	5 on/3 off
10 hours	3/7ths	4 on/3 off
12 hours	7/14ths	7 on/7 off

6.02 Shift Schedules – will be developed in accordance with the following

6.02.01 Shift Schedules will be posted at least seven (7) calendar days, or such shorter period by mutual agreement between the Company and the Union District Chairperson. The scheduling committee will review the schedule for a minimum of 4 hours prior to implementation and will continue in effect until a change is required by the Company unless the Company does not have sufficient notice from the customer to meet the requirement. It is understood that these changes should be kept to a minimum as necessary to accommodate changes to staffing requirements. The Union may also request changes to schedules and such requests will be given serious consideration by

the Company. There will be a minimum of two (2) schedule shift bids per year.

6.02.02 Assignment to shifts developed for each classification through the provisions of Article 6.02 and the handling of vacancies on new shifts will be handled by seniority bid within each classification. Residual vacancies within the classification(s) will be handled in accordance with Article 12. Employees, who throughout the bidding process move from full-time to part-time, or vice versa, must stay in that category for the duration of that shift bid schedule, unless mutually agreed to by the Company and the Union.

For clarification, all applicants must possess the qualifications required for the vacancy they are applying into.

6.02.03.02 For the purposes of bidding in Passenger Service Lead /Passenger Service Senior Lead classifications under Articles 6.02.03 and 6.02.03.01, “seniority” will be the time the employee has been a Passenger Service Lead /Passenger Service Senior Lead. A date will be established based on the date the employee starts in the classification. When the employee leaves and then returns to the classification, this date will be adjusted on a day for day basis to account for time the employee was not in the classification. Retention of time accrued in the classification will be for a period equal to the employee’s time in the classification. For example, for an employee who has accrued 2 years as a Passenger Service Lead /Passenger Service Senior Lead and then leaves the Passenger Service Lead /Passenger Service Senior Lead classification, the 2 years “seniority” would be retained for 2 years. If the employee returns to the Passenger Service Lead /Passenger Service Senior Lead classification after 1 year, Passenger Service Lead /Passenger Service Senior Lead “seniority” date would be adjusted by 1 year and they would recommence accruing “seniority.” If the employee did not return during the 2-year retention period, their Passenger Service Lead /Passenger Service Senior Lead “seniority” would be eliminated.
